PRESIDENT ISSUES WARNING TO MEXICO

Factions Must Compose Differences or United States Will Take Hand to Restore Order

Washington, June 2.—In a statement to the American people today President Wilson served notice on the factional leaders of Mexico that unless within "a very short time" they united to set up a government which the world can recognize, the United States "will be constrained to decide what means should be employed by the United States in order to help Mexico save herself and serve her people."

Signaling a change from the "watchful waiting" policy, which has guided relations with Mexico for more than two years, the president's statement was regarded everywhere in official diplomatic quarters as notice of a new and vigorous policy to restore peace below the Rio Grande.

Everywhere it was interpreted as a warning that the patience of the United States is exhausted. What steps the president is prepared to take if his warning goes unheeded, is not disclosed in the statement. In high official quarters, nevertheless, no doubt existed that the president is prepared to proceed.

Text of the Statement.
The statement, which goes to Carranza, Villa, Zapata and Garza, the principal leaders, not as a diplomatic note from the United States, but as a declaration of President Wilson's attitude, expressed in a statement to the American people is as follows:

"For more than two years revolutionary conditions have existed in Mexico. The purpose of the revolution was to rid Mexico of men who ignored the constitution of the republic and used their power in contempt of the rights of its people and with these purposes the people of the United States instinctively sympathized. But the leaders of the revolution in the very hour of their success have disagreed and turned their arms against one another.

"All professing the same objects, they are, nevertheless, unable or unwilling to co-operate. A central authority at Mexico City is no sooner set up than it is undermined and its authority denied by those who were expected to support it.

No Nearer Solution
"Mexico is apparently no nearer a

solution of her tragical troubles than she was when the revolution was first kindled. And she has been swept by civil warfare as if by fire. Her crops are destroyed, her fields lie uncultivated, her work cattle are confiscated for the use of the armed factions, her people flee to the mountains to escape being drawn into unavailing bloodshed and no man seems to see one to lead the way to peace and settled order. There is no proper protection either for her own citizens or for the citizens of other nations, resident and at work within her territory. Mexico is starved and without a government.

Cannot Be Indifferent.
"In these circumstances people and the government of the United States cannot stand indifferently by and do nothing to save their neighbor. They want nothing for themselves in Mexico. Least of all do they desire to settle her affairs for her, or claim any right to do so. But neither do they wish to see utter ruin come upon her and they deem it their duty as friend and neighbors to lend any aid they properly can to any instrumentality which promises to be effective in bringing about a settlement which will embody the real objects of the revolution—constitutional government and the rights of the people. Patriotic Mexicans are sick at heart and cry out for peace and for every sacrifice that may be necessary to procure it. Their people cry out for food and will presently hate as much as they fear every man in their country or out of it, who stands between them and their daily bread.

Time to Declare Policy.
"It is time, therefore, that the government of the United States should frankly state the policy which in these extraordinary circumstances it becomes its duty to adopt. It must promptly do what it has not hitherto done or felt at liberty to do—lend its moral support to some man or group of men, if such may be found, who can rally the suffering people of Mexico to their support in an effort to ignore, if they cannot unite, the warring factions of the country, return to the constitution of

MRS. DETZER ACCEPTS WOMEN'S NOMINATION

Permits Name to Be Presented as Candidate for School Trustee.

Mrs. Clark Fairbank, chairman of the committee for the selection of a woman candidate for school trustee, has received a message from Mrs. A. J. Detzer, who is at Leland, Mich., for a few days, accepting the nomination.

Mrs. Detzer was the unanimous choice of the members of the committee, and, though it was known that she did not seek the place and would have much preferred that another make the race, it was the consensus of opinion of the members of the committee that no woman could have been selected who is better qualified for the position.

The women are leaving nothing undone in their effort to secure Mrs. Detzer's election at the meeting of the city council next Tuesday evening. Mrs. Detzer's candidacy has been endorsed by many of the leading and most influential men of the city, besides having the united support of the women. Thousands of names have been secured to petitions urging Mrs. Detzer's election.

Mrs. Detzer is expected home from Leland the latter part of the week.

DISCUSSES IT WITH WILSON

Count Bernstorff Has Talk With President on Diplomatic Crisis.

VISIT A FRIENDLY AND CORDIAL ONE

White House Will Make No Statement on German Ambassador's Call.

ATTACK ON GULFIGHT MISTAKE, SAYS BERLIN.
Berlin, June 2.—The German government has transmitted a communication to James W. Gerard, the American ambassador at Berlin, explaining that the torpedoing of the American steamer Gulfight off the Solli islands on May 1 was a mistake. Germany disavows any intention of attacking harmless neutral ships, and in cases where she is at fault, she offers to compensate.

Ambassador Gerard was informed two days ago by the German admiralty staff that the Gulfight had been torpedoed in error, the commander of the submarine not noticing the American flag until after he had given the order to fire. The communication from the German government referred to in the above dispatch, evidently is in line with the policy of Germany as outlined in the German answer to the American note on the Lusitania incident and as carried in other dispatches from Berlin.

Washington, June 2.—Count Bernstorff, the German ambassador, had an audience with President Wilson today at noon. The president received the ambassador in the historic blue room.

The ambassador motored to the white house through a downpour of rain. The president, wearing a cutaway suit, appeared in the blue room promptly at 12 o'clock. The ambassador was in a formal frock attire, Isaac Hoover, the chief usher at the white house, announced the ambassador.

The president and ambassador sat down in the davenport overlooking the Potomac and began a conversation. Inasmuch as it was of an informal character no announcement concerning it was expected to be made. It was expected the object of the call was to gain from the president an idea of the points in the last American note which the United States is determined to insist

CHICAGO GIRL SUES PRINCE FOR DIVORCE

New York, June 2.—Papers in a divorce suit brought by the Princess Evelyn Engeltcheff, formerly Miss Evelyn Partridge, of Chicago, against Prince Nicholas Engeltcheff, were on file with the county clerk today. Although papers were served on the prince when he arrived here Monday from France, news of the suit did not become public until today.

The princess, who was the daughter of C. W. Partridge, a Chicago merchant, seeks restoration of her maiden name and the custody of her son, thirteen years old. The prince was conspired with the Russian consulate at Chicago in 1908, when he met and married Mrs. Partridge.

WOULD YOU LIKE TO AID SUFFERING LAD?

The Bloomingdale Parent-Teacher Club Interested in Worthy Case.

Would you like to aid a suffering lad, now in the Lutheran hospital held fast in the pitiless grip of lockjaw? The Bloomingdale Parent-Teacher club, of which Mrs. E. H. Moeller, Fourth and Calhoun streets, is president, and Mrs. W. O. Granger, 501 High street, is secretary, has interested itself in the matter. It has done much, but it is badly in need of financial assistance.

The case is that of Harold Davis, 14 years old, whose home is on High street. The family is in a straitened circumstance. Two weeks ago, while riding to school in company with a smaller lad the Davis boy, as the wagon stopped, attempted to lift his smaller companion from the vehicle, but himself fell in such a manner as to be painfully injured.

Later lockjaw developed, and the boy was taken to the hospital. A special nurse is absolutely necessary for the case, and there are no funds with which she can be provided. This is the appeal that has touched the hearts of the north side ladies, and they invite contributions of funds from those who feel disposed to assist in this worthy work. Contributions mailed to The Sentinel or left at the office of this newspaper will be promptly acknowledged and turned over to the Bloomingdale Parent-Teacher club for disbursement to aid the Davis lad.

Mrs. W. A. Bayer, 527 High street, has started the list with \$2.50. Who will be the next?

WEATHER SUMMARY FOR MONTH OF MAY

During the month of May there were 189 hours of actual sunshine in Fort Wayne, according to the summary just issued by Patrick McDonough, local forecaster. There were four clear days; six partly cloudy days and twenty-one cloudy days.

The highest temperature was on May 12, when the thermometer registered 81 degrees, while the lowest was on May 5, when the mercury went down to 35 degrees.

The total precipitation for the month was 4.00 inches, while the greatest precipitation in twenty-four hours was 1.40 on May 28 and 29. There were thunderstorms on May 3, 15, 21 and 24.

CONVICTED WOMAN GETS A LIFE TERM

Muskegon, Mich., June 2.—Mrs. Albert Steele, found guilty of murdering her 11-year-old stepdaughter, was today sentenced to life imprisonment in the Detroit house of correction. The child was strangled to death.

As a result of a statement made by Mrs. Steele shortly before sentence was passed upon her, her husband, the father of the dead girl, was taken into custody in connection with the crime.

PART OF BRAIN BLOWN AWAY; ABLE TO TALK.

South Bend, Ind., June 2.—Gustave Oman, aged 28, residing north of LaPorte, was struck on the head by a stump, blown from the ground by dynamite, last night, and suffered a fracture of the skull. Although part of his brain was blown away, he recovered consciousness and was able to talk with his family. Recovery is not expected.

OVER 300,000 TAKEN IN MAY

Berlin Reports Capture of a Tremendous Total of Russian Troops.

TEUTONIC GRIP ON PRZEMYSL TIGHTENS

Rumania Said to Be Mobilizing an Army of One Million Men.

Today's War News Given in Summary.

The Austro-German grip on Przemysl is tightening. The official announcement from the Berlin war office today states that further entrenchments to the north of the city have been completed, although the Russian military authorities assert that attacks on these outlying fortifications have been repulsed. The German war office also announced that during the month of May more than 300,000 Russians were taken prisoners.

Severe fighting occurred yesterday on the western end of the Franco-Belgian front, north of Arras. The French war office claims that the allies penetrated Neuville and captured several houses, as well as trenches near the town. The Berlin announcement, however, asserts this attack was repulsed.

The British steamer Sadie from Alexandria, Egypt, for Liverpool, was torpedoed yesterday in the North sea. Seven persons, including a woman, were drowned and forty-one survivors were landed at Chatham.

The addition of Bulgaria and Roumania to the ranks of the allies is indicated by a dispatch from Bucharest to Paris, stating that Bulgaria has obtained territorial grants from Roumania and is about to conclude similar negotiations with Russia. Under this plan, it is said Roumania will go to war against Austria and Bulgaria against Turkey.

Berlin, June 2.—The German army headquarters announced today that more than 300,000 Russians had been captured during the month of May. Announcement also was made that further Russian entrenchments near Przemysl had been captured. The war office gave out the following statement:

"We shot down a British flying machine at Bixchoote. The occupants, a Belgian and a British officer, were taken prisoners."
"The sugar refinery, east of Souchez, into which the French penetrated yesterday afternoon, has been recaptured."

INDIANA ITALIANS CALLED TO COLORS

Clinton, Ind., June 2.—All Italians in Indiana between the ages of 20 and 30 years have been called to the colors and are urged to report at once to Dr. A. Salaroglio, vice-consul of the Italian government in Indiana, he announced at his home here today.

He said the Italians would have to report to him or the consul in Chicago or Cincinnati for physical examination before being accepted as soldiers and that the government would pay all the expenses of their march to the battlefield.

YEGGS BATTER SALOON SAFE

Bold Attempt in Business Center Interrupted by Night Watchman.

BURGLAR FIRES TWICE AT OFFICER

Cracksmen Flee Without Loot After Removing Combination.

Another bold job by yeggs in the downtown business center was attempted early Wednesday morning when a burglar was interrupted while trying to batter his way into the safe at the George I. Kuster saloon, 124 West Main street, and Merchant Policeman Ed Brockmeyer was fired at twice by the robber, who then, with a confederate stationed in front as the lookout, escaped.

The safe had been attacked with a heavy sledge stolen from the Nickel Plate railway—a bolt-maker's punch. The combination knob had been battered from the safe when Watchman Brockmeyer interrupted operations, but the safe had not yet been opened.

Ran Into Waiting Yegg.
It was at 3:40 Wednesday morning that Merchant Policeman Brockmeyer made his periodical inspection of the rear door of the saloon and found it partly open. This door opens directly into the pool room of the establishment. Brockmeyer had proceeded but a few feet when a man arose from behind a pool table nearer the front of the room and commanded Brockmeyer to halt, following this with some words the policeman did not understand. Almost immediately the man began to fire, discharging two shots from a revolver. Neither shot hit the officer, as he quickly backed out of the room into the alley.

Men Escape to the West.
Brockmeyer says he saw no more of the man, but employees of the Lieben-guth restaurant just west, say they saw the man come out and run west in the alley, cross Harrison street and then dash west on Pearl street.

Entrance had been gained through a window on the west side of the saloon, and the man who shot at Brockmeyer probably made his exit that way. It is believed by the police that this window was unfurnished some time Tuesday by a confederate of the robbers.

The lookout stationed in front of the saloon on Main street took alarm from the firing and fled to Harrison street.

HOOSIER EDITORS IN ANNUAL OUTING

Indianapolis, June 2.—More than a hundred Indiana democratic editors and their wives and friends left here today on an interurban car for South Bend on their annual outing. After a banquet and vaudeville entertainment at South Bend tonight and an automobile ride about the city tomorrow the editors will go to Hammond for another banquet tomorrow night. Friday morning they will have another automobile trip, visiting Whiting and East Chicago. A boat trip to St. Joseph, Mich., and an automobile trip through the fruit belt was the program for Saturday, the start for home to be made late in the afternoon. Lew M. Bannan, of Corydon, is president, and G. M. Hazen, of Brookville, is secretary of the association.

TWO MORE NATIONS READY FOR PLUNGE

Paris, June 2.—4:20 a. m.—Bulgaria and Roumania have arrived at a complete understanding, according to a Bucharest dispatch to the Petit Parisien, Roumania having agreed to cede territory in Dobrudja. The two countries will enter the war simultaneously, the dispatch says, Roumania against Austria and Bulgaria against Turkey. The army staffs of the two powers are said to be busy co-ordinating military plans.

Negotiations between Roumania and Russia over the lines of the Pruth and of Banat are said to be virtually complete. If Russia accepts Roumania's proposals the latter country is declared to be ready to begin hostilities without delay.

Dobrudja is a part of Roumania, bounded on the east by the Black sea and on the north and west by the Danube. Its area is about 4,000 square miles. It was detached from Bulgaria in 1878.

The Pruth river forms the boundary line between the Russian territory of Bessarabia and Moldavia, part of Roumania.

Banat is a region in southern Hungary bordering on the east on Roumania and on the south on Serbia. It is one of the most fertile districts in Europe. The chief town is Temesvar.

STILL MORE CONFUSING.

Petrograd Reports Dispute Austro-German Claims in Galicia.

London, June 8.—The status of military operations in Galicia is made still more confused by the latest official report from Petrograd. To the north of Przemyśl, where important successes for the Austro-German forces are claimed at Berlin and Vienna, it is said the Russians repulsed their opponents with enormous losses. The Russian war office acknowledges that one fort was broken into, but declares the attackers were subsequently expelled.

Consistent successes all along the eastern front are claimed by the Austrians and Germans, who state specifically that three forts north of Przemyśl were captured.

The Belgian army is once more in the thick of battle. A statement from the Belgian war ministry indicates that the Germans are assaulting their portion of the front. It is said, however, that the Germans were unable to advance and that they suffered from a heavy fire of guns massed by the Belgians.

ANOTHER IS TORPEDOED.

Seven Members of British Steamer Saisidh Die in North Sea.

London, June 2.—(2:15 p. m.)—The British steamer Saisidh, from Alexandria, Egypt, for Liverpool, was torpedoed yesterday in the North Sea. Seven members of the crew, including a stewardess, were drowned. Forty-one survivors were landed today at Chatham.

The Saisidh was owned by the Khedivial Mail Steamship company, of London. She was formerly the steamship Pretoria. She was built in Dunbarton, Scotland in 1878, was 350 feet long and of 1,984 tons net.

MUST NOT DISSIPATE.

Order of Berlin Military Authorities to Soldiers Draught.

Berlin, June 2.—The military authorities have issued an order applicable to Berlin forbidding both officers of all rank and private soldiers from visiting any of the large number of "luxury restaurants and cafes" in Berlin, as well as all bars and wine rooms.

The order points out that the purpose of furlough granted officers and men—physical recovery from the rigors of life at the front and the recuperation of nerves and body—is seriously endangered by visits to these restaurants and wine rooms. A number of west end resorts catering especially to the military will be hard hit by this regulation.

\$65,000,000 CHECK LARGEST DRAWN HERE

New York, June 2.—A check for \$65,000,000, regarded by New York bankers as the largest ever drawn in this country, was on deposit to the credit of the Pennsylvania Railroad company in a local bank today.

It was drawn by Kuhn, Loeb & Co. yesterday in payment for general mortgage 4½ per cent bonds issued by the railroad company and sold on public subscription after being underwritten by a syndicate formed by the bankers.

It was deposited by officials of the Pennsylvania in the bank on which it was drawn.

GOLDSTEIN TO SPEAK AT THE MAJESTIC

David Goldstein, of Boston, Mass., will lecture on the subject of "Christianity vs. Socialism" at the Majestic theater, Wednesday evening, at 8 o'clock. The speaker will present his subject from the viewpoint of the broad social, economic and religious principles.

Mr. Goldstein was at one time a member of the socialist party and a candidate of that party for mayor of Boston. He is now an anti-socialist orator of national reputation.

As all expenses of this lecture are defrayed by the Knights of Columbus there will be no admission charged. The public is cordially invited.

PONTO THE PURP.

GEORGE R. WICKWIRE OF ANGOLA, DIES HERE

George R. Wickwire, president of the Angola Bank and Trust company, died Tuesday afternoon at 4:30 o'clock at the Lutheran hospital, where he had been a patient for the past ten days. Death followed an extended illness and was due to nephritis. He had been ailing for many years.

Mr. Wickwire was born in Angola sixty-eight years ago and had resided there his entire life. Before entering the banking business he was a dentist. He was a member of Steuben county's most prominent families and his father, George Wickwire, sr., was engaged in the banking business for many years.

The deceased was a member of the Masonic and K. of P. lodges at Angola. Besides the widow he is survived by the following brothers and sisters: Thomas S. Wickwire, former senator from Steuben county; Dr. Gary Wickwire, in the government service; Charles Wickwire, of near Angola; Henry Sanders, of Steuben county; Mrs. Thomas Miller, of Angola; Mrs. William Elston, of Angola, and Mrs. Daniel Lewis, of Waterloo.

The body was shipped to Angola for burial.

MILLIS WRITES FOR MORE INFORMATION

Colonel John Millis, head of the board of army engineers, has written to Perry A. Randall asking for additional information regarding the proposed Toledo, Fort Wayne and Chicago barge canal. Referring to the recent meeting in New York he says: "The New York meeting was most interesting and illuminating. It has led to so much more in the lines of inquiry that a very early completion of our report and recommendations look like a more formidable task than it appeared at one time. The object of the New York conference was primarily to get the views of representatives of some of the principal commercial organizations in the east and of the New York Waterways association, especially as to the relations of our canal to the New York barge canal."

CHAMP WOULD SEND JINGOES TO EUROPE

Oklahoma City, Okla., June 2.—Speaker Champ Clark in an address before a local democratic organization said in connection with Germany's reply to the American note:

"President Wilson should not be hampered by anybody going about the country giving out interviews about what should or should not be done.

"If I could reach out and grab by the neck every jingo in the country and put them into the trenches in Europe I would be glad to do it."

FIGHT WILL BE MADE TO KEEP COMPANY D

Action of War Department in Withdrawing Property Causes Surprise.

Members of Company D, Third regiment, Indiana National Guard, will meet Wednesday evening at the armory on West Berry street to take action regarding the official orders received late Tuesday afternoon from the chief of the division of military affairs at Washington, D. C., transmitted through the adjutant general of Indiana to Capt. J. E. Miller in withdrawing all state and national property now in the possession of the local company.

Immediately upon receipt of the order Captain Miller conferred with Congressman Cyrus Cline, who sent a dispatch to the chief of the division of military affairs in the war department, urging him to vacate the order to disband Company D. A reply is expected late Wednesday afternoon, which will be made public at the meeting of the company called for Wednesday evening.

Various local organizations, including the Commercial club, and prominent citizens will be asked to make protest to the war department urging the vacating of the order, which, if carried out, will result in Fort Wayne virtually being without representation in the national guard of Indiana since the abolishment of Battery B by order of Governor Ralston some months ago.

The action of the federal government in withdrawing of all state and national property now in the possession of the local company came like a thunderbolt out of a clear sky. It was wholly unexpected, especially in view of the compliments paid to the local officers by Lieut. Philip Remington, U. S. A., who inspected the company, its quarters, books, officers' quarters and the efficiency of the command from a military point of view on Monday evening, May 8.

Col. A. L. Kuhlman, connected with the headquarters of the Third regiment, I. N. G., at Auburn, has forwarded a letter to the adjutant general of Indiana at Indianapolis protesting against the action of the war department. In his letter he stated that the last federal inspection of Company D, Third regiment, was made very soon after Captain Miller, formerly a very capable battalion commander in the guard, agreed to assume the task of rejuvenating the company and before he had a fair opportunity to weed out unsuitable material and replace it with better. He says that he visited the company some weeks ago and was very agreeably surprised with the much improved conditions, the optimistic atmosphere, the quality of the new personnel, and he expects, if given the opportunity, that Company D will take rank at or very near the head of the regiment, so far as actual efficiency is concerned.

CALLS ROOSEVELT A POOR LIFE RISK

Detroit, June 2.—Theodore Roosevelt is not bothered with life insurance agents, in the opinion of Dr. W. M. Donald.

"Mr. Roosevelt is no good as an insurance risk; he is afflicted with the modern disease of the better classes—high blood pressure that comes from high pressure, socially, economically or politically," said Dr. Donald before the twenty-ninth annual clinic of the Detroit College of Medicine and Surgery. "Teddy's blood pressure is too high," added Dr. Donald. "It should be about 150, but runs over 200, and he isn't popular with insurance agents for that reason. I don't deny he is healthy."

Mr. and Mrs. Thomas E. West have sold their property at 1203 Scott avenue, and are making preparations to move to Chicago, where they will make their future home.

Mrs. Mary Nierman, mother of Justice of the Peace August C. Nierman, is seriously ill at St. Joseph hospital.

LIKE SAILING ON BEAUTIFUL LAKES

Gilson Gardner Describes Trip Through the Panama Canal.

(By Gilson Gardner.)

On Board S. S. Finland, en route Panama to San Diego, May 16.—Going through the Panama canal is like sailing through two moderate sized beautiful artificial lakes. One is about eighteen miles long; the other about nine miles. The waters are placid, the shores are indented and covered with wonderfully variegated tropical growth. Sometimes they are distant and sometimes a few feet from the steamer. When close, a bird chorus, as of hundreds of little canaries, is heard. At first there are swampy looking flats, and later quite respectable hills—all very picturesque and pleasing. Snags and the bare skeletons of dead trees, killed by the rising waters, mark the beach in places; but these are rapidly rotting and dropping into the water.

Of course there are the looks, like stairways at each end of the lake—at first three big steps to get up into the first big lake, eighty-five feet above the Atlantic, then two steps down to get into the smaller lake; and then three steps down to the sea level canal. Orderliness is the keynote of the locks. All moves like clockwork. The big ship slips into the cement tank; the gates close behind without a jolt or a jar, the water wells up mysteriously from beneath, and the happy looking negroes carrying the bawler line look up and smile. Nobody seems to be doing anything. Everything happens by magic, of its own accord. The mother whose husband is a canal employee, comes down with the baby in her arms and watches the ship through, much as the country dweller goes to the station to see the evening accommodation arrive and depart. The baby waves at the passengers and the passengers think of babies at home and wave back.

The Culabra cut is still difficult of passage. The dredges and blasters were at work when we went through and there were five minutes when the Finland was on the bottom and passengers wondered whether it would get off. The captain's one idea after leaving New York was to get past the point of a possible block by slides. Any delay must come at the Pacific end of the ditch. So at Panama (Balboa and Ancon) we anchored for a night and a day, and the passengers went ashore and bought Panama hats, pongee silk, Palm Beach suits and things to eat. Some stopped at the government hotel, the Tivoli, and are willing to give a testimonial to Uncle Sam as hotel-keeper. It was clean, cool, comfortable, well appointed with good food at reasonable rates.

The heat at the canal zone was actually less than before arriving and after leaving there. Soon after leaving New York blankets and wraps are discarded and for many days the weather is tropical. Off the gulf the ocean water was "Fahrenheit" and the air much hotter.

Before these trips are a complete success from the point of view of the pleasure-seeker (a majority of our passengers were such) several things will have to be done. There must be more stops and more time at the stopping places. A stop at Jamaica will no doubt be found to be desirable and at least a day and night in the canal zone, giving time to see the interesting city of Panama and the ruins of old Panama. Opportunity to have laundry done should be included. The journey up the Pacific coast would well be broken by a stop somewhere, or at least it might be made near enough to land to permit the passengers to see shore. One of the earlier boats did take the shore route and passengers booked for the Finland were shown an enthusiastic letter from one of the passengers on that ship telling of the attractions of the coast. By some coincidence the same letter was read at the steamship offices in Boston, New York and Washington. But the Finland never got closer than fifty miles to this interesting shore and most of the time no land was visible.

Shortly before leaving Panama Saturday afternoon word came that the Lusitania had been torpedoed. Whether or not the report was true, or what was the loss of life was unknown until the following Friday morning when the wire-

CLICK OF MOVIE CAMERA PLAYS WEDDING MARCH AT HER MARRIAGE.

MRS. H. B. SHIPLEY.

Los Angeles, June 1.—"The Bride Shop" is a playlet in which brides are made. For two years this show has been before the vaudeville public making brides on the stage. But recently it produced a really-true bride, Beatrice Hoover, a member of the company, and H. B. Shipley, manager of "The Bride Shop," were married before a movie

camera. The click of the camera accompanied the wedding service in place of the soft strains of Lohengrin. The wedding was the climax of a romance begun when the two young people joined the same theatrical company. Eagerness to preserve the scene of their marriage ceremony decided the two on the novel substitution of a movie camera for the usual altar.

less brought an answer to a message sent to the Port Arthur (Texas) station. For nearly a week while sailing up the Pacific coast of Central America, and Mexico the wireless had no land stations with which to work. The wireless apparatus is less effective in the tropics. What is called "static" settles down in the hot, moist air and seems to muffle the other waves. A machine which under favoring conditions will send and receive 3,000 miles can reach hardly more than fifty. The high volcanic mountains such as those along the Mexican and Central American coast also act as a barrier against stations on the other side of them. So the operators say.

When the ancients would have regarded as a "portent" was viewed by the passengers of the Finland Sunday evening, May 9. Suddenly the eastern heavens were lighted up with a glow as if a rocket, a hundred times brighter than any human rocket, had burst behind a thin tropical cloud. Then from behind the cloud a ribbon of fire seemed to be let down toward the earth and at the end a glowing ball, as of molten metal hung suspended for what seemed a full second and then fell to the sea.

In the southern Pacific waters the ship encounters many sea-going turtles, big, brown fellows, swimming along fifty miles from shore with heads and heads out of water. Some are three and four feet in length. There are occasional schools of porpoises and dolphins, and a small fish which looks like the herring, but leaps like the water like the dolphin. Little flying fish, blue and resplendent humming birds, are aroused by the ship's prow and go skimming over the waves. One evening in southern waters, while the Finland was out of sight of land two chimney swallows came aboard. They were seen identified by the secretary of the Audubon society, who chanced to be among the passengers. He said they were migrating north and would probably take a ride on the boat until morning. He also identified a petrel from the Massachusetts coast.

THE KAISER-BEFORE THE WAR AND NOW

The latest picture of Emperor Wilhelm of Germany showing how the strain of war and his recent illness has told on his face. At the left is the Kaiser's favorite pose taken before the war. In the center is the most recent picture of the German ruler, caught while he was traveling between battlefronts. At the right is an enlargement of the face shown in the center. Note the hollow cheeks as compared to his healthy and strong appearance in the picture at left. The many worries of the war seem to have transformed him into an old man. That the Kaiser has not broken down completely from the immense strain of his position is all the more remarkable because he is not enjoying the best of health.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and straggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everyday uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

PIERCETON MAN INSANE.

Frank Humphries, the Ready-Made Lawyer, Menaces County Officials.

Warsaw, Ind., June 2.—Frank Humphries, a well known resident of Pierceton, has been declared insane and is now confined in the county jail, following his sensational attempt Tuesday to wipe out most of the official staff in the Kosciusko county court house, armed with a revolver. Humphries entered the office of County Clerk C. D. Longenecker and presented some extravagant demands. Before he could use his revolver Sheriff Huffer, who had been in search of the man, seized him. Recently Humphries had written letters to Judge F. E. Bowser, of the circuit court; County Treasurer A. J. Logan, prosecuting attorney Homer Longfellow and County Clerk Longenecker charging them with violations of the constitution of the United States. Humphries recently visited Fort Wayne and purchased the revolver. Some months ago Humphries attracted attention by appearing as his own attorney in a divorce suit brought by his wife. He lost out, but since that time had kept a single out at Pierceton announcing himself a lawyer.

ALMOST A HOLY ROLLER RIOT.

"Rev." and Ex-Mrs. Bill Shaneyfelt Stage Verbal Duel in Decatur.

Decatur, Ind., June 2.—William Shaneyfelt, a Holy Roller evangelist, who has been proselyting hereabouts for some time, and his divorced wife, who came here from Bluffton to denounce her former spouse, held a vociferous antipodal service on the streets here last night and drew together a crowd of more than 2,000 people, blocking the city's main thoroughfare, obstructing all traffic, temporarily suspending service on the Fort Wayne and Springfield interurban line and jamming the town fire equipment in the mob, where it was huddled. Shaneyfelt was spouting to a fazed audience when the ex-Mrs. Shaneyfelt appeared on the scene. The pair shot charge and counter-charge, crimination and recrimination, and other and the populace of Decatur was not slow to come. What the estranged pair had to say to each other, especially ex-Mrs. Shaneyfelt to Mr. Shaneyfelt, was piquant. All the police and sheriff's officers, assisted by the fire department, finally dispersed the meeting.

HARTFORD COMMENCEMENT WEEK

Hartford City, Ind., June 2.—A busy week for the graduates and other pupils of the Hartford City high school was inaugurated Tuesday afternoon and night by the exhibit of the work of the domestic science and manual training classes. This afternoon were held the senior class day exercises at the school and this evening the junior-senior reception will be held at the school. Thursday will take place the eighth-grade commencement at the high school, preceded Thursday afternoon by the school pageant at the old fair grounds. Friday evening the high school's annual commencement exercises will take place at the Temple theater.

LAGRANGE PIONEER CALLED.

Lagrange, Ind., June 2.—After a lingering illness of many months Philip Walter passed away at his home west of the city Tuesday. He was 75 years of age and was born in Tuscarawas county, Ohio, and had been a resident of this county for fully half a century. He came to Lagrange from Butler about two years ago after having been absent from this community for some time and had been confined to his home ever since. He is survived by three brothers and four sisters. Mr. Walter was a member of the Mt. Zion Lutheran church of this city and of the Independent Order of Odd Fellows, with membership at Butler.

FIND AMPUTATION NECESSARY.

Hartford City, Ind., June 2.—Henry Tatum, who had his right hand badly mangled in a runaway accident in this city last week, will suffer the loss of the member according to physicians who have found amputation necessary. The other members of the family who were slightly injured have recovered.

Every Man Read This

This treatment is said to have acquired a wonderful reputation throughout the East, owing to its peculiar propensity to fortify the nerve force and generate health and a consequent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous or who have trembling of the limbs, dizziness, heart palpitation, cold hands and feet, insomnia, fear without cause, timidity, in venturing and general inability to act rationally as others do. Also of vast benefit to writers, professional men, office workers and the victims of society's late hours and over-indulgence in wines, liquors, etc.

By obtaining the treatment at some well stocked pharmacy, no one need know of another's trouble while the treatment has been widely prescribed and dispensed heretofore by physicians and pharmacists. The grain tablets are so prepared with full directions for self administration that it is wholly unnecessary to pay a physician for prescribing them. Just ask for three-grain Cadomene tablets, begin their use and soon all the joy of a healthy body, sound nerves and strength will be felt.

THE SENTINEL'S DAILY SCRIPTURE READING.

Genesis 8:1-12.

1 And God remembered Noah, and every living thing, and all the cattle that was with him in the ark; and God made a wind to pass over the earth and the waters asswaged;
2 The fountains also of the deep and the windows of heaven were stopped, and the rain from heaven was restrained;
3 And the waters returned from off the earth continually; and after the end of the hundred and fifty days the waters were abated.
4 And the ark rested in the seventh month, on the seventeenth day of the month, upon the mountains of Ararat.
5 And the waters decreased continually until the tenth month; in the tenth month, on the first day of the month, were the tops of the mountains seen.
6 And it came to pass at the end of forty days, that Noah opened the window of the ark which he had made;
7 And he sent forth a raven, which went forth to and fro, until the waters were dried up from off the earth.
8 Also he sent forth a dove from him, to see if the waters were abated from off the face of the ground;
9 But the dove found no rest for the sole of her foot, and she returned unto him into the ark, for the waters were on the face of the whole earth; then he put forth his hand, and took her, and pulled her in unto him into the ark.
10 And he stayed yet other seven days; and again he sent forth the dove out of the ark;
11 And the dove came in to him in the evening; and, lo, in her mouth was an olive leaf plucked off; so Noah knew that the waters were abated from off the earth.
12 And he stayed yet other seven days; and sent forth the dove; which returned not again unto him any more.

What is War, Anyway?

What kind of business is this war thing, anyway, when judged by the laws and morals that govern individuals? Just suppose—
That you're walking down the street and a fellow bumps into you and then says: "Can't you see where you're going? Get outta my way next time, or I'll hand you one." This makes you peeved, because it wasn't your fault at all. You feel that if you proudly ignored this threat—and the lowbrow who uttered it—that you would look like a poor, spineless coward. Maybe you ought to "consider the source," etc. But you notice that other passersby, who heard it, have paused just long enough to note the result and you recognize one or two of them as your neighbors. You "don't want any trouble." But what are you going to do? Swallow it and go on—or what?
This all goes through your mind like a flash. You feel rather nervous, but you also feel that in order to maintain your standing in the community as a regular fellow, who doesn't want trouble but who won't let anyone pick on him (where it can be heard by others at any rate) that it's up to you to say something. So, you turn and remark:
"Get outta the way yourself; who do you think you're talkin' to!"

This looks better. The passersby stop. The other fellow is now up against it, just like you were; he's got to do something now to maintain his own standing. Things begin to happen. First thing you know you're in a fight. You didn't want a fight. You didn't expect to fight. You hadn't had one in years. But here it is. Without warning. What's the answer? Do you maintain your standing by showing that you're not afraid to fight if someone picks on you? Not at all; not at all. A policeman arrives. He rings for the patrol. You and your opponent are pinched almost before the fight got started—to the intense joy of the crowd that likes a little excitement—whether it's a fight or a pinch. And from starting with the most justifiable motives in the world—those of merely maintaining your right to be let alone and not picked on—you suddenly are confronted by the fact that to be arrested as the result of a fight is a disgrace. And you get nowhere except into trouble, for it's "against the law" to fight. Our whole theory of civilization is based on that—otherwise, they say, we would have anarchy. So there you are.

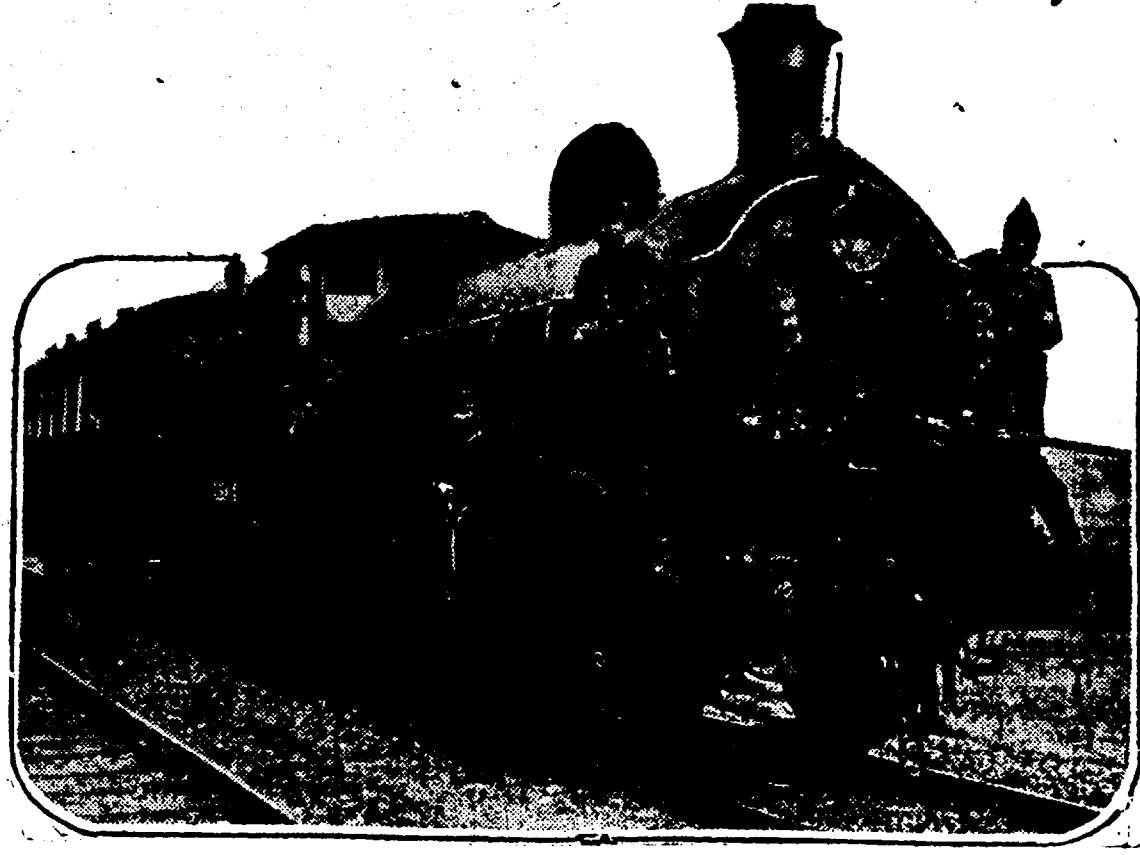

But—when one country affronts another, and each refuses to back down because of pride or national honor, and the affair ends in a fight, it's glorious. It's patriotism. It's war. It is not "against the law." About the only real difference is that instead of one man fighting another man, several millions fight several other millions. Then it isn't disgraceful. It is heroic. And they pin medals on you for doing things they'd lynch you for if you were settling a private grievance.

We're not saying this isn't perfectly natural and correct, because, as most people in this world seem to be willing to fight to prove that nobody can pick on 'em, war must naturally be biologically accurate. But if war is correct you'd think, perhaps, that the custom of legally prohibiting two men from fighting it out is wrong. Both can't be correct. So, we merely ask as we did at the start, what kind of business is this war thing, anyway, that makes what we usually call an offense against the law, or even a crime, suddenly into a virtue? There is something, somewhere, in the unexplored realms of psychology that may explain it, but, personally, we have not met the explanation.

It will be a matter of much regret if efforts to procure the rescinding of the preliminary order for the disbanding of Company D of the Third regiment, Fort Wayne's only remaining representation in the Indiana guard fail. Following so closely upon the disbanding of Battery B, it will in all probability stir into action an effort that will save the organization to Fort Wayne. It is not an easy matter to maintain interest and membership in the military organizations sufficient to keep them up to top standards of service, but the recent outlook for Company D has improved greatly. In the hands of Major John E. Miller, a trained militia officer, the company had begun to gain in membership and interest. It is much to be hoped the organization may be given a new lease of life and an opportunity to demonstrate its revived interest in the Indiana national guard work.

Confessed burglars to the number of more than a score are telling on the witness stand of alleged aid given the "crime trust" by Chicago policemen. But so much has been charged against the Chicago police in the past that it is going to take something unusually strong to give the country anything of a shock.

German Soldiers Use Locomotive For Scout Duty.

A RAILWAY PATROL GUARDING THE GERMAN LINE OF COMMUNICATION NEAR ARRAS, FRANCE.

A CALLING FOR HEROES.

(Cleveland Leader.)

It is a fortunate coincidence which brings the Brotherhood of Locomotive Engineers to Cleveland while the first congress of the world court movement is in session here. The engineers are an impressive demonstration in their very presence, of the folly of the argument for war that it is necessary to keep alive courage and daring among men.

The locomotive engineers are an army of heroes of peace. They have proved in thousands of emergencies that they are second to no soldiers in devotion to duty, even though it means death, and in quick grappling with peril, whatever the outcome. No thoughtful man or woman can reflect upon the responsibilities and dangers of the engineers who hurl trains through storms and darkness, over bridges shaken by rivers at flood height, around mountain curves where the track may be blocked by a slide of rock or by a great tree torn up by the roots, far above the railway line, without realizing that of such stuff are made the heroes who win glory in battle for their native land.

Danger is a common place with the engineers. They are never out of reach of possible sudden death when they are running their engines. They have to keep cool in the face of the utmost peril. They must not lose command of themselves for an instant. Their judgment is far more independent and their sense of responsibility vastly greater than that of the average soldier in any campaign or battle.

Like city firemen, policemen, miners, sailors, fishermen, structural iron workers, bridge builders and many others who serve the needs of civilization in time of peace, the locomotive engineers are always piling up a great mass of evidence that the world does not need war to prove or school the courage of the men of the twentieth century. They are entitled to high rank among the heroes of peace and they are honored accordingly by those who understand the work they do and the perils they face smilingly, as part of the everyday experience of life.

SOAP AND MORALS.

(Pittsburgh Dispatch.)

City Comptroller Prendergast of New York opposes increasing free public baths, contending, strangely enough for a former Progressive leader, that he is not one bit impressed by the argument that baths prevent lawlessness and raise the standard of morals. "I doubt," he says, "if morals are as high today generally as they were 24 years ago before the community had any of those uplifting facilities." Replying to a question about cleanliness being next to Godliness, he said all that was necessary was soap and water and the inclination, particularly the last, which the city, he thought, could not hope to furnish.

Yet the civilizing influence of soap is traditional. The bathtub has been exalted into a national ideal in England and a national reality in the United States. The backward peoples have no baths. Physical cleanliness, not infallibly, perhaps, but the tendency such as it may be is that way. As to the inclination, may not the city supply even that by offering the temptation of bathing?

Aside from the questions of morals, how about health? Surely the comptroller will admit that cleanliness improves health and that there is certainly a function that the municipal government ought to be interested in. But the most amazing thing about his utterance is the implication that this former battler at Armageddon should now deny there has been any moral improvement in 20 years. Why, that embraces the whole period during which the uplift and social justice have become household words. Has it all, then, been in vain?

Twenty-Five Years Ago

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

P. J. McDonald, clerk of the municipal waterworks department, reports 2,260 water permits in effect.

A second castle of the order of Knights of the Golden Eagle will be instituted in this city soon.

Prof. Fred J. Reineke's orchestra will furnish music for the Decatur high school commencement June 6.

J. F. Colt, of Lima, Ohio, has secured options on nearly 500 acres of land in Maumee township, this county, and will explore the territory for oil and gas.

The suburb of North Wayne is being established and is composed in large part of Pfeiffer's addition. It is predicted that much new building will be done there this summer.

J. W. White has consummated the transfer of the White Wheel works, founded by Hon. J. B. White, to the

American Wheel company for \$150,000. J. W. White will continue as manager. A large photograph of Manager O. L. Perry, of the Western Union, and his wife, seated on their fine tandem bicycle, attracts much attention to the window of Photographer Felix Schanz, where it is displayed.
Today a number of contractors and one or two of the wood-working mills resumed work with forces of union men and it is believed that the strike of carpenters that has been in effect since the early part of last month is practically at an end.

Hon. Franklin P. Randall, a citizen of multiplied honors in Fort Wayne, several times mayor and one of the most widely known of surviving pioneers of this city, is receiving congratulations upon the seventieth anniversary of his birth, which he attained today.

Deputy Clerk John Morris, of the United States court, has received notice from Noble C. Butler, clerk of the Indiana district at Indianapolis, that the ensuing term of the federal court will be held in Fort Wayne beginning June 10. Judge William A. Wood will occupy the bench of both the district and circuit courts here.

Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.—Adv.

Mechanicochqua tribe, No. 106, Improved Order of Red Men, will elect officers at the regular meeting Wednesday evening. The election will be followed by a social session. The order will hold its annual Memorial services on Sunday, June 27, at the West Jefferson street Church of Christ.

MEASLES FATAL TO BABIES OF COUNTRY

While Scarlet Fever Claims Fewer Child Victims Than Usual.

Washington, D. C., June 2.—The latest report on mortality in the "registration area" of the United States, relating to the calendar year 1913, issued by the bureau of the census, department of commerce, contains some interesting and significant figures with reference to various children's diseases.

Among epidemic diseases the most prolific cause of child mortality is diphtheria. In 1913 this malady resulted in 11,920 deaths throughout the registration area—the population of which that year was about 65 per cent. of the total for the country—and of this number 10,513, or 88 per cent., were deaths of children under ten. Infants appear to be much less susceptible to diphtheria before the first year of life is complete than during the next few years. The numbers of deaths due to this cause in 1913 were, for children under one, 913; between one and two, 1,577; between two and three, 1,781; between three and four, 1,498, and between four and five, 1,293.

The death rate (for all ages) from diphtheria in 1913 was 18.9 per one hundred thousand population for the entire registration area. This represents a very great decrease as compared with the corresponding death rate in 1900—43.3 per one hundred thousand—when the census bureau made its first annual collection of mortality statistics. The rates in cities of ten thousand and over were about 50 per cent higher than in

CHECKS us NOTES

If you needed some money today which would you sign, a check or a note? Your note would be worth a mighty sight more if you could sign a check and make it good, than it would be if you had never demonstrated your ability to save money.

There is no day of reckoning for the man who signs a check against money in bank. But signing a note, that's different. A note has a way of falling due—it's a mortgage on the future.

Start a savings account, get 4 per cent. interest, and when you need money sign a check and not a note.

Disinherited is Last Chapter in the Life of Princess Chimay

Beautiful American Girl Whose Love Affairs Shocked the World Gets But Paltry \$1,000 of \$1,000,000 Estate Left by Mother.

New York, June 2.—Disinherited—but no longer an exile—this is the latest chapter in the romance-strewn life story of the former Princess de Chimay, who was the beautiful Clara Ward, of Detroit.

Once the toast of all Europe, the "madcap princess" has learned through the filing of the will of her late mother, Mrs. Catherine L. Morrow, of London, that she has been cut off with a paltry \$1,000 of an estate valued at more than \$1,000,000.

But her mother's death has freed the famous "American beauty" from exile.

During the latter part of her mother's life—for the last fifteen years in fact—she had been forbidden to set foot in America.

Now, taking advantage of her mother's death she has slipped into the country and is living in seclusion in New York. "Poor woman, she is paying the penalty," sighs Jancy Rigo, the gypsy violinist, for whom the young beauty deserted her first husband, the Prince de Chimay, prince of one of the noblest houses of Belgium.

"But, ah, while it lasted life with her was paradise," adds Rigo, who is fiddling on his beloved violin in a Chicago cafe. And the life that Clara Ward led for so many years in the gayest capitals of Europe was in the fullest sense one of love, light and laughter.

Clara Ward, daughter of the late Commodore Ward, of Detroit, was only sixteen when she went to Paris and became one of the wonders of that city of beautiful women. With the dazzling white skin, pink cheeks and glorious yellow hair of the perfect blonde, she combined great, lustrous, expressive brown eyes—and an income of \$40,000 a year.

She was besieged with suitors, but a Belgian prince, Joseph of Chimay and Caranum, won her. After their marriage in 1890 she was received at the Belgium court with marked honor and for a time was a great favorite.

But the sudden elevation of a mere American school girl to such heights and the adulation of all men turned her head.

King Leopold of Belgium succumbed to her beauty and became her devoted cavalier. Her girlish whims and the pranks she played on her aged admirer, the king, won her the nickname throughout Europe of "The Madcap Princess."

Years later, in her own defense, she said that the reason for her downfall was

Once famous American beauty disinherited! Clara Ward, who was the Princess de Chimay and sketches showing her various love episodes which scandalized the world.

the open admiration of King Leopold, which angered her husband.

Whatever the reason she ran away with the gypsy violinist, Jancy Rigo. She loved him passionately and a year later, when the Prince de Chimay had divorced her she married Rigo. She took him to Cairo and there built a palace in which they passed years of fervent happiness. In all she spent some \$8,000,000 on him, so Rigo says.

But one day her passion for Rigo cooled as quickly as it had kindled. At a railway station in Italy she saw a ticket-seller for a tourist agency, fell madly in love with him and the next day the slip-loving world knew she was divorced from Rigo and married to her new love, Peppino Riccardi.

From the time he won her as his wife Riccardi, lifted from his humble position, lived the life of a millionaire.

Their happiness lasted four years and then the fickle princess fell a victim to the fatal fascinations of a man named Castato, her husband's chauffeur.

Discovering this Riccardi got a degree of separation. This decree did not permit either to remarry.

The former Princess Chimay is now forty-one years old. She is the mother of eight children.

The only enduring love of her life came from her marriage to the Prince de Chimay—the little baby girl, who was raised almost as a recluse in the ancient and somber castle of Chimay, near the French border, in Belgium.

MEMBERS OF BRIDAL PARTY AT FOX-SORG WEDDING.

Miss Bertha Sorg, daughter of Mr. and Mrs. John M. Sorg, of Hoagland, and Mr. Leo M. Fox, son of Mr. and Mrs. S. Fox, who live on the Sandpoint road, were married in St. Joseph's church, Hesse Cassel, by Rev. Max Benzinger at 9 o'clock on Tuesday morning, June 1.

Miss Bernadette Sorg, a sister to the bride, and Mr. Aloysius Fox, a brother to the groom, were bridesmaid and groomsmen, and two pretty and attractive flower girls were Carlotta Sorg and Olivia Sorg, a cousin and a sister of the

bride. The bride made a beautiful appearance in her wedding costume of ivory white satin with overdrapes of lace that trimmed both skirt and waist. The bride wore a tulle veil, shirred in cap effect and held with orange blossoms, and she carried her prayerbook with a bookmark of white ribbon and swansonia blossoms in shower effect. The bridesmaid was dressed in a light blue silk covered with chiffon and she held a bouquet of roses, while the two flower girls carried arm bouquets of flowers tied with ribbon to match the ribbon

bows in their hair in color. The wedding breakfast was served to the bridal party at the home of the bride's parents where about three hundred guests gathered during the day and evening and partook of the generous hospitality extended to them. In the evening there was dancing, for which music was furnished by Messrs. Albert Palmer, Ralph Legeman and Mr. Friedline, of Monroeville. The groom is employed at the Fort Wayne Electric works. At present the bride and groom will be at home with the bride's parents.

AT THE NEW PALACE

"THE LURE OF THE MASK"

Harold MacGrath's Story at New Palace—Salisbury Wild Life Pictures.

The best thing Harold MacGrath ever did is the writer's novel, "The Lure of the Mask" and its picturization at the New Palace is in every way worthy of the story. Elsie Jane Wilson, Irving Cummings and Harold Lockwood head a company of splendid players, who are presenting this romantic story. It will be projected for the last time this evening.

Salisbury Pictures

The famous collection of films depicting wild animal life in this country, secured by Herbert Salisbury, the noted explorer, naturalist and hunter, will be the week-end attraction at the New Palace. These pictures are not the ordinary zoo-pose films of strange and weird creatures, but are faithful depictions of our own native wild animals, secured in their natural habitats. The marshes, the fields and the woods were tramped for years to get these views, which include everything gamey from the speckled trout to the wild cats and mountain lions. Pointer dogs are shown working on quail and pheasant, while another film is devoted to fly casting for trout, showing the proper method of handling light tackle.

AT THE COLONIAL

MRS. LESLIE CARTER COMING.

Albert Chevalier at Colonial for Last Time in "The Middleman."

"The Middleman" which is the current production issued by the celebrated Metro Pictures corporation stands pre-eminent as one of the worthiest motion picture dramas ever staged. Henry Arthur Jones, the noted playwright whose popularity in America is second

only to that attained by Sir James Barrie is responsible for "The Middleman" one of the most trenchantly appealing dramas ever penned. Albert Chevalier is a revelation in the lead role and contributes one of the greatest character delineations ever witnessed upon the screen.

Tomorrow, Friday and Saturday will mark three red letter days in Colonial history. Mrs. Leslie Carter, the wonderful emotional actress, appearing in a magnificent six act screen revival of her memorable stage success, "The Heart of Maryland," which David Belasco wrote and produced for his fiery star some ten years ago.

AT THE MINUET.

A SMASHING SUCCESS.

"The Carpet From Bagdad" Playing at Minuet Better Than "Graustark."

In brilliancy of acting, wealth of scenic and artistic detail and dramatic qualities, "The Carpet From Bagdad" far surpasses the first release of the famous V-L-S-E corporation, a dramatization of "Graustark." A story of mystery and adventure opening in New York and including Cairo, Egypt, and the ancient city of Bagdad, and the desert of Sahara; a tale of Indian mysticism, of temples and mosques; of plots and counterplots; an intense, thrilling narrative of how a precious prayer rug was stolen from the innermost rooms of a sacred mosque and how it imperiled the lives of two men and a beautiful woman, Kathryn Williams and a cast of superlative abilities present the enthralling story in truly wonderful manner. "The Carpet From Bagdad" remains at the Minuet today and tomorrow, a picture that should demand the attention of all those looking for the best in the cinematographic field.

Dancing at the Anthony will be discontinued during the summer months.

AT THE JEFFERSON.

FAMOUS MOVIE STARS HERE.

James Cruze and Sidney Bracy Appear in Person at Jefferson.

The thousands of local playgoers who spent pleasant hours following the vicissitudes of that remarkable serial-play, "The Million Dollar Mystery" will have the unique privilege of seeing the principal characters of the famous photoplay in person today at the Jefferson. No two stars who have ever appeared in the silent drama have acquired the prestige that belongs to James Cruze and Sidney Bracy, the actors who played the respective parts of the reporter-hero and the butler. During every performance at the Jefferson today, both Mr. Cruze and Mrs. Bracy will deliver short lectures, telling in interesting fashion of their experiences while playing the strenuous leading roles in the great photodrama.

The photodramatic attraction of the day manifests itself in "The Wild Goose Chase," a romantic photoplay from the studios of the Lasky-Paramount company, and which features the piquant Broadway idol, Ina Claire.

AT THE LYRIC.

"THE GODDESS."

"The Goddess," the serial picture with Anita Stewart and Earle Williams, Vitaphone by Ralph W. Ince under the personal supervision of Mr. A. E. Smith and Mr. J. Stuart Blackton, is already familiar to you and millions of others. There is no need at this time and place of telling you what the newspapers throughout the country are telling you in columns of reading matter every day. If you have not seen the picture, you should. It is one of the most beautiful and absorbing continuous story pictures ever seen, written by Gouverneur Morris and pictured by Charles W. Goddard, who are sufficient guarantees of its merits and extremely retentive interest. Each chapter is more captivating than the previous one and brings you back to see the next.

HERE'S ONE DESIGN OF POLY GOWN FOR VARIOUS OCCASIONS.

A POLY-GOWN FOR EVERY DAY AND SUNDAY. IT'S SUITABLE FOR STREET WEAR.

Here's a new polymuriel gown that's true to its name for it will serve many occasions. It's made of blue taffeta, and the Eton jacket laps across the front and fastens at the back. The skirt is lightly gathered onto a yoke which extends partly about the hips; the front of the skirt is slightly shirred.

Pockets are set in either side of the skirt under straps which with similar straps at the bottom of the skirt serve as trimming. The skirt is fastened at the side under the yoke.

Chiffon sleeves with cuffs of taffeta are set in a net gümpe. The lower part of the bodice is taffeta caught over one shoulder with a band of lace and over the other with a band of flesh color chiffon. The bodice may be worn with or without the sleeves.

This is one of the many designs submitted to the Polymuriel committee of New York which has charge of the Polymuriel contest now in progress throughout the country. The prize of \$150 will be awarded May 31.

CUBS LOOSEN UP FOR ONE INNING

And Incidentally Drops a Funny One to Grand Rapids.

Grand Rapids, Mich., June 2.—Grand Rapids won again yesterday and the Fort Wayne railroaders didn't seem to have a chance. However, the Cubs still are tied for third place with Terre Haute. It was a mighty good show except for the third inning, and in that frame the visitors loosened up and allowed six Grand Rapids runs to cross the plate.

An error by Brant, Edgington's walk, a couple of singles, and a homer by McGraw with the bases full tells the story of this terrible frame. Six runs in all came over, and after that Donley tightened up and nothing more happened. Paynter pitched remarkable ball for the locals, and Fort Wayne didn't have a chance to connect with anything that looked like a tally. The score:

SWIMMING POOL WILL REVIVE DEAD SPORT

In Days Gone by Fort Wayne Had Some Real Boy Swimmers.

With the opening of the swimming pool now under construction in Lawton park, in which every boy within a ten mile radius may swim as long and as hard and as fast as he wants, as the guest of the municipality, will revive in Fort Wayne a sport that has been dead since the days of the old canal.

There was a time when Fort Wayne boys could swim. That was in the days of the canal, when the old aqueduct churned the youngsters to its cool waters on summer afternoons, and when the kiddie swam in the "basin" in the canal near Harrison street.

But that was years ago, and even the thirdest tads of aqueduct days are gray haired men today. Then, with the passing of the canal, nothing but the rivers remained, and in time they became so green and gooie that it took a hardened athlete to attempt to swim in them. The old swimmers kept on, but there were no new ones to take their places. There was nothing to invite them.

When the dam still held in the St. Joe below Robison park there was real swimming at that resort, but with the breaking of the old stone affair the sport died there too.

Then someone suggested Lakeside park. Sure there was swimming there for a number of years. But that was at so much a swim, and a gate man was on duty all the time. But even Lakeside wasn't a crystal pool.

Today the Fort Wayne boys who can swim are in the minority. Those who go to the lakes have an opportunity to learn, but the vast majority, the stay at homes, don't know the first principles.

But with the completion of the new basin in Spy Run there will be a "swimming hole" that will accommodate thousands of boys at a time. Here Fort Wayne young men may learn the wonders of the deep and the result will be some crackjack swimmers by the end of the summer. The pool is large enough and the water will be fairly clear, at least it will be a great improvement over the rivers, and will place Fort Wayne on the swimmers' map again.

346 Athletes From 19 Schools In America's Greatest Meet.

Two of the Stars in Big Track and Field Meet—Ward, of Chicago, in the Hurdles, and Mucks, of Wisconsin, in the Weights

(By Hugh Fullerton.)
America's greatest athletic meet of the year will be the college conference meet at the University of Illinois, Urbana, Saturday. Three hundred and forty-six athletes, representing nineteen of the great schools of the central west from the Alleghenies to the Rockies will compete and the chances are that half a dozen conference records and perhaps two college records will fall.
The meet will be the greatest in the history of the western conference, and the disappointment over the failure of the Pacific coast athletes to compete is lightened by the fact that many of the stars of next Saturday's meet will encounter the coast champions later at the San Francisco exposition.
Chicago, by virtue of its recent victory over the well balanced Illinois team in their dual meet, is a slight favorite, with Illinois, Wisconsin and Michigan Aggies and Notre Dame strong contestants. Colorado has point winners and Kansas and Missouri are sending strong, well balanced teams.

CONCORDIA COLLEGE FIELD MEET FRIDAY

Boys Have Gone Through Some Hard Training This Year.

The annual field meet of Concordia college will be held Friday—all day—at Centlivre park, and the star athletes of the institution will be on hand to break some records. Captain Brody, who has charge of the physical culture and athletics at the school, has been putting the boys through a course of sprouts that is bound to develop some new records.
The meet opens before ten o'clock Friday morning and will continue till late in the afternoon, and every known event of track and field will be listed on the program. The Concordia boys are among northern Indiana's best athletes, and their exhibition each year attracts a great deal of attention.

NATIONAL LEAGUE SCORES.

Brooklyn, June 2.—Zack Wheat was the hero of a 5 to 4 eleven-inning victory by the Brooklyn over Philadelphia. After the visitors had forged ahead by a ninth-inning rally, Wheat came up with two out and two strikes called, and tied the score with a homer to deep left. He came up again in the eleventh with the bases full and one out, and scored O'Mara with the winning run. Score: R.H.E. Philadelphia.....0 000101200—4 8 2
Brooklyn.....0 2010000101—5 7 3
Batteries—Alexander, Demaree and Kilmer and Burns; Dell and McCarty.

St. Louis, June 2.—Betzell's single in the second inning of Tuesday's game spelled defeat for Cincinnati by the score of 4 to 2, as the blow sent Long and Dolan across the pan and Betzell later scored on a wild pitch. Score: R.H.E. Cincinnati.....0 00200000—2 7 1
St. Louis.....0 40000000—4 10 0
Batteries—Lear, Toney and Wilcox; McDowds and Snyder.

Pittsburgh, June 2.—Chicago shut out Pittsburgh 2 to 0 through the effective pitching of Zabel, who allowed only two hits. Score: R.H.E. Chicago.....1 00000100—2 6 0
Pittsburgh.....0 00000000—0 2 1
Batteries—Zabel and Bresnahan; Adams, McQuillan and Gibson and Schang.

Boston, June 2.—Boston's ability to hit Mathewson freely, while Ragan was holding New York batsmen to two hits, resulted in an easy victory for the Braves 7 to 0. Score: R.H.E. New York.....0 00000000—0 2 3

JOKE TAKEN SERIOUSLY.

Nickel Show Is Closed in Anticipation of an Explosion.
Greenburg, Ind., June 2.—When an anonymous letter was received by Dennis Dannacher, proprietor of the Annex hotel here, saying that the place would be blown up, it was taken seriously by o'clock number of persons.

A five-cent theater in the building was closed to avoid a panic in case there should be an explosion. About 2:30 in the afternoon, three small torpedoes were placed on the interurban track in front of the hotel, and when they were exploded by a passing car, a large crowd of persons came running to the hotel, thinking that the threat had been carried out.

MOCK GROOM GIVES WAY.

Then a Real Wedding Is Staged at Nuptial Rehearsal.
Danville, Ill., June 2.—Actors in a mock wedding that is to be staged in a few days at Hoopesport, north of here, for the benefit of a secret order, were surprised when the rehearsal was turned into a real wedding a few days ago. Miss Ruby D. Lucas, the young woman who is to be the bride in the mock wedding, had just marched into the room with the "bridegroom," another young woman, dressed in men's clothes, when Phil T. Reese gently pushed the "bridegroom" aside and took her place. When the rehearsal was over the spectators realized they had attended a real wedding.

SCRIBES DECLARE A STATE OF WAR

Diplomatic Relations Between Umps and the Writers Broken.

Sport writers at Grand Rapids and Dayton sit up nights figuring out new figures of speech in which to describe the Central staff of umpires. Both these towns seem to be pretty thoroughly disgusted with the indicator men this year, and are hopeful that there will be some new ones.

The Grand Rapids News in discussing Umps Green and his recent encounter with Manager Essig, alludes to remarks: "There were several other errors on his part and they but bore out a statement in these columns some time ago that the Central league staff of umpires with the exception of Bierhalter is poor, or worse than that."

"President Heilbroner today indefinitely suspended Manager Essig. The suspension undoubtedly will not be of more than three days."

"The suspension appears peculiar in that when Curley Blount had his recent run-in with Empire Fletch Heilbroner was in the stand. Curley drew a couple of days and no fine."

"While assaulting of umpires is not condoned, it really is time Grand Rapids team leaders and players awoke and asserted their rights. Things have been left slide for several years and but a few 'peepes' heard."

And Then at Dayton.
The Dayton Daily News is constrained to whisper:

"There is one thing certain, Umpire Daly, who is taking Feltz's place while the latter is on a leave of absence owing to illness, runs the ball game which he is officiating. In the first inning of play 'Pop' Schriver was coaching at third, and unless one was real close to him he couldn't tell whether he or Jimmy Jones was playing third. Manager Compton trotted out to Daly with the request that he make Schriver stay within the bounds but the arbiter turned a deaf ear to Jack's words. As the Vet manager became duly insistent upon his demands, Daly chased him to the bench with a few harsh words ringing in the ears of our leader. It does seem that when Jack was in the absolutely right, Daly should have at least given him a reasonable consideration."

Bilious Attacks.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.—Adv.

ERIE HAS A SINGER OF SOULFUL DITTIES

Scotty Alcock Possesses a Honey-Dripping Voice.

Erie has several distinctions. In spite of being at the very bottom of the Central league ladder, the Sailormen have one or two features that are unusual at least. In addition to being made up of ex-managers, the team has with it a nightingale who answers to the name of Alcock—Scotty Alcock. In the gay social whirl he is "Mr. Forbes Alcock," and he is the sweetest singer in baseball. He has been offered fabulous sums to desert the cause of the trailing Sailormen and join everything that makes noise, from vaudeville to grand opera, but he is of a charitable disposition and holds tight to the Erie job. Last year Forbes was with the Federals, and this year went to the White Sox for a tryout.

WHOLE COUNTRY UNITES IN EFFORT TO SAVE LEO FRANK FROM GALLOWS AT ATLANTA, GEORGIA.

Five hundred thousand Leo Frank petitions from Chicago. Left to right, Harlow N. Higinbotham, partner of the late Marshall Field; Mrs. Mary De Lany Fisher, of Southern Women's club, and Judge John M. O'Connor, delegation to the governor of Georgia. Mrs. Fisher represents 200,000 women signers.

NEGROES ARE HELD TO CIRCUIT COURT

Walt Hamilton for Burglary and Others for Receiving.

Walter Hamilton, a paroled negro convict, pleaded guilty in the city court Wednesday morning to a charge of burglary and was held to the circuit court under \$1,000 bond, and Mark Walters, Mattie Edwards and Ida May Burros, all colored, were bound over on charges of receiving stolen property. Walters' bond was fixed at \$250, Mattie Edwards' at \$100 and Ida Burros at \$50. Hamilton pleaded guilty to breaking into and robbing the store of Conrad Buesching, 1902 Hazra street, Sunday night, May 23, and stealing three pairs of shoes. Walters and the two women each had a pair of the shoes. Hamilton is probably also guilty of several other robberies committed that same night, two of them in the immediate vicinity of the Buesching store, as well as some grocery store burglaries committed several days previously. He was arrested by Detective Sergeant Walter Immel and Martin A. Rundell, who uncovered the series of robberies.

Flees from an Officer.

After trying vainly to get a \$15 check cashed at the Limited saloon on West Main street, near the interurban terminal, Tuesday evening, Clyde Rodebaugh was trailed to the Bruno saloon, Main and Broadway, by Officer Fred Smith. Rodebaugh appeared at the time to be very drunk, but when Officer Smith was searching the telephone book for the number of Rodebaugh's father, Rodebaugh dashed out of the door and tried to elude pursuit in the adjacent lumber yards. Officer Smith gave chase and after firing one or two shots from his revolver into the ground brought Rodebaugh to a standstill. He was arraigned on a loitering charge Wednesday and his case was continued. The man appeared to be on the verge of delirium tremens. It is believed his check is worthless. Rodebaugh has been in trouble before.

Other City Court Cases.

Charles Stroh, a barber, who says his home is in Decatur, and who told Officer Fred Smith he was looking around the interurban passenger terminal to meet a "lady friend" who was coming in, was locked up on a drunk charge. Judge Kerr fined him \$1 and costs and he went over.

George Peddler was the name by which a young man chose to be known when arraigned on a loitering charge. He had been making trouble in Lakeside in company with other boys. Officer Frank Will arrested him and Judge Kerr continued his case until Friday, releasing the youth on his own recognizance.

C. J. Abbs, arrested on a loitering charge, was continued a week under \$100 bond and a more serious charge may be filed.

James Hurry explained that he stole a bicycle because he could not find work and needed money. He was fined \$10 and costs and got forty days in jail added.

James Donovan was continued until Friday on a loitering charge and his bond was fixed at \$100. He is under investigation.

John B. O'Connor was beating a path in several downtown alleys Tuesday night and Officer Kammer pinched him. O'Connor said he was an agent for a well known publishing house, but told so poor a story about himself that he was continued until Monday on drunk charge and his bail was fixed at \$100.

Henry Kruse, who hobs up in the city court almost as often as a body, was turned loose after several days in jail awaiting trial on a drunk charge. He war warned his next appearance would get him a long rustication at the state penitentiary.

Palm Beach Suits

Palm Beach texture is the very thing for Summer wear. The weave is crisp, porous and durable, and tailors remarkably well.

New Suits shown this week for the first time include Smart Palm Beach models, and tailored linen Suits and Coats. Women will like them for general Summer wear, for traveling and all vacation needs.

Palm Beach and Linen Suits, \$6.75 to \$23.75

Palm Beach and Linen Coats, \$5.95 to \$8.95

Crisply New White Wash Skirts

—They're pretty; they're practical and they're going to be more fashionable than ever this summer, these Smart Wash Skirts.

You'll see them here in all their charm—new models of pique, gabardine, linen, linene, Palm Beach and ratine.

The models are plain—good lines, and with the advantage of being easily laundered. All regular and extra sizes are generally represented. Priced at \$1.38 to \$7.50.

A Fluttering Flock of Summer Dresses

A lovely assemblage of them! No previous season has brought such beauty in Summer frocks.

There are nets, exquisitely designed; frilly chiffons, beautifully fine Voiles, the sheerest of organdie and dainty lawns, to say nothing of smart, cool-looking linens.

Some have new ruffled skirts, others have plain little bolero jackets. There are long sleeves and short sleeves, and low necks predominate.

There are scores of styles and the prices range from \$4.95 to \$33.75.

Summer Furniture

For the House, the Porch and the Garden

Great, roomy, comfortable chairs of rattan, willow and wicker—rockers and arm chairs; settees and couches; tea tables and reading tables, book cases just large enough to hold light Summer books and magazines; tea carts and footstools—nothing is missing to add to the comfort of life out of doors.

It is all displayed in the Basement, along with the hammocks and refrigerators—a department you'll want to visit before fixing up the house for Summer.

Corsets Women Like for Summer Wear

P. N. Ventilating Corsets are the coolest corsets imaginable for hot weather wear. They are made of firm cotton netting, in medium and low bust models, with slightly curved front and roomy top. The medium length skirt is fitted with two pairs of hose supporters. All sizes from 19 to 33; only \$1.00

Summer Brassieres

Most every woman will need one or two of the De Be Voise net brassieres, with shield arrangement. Some are made without sleeves; others have half sleeves; but both have good size shields. Priced at 50c, \$1.00 and \$1.50.

WHITE WANTS A DEBATE.

Will Answer Goldstein's Arguments Against Socialism.

Announcement is made that Dan A. White, of Chicago, a socialist and said to be a member of the Catholic church, will speak at the court house assembly room Thursday evening in answer to the arguments against socialism to be presented Wednesday evening by David Goldstein, of Boston, who speaks under the auspices of the Knights of Columbus. Mr. White is said to be anxious for a joint debate with Mr. Goldstein.

After the show dine at the Anthony. Music and dancing.

She Rules Half a Million Girls

MRS. W. P. HARFORD, of Omaha, Neb., the newly elected president of the National Y. W. C. A. She was the unanimous choice of the fifth annual convention held recently at Los Angeles.

Mrs. Harford, though not having any children of her own, is known in her home city as "the mother of a thousand girls." She devotes her life to aiding the daughters of other mothers.

Besides holding the highest office in the power of the national convention to bestow, Mrs. Harford is also the national president of the Women's Missionary Society of the United Brethren in Christ.

About 1,000 delegates from all parts of the country, including Toronto and Japan, attended the convention. They represented a Y. W. C. A. membership of about half a million young women.

IMPROVEMENT IS VISIBLE.

Dr. J. H. Gilpin, secretary of the board of health, says the inspectors report that already there is a notable improvement in numerous premises where school children have entered the cleaner back yard campaign and he believes that the contest, in which 200 have been entered and registered, is going to be a great success, not only in material results, but as a concrete object lesson. Dr. Gilpin believes that but for a widespread misunderstanding there would have been many more entered in the contest. The object and the details of the contest were made as clear as possible, but nevertheless great numbers did not get the idea.

Dancing at the Anthony will be discontinued during the summer months.

SHOP AND RAIL ROAD NEWS

ON LAST STAGE OF ANNUAL EXAMINATION

Nickel Plate Officials Completing Work Started Several Weeks Ago.

The examination of Nickel Plate men for sight, hearing and color blindness, which has been in progress for some time, will be completed tonight. Special Agents S. K. Blair and D. H. Caldwell are now on the last stage of the work. They left here yesterday morning and examined the telegraph operators, between this city and Argos, remaining over night at that point. They resumed the trip at 7 o'clock this morning and will end it at Chicago this evening. Everybody connected with the movement of trains in any capacity is subjected to the most rigid examination for sight, hearing and color blindness and if found wanting in either is taken out of the department either by dismissal from the service or transfer to other departments. This includes conductors, brakemen, flagmen, baggage men, engineers, firemen, yard employees, station agents and telegraph operators.

WABASH ENGINEMEN ASSIGNMENTS.

As a result of the inauguration of a new train service on the Wabash, a number of engineers and firemen formerly residents of Peru, are now either residing in Fort Wayne or Toledo. Engineer E. J. Mulcahy takes a short passenger run between Fort Wayne and Montpelier. His layover will be at Fort Wayne. Engineer Will Kellar takes 94 and 95 between Montpelier and Toledo. He will lay over every night at Montpelier. Engineer George Maloney takes a local run between Lafayette and Tipton and will lay over at Tipton. Fireman Joe Hamill has a local run between Fort Wayne and Toledo and lays over at Fort Wayne.

The short passenger runs Nos. 18, 21, 57, 58, 13 and 12 between Fort Wayne and Toledo were somewhat disarranged as to lay over and as a result, these runs were thrown into what railroad men call a "pool," and four engineers and four firemen assigned to run them, on the first lay over point, with Toledo the lay over point. Engineer George Dossie and Fireman M. R. Fry-singer, Engineer Chas. Christy and Fireman John Bristol, Engineer Chas. Townsend and Fireman Frank Washburn and Engineer Bob Dirlin and Fireman H. J. Seery are to constitute the pool in the between Peru and Decatur pikes Chas. Ernest on 3 and 4; Walter Buckel on 9 and 2; Chas. Boughn on 2 and 1; the latter run between Peru and Montpelier; this run was handled for a number of years by the late Julius Seibold.

RE-ELECTED THE OLD BOARD.

At Philadelphia, yesterday the stockholders of the Pennsylvania held their annual election and re-elected all of the old members of the board of directors as follows: Samuel Rea, Henry Tattall, John H. Greene, Wm. H. Barnes, George Wood, C. Stuart Patterson, Ellingham B. Morris, W. V. Atterbury and Thomas De Witte Cuyler, of Philadelphia; J. J. Turner, Edward B. Taylor, D. T. McCabe and G. L. Peck, of Pittsburgh. The directors will choose their officers at a meeting to be held in Philadelphia, the date of which was not announced.

Emmett Harkerider, who has been working at the Fort Wayne Foundry and Machine works the last few months, yesterday resumed his old position as a patternmaker at the Bass Foundry and Machine works.

C. H. & D. CHANGES.

M. V. Hynes, who made occasional visits to Fort Wayne in the capacity of superintendent of the Wellston and Delphos division, which includes the "Findlay," has been transferred to Indianapolis to succeed R. B. White, resigned. A. A. Iams, trainmaster of the Wellston and Delphos division, who has also made frequent visits to Fort Wayne, succeeds Mr. Hynes. Mr. Iams has been succeeded as trainmaster by R. W. Brown, road foreman of engines of the Toledo division. These changes became effective June 1.

WANT BETTER SERVICE TO LAKES.

Fort Wayne business men and others who own cottages at the lakes reached by the New York Central have directed a petition through the medium of Secretary C. L. Biederwolf, of the Commercial club, for an early Saturday afternoon train out of Fort Wayne. As the schedule is now arranged it is impossible to leave the city over the Lake Shore after dinner until 4:45 o'clock, which is considered too late. The proposition is to have the 11:30 a. m. train leave the city at 1:30 p. m.

BEEF FOR THE BELLIGERENTS.

Two freight trains running on passenger schedule passed through Fort Wayne over the Pennsylvania last night, carrying cattle for export. There were forty cars in the first and thirty-eight in the second train and employees from the Armour Packing company accompanied the stock to see that it is fed and watered.

CALLED SPECIAL MEETING.

Bert Baughman, chief engineer of Nickel Plate division No. 537, B. L. E., has called a special meeting of the division for next Monday night, June 7, at 7:30 o'clock at the B. L. E. hall, Cherry and West Main. The object is to arrange for B. L. E. memorial day, which will be observed Sunday, June 12.

CONDUCTOR DENT VERY SICK.

B. A. Dent, a Nickel Plate conductor,

is very ill at his home in Stony Island and Conductor O. J. Poland was sent there yesterday to take charge of a Knox-Stony Island local freight, which Mr. Dent has handled for some time. The sick man formerly resided in Fort Wayne, and is well known here in and out of railway circles.

EXTENDS NEWS AGENCY.

The Union News agency, which has headquarters in this city in the Baker street station of the Pennsylvania, has extended its service over the G. R. & I., beginning yesterday. Agents of the Union News company will now sell papers on all the G. R. & I. trains for the first time in twelve years.

MR. HUNTING HOME TOMORROW

The Fort Wayne Electric works received a message this morning from General Manager F. S. Hunting, stating that he left Denver last night and would arrive here at noon tomorrow. Mr. Hunting has been in the west about five weeks. He is accompanied by Mrs. Hunting and it is presumed she will also come home tomorrow.

YARD ENGINE DERAILED.

The Pennsylvania company wreck crew was called out at 10:30 o'clock Tuesday evening to replace a yard engine that had climbed the rails in the local yards near the round house. Traffic was not interrupted and there was no great damage.

TAKES JOB ON NICKEL PLATE.

W. J. Monteith, formerly a dispatcher of the Grand Rapids and Indiana road, who was released when the force was reduced, has taken employment on the Nickel Plate and is at present serving as a relief operator. He is now temporarily at work at Argos, Ind.

HAS MOVED TO FOSTORIA.

H. B. Stoddard, Nickel Plate switchman, has been transferred to Fostoria, to work in the company's yards. He will move his family there later in the week. They have been residing at 1020 West Main street.

GOING TO ERIE ON BUSINESS.

W. Howard Miller, of the Fort Wayne Electric works, left at noon today for Erie, Pa. The heads of the testing laboratory departments of the General Electric works, has a meeting at Erie and Mr. Miller will represent the Fort Wayne Electric works at it.

Plows up silver coin.

Farmer Uncarths Total of 318 Half-Dollars in Field.

Worthington, Ind., May 31.—Dreyfuss Bonham was plowing on his farm last week near Switz City, when his plow share caught on an old iron chain and brought to the surface a tin can containing many silver half dollars. Mr. Bonham made a search of the spot and dug up \$159 all in half-dollar pieces. The old can, the rusted chain and the discolored condition of the money and the date on the coin, some running back to 1854, indicate that the money had been buried many years.

FIFTH WARD TO HOLD A MEETING TONIGHT

Flood Prevention Will Be Urged at Wayne Knitting Mills Club.

Flood prevention measures will be urged and the necessity for signing petitions to create a drainage district will be explained at a meeting of the fifth ward property owners that is to be held this evening in the clubhouse at the Wayne Knitting mills. An effort has been made to have a good attendance at the meeting, which will be addressed by Mayor Hossey, City Attorney Colerick, County Attorney Hoffman, Fifth Ward Councilman Robert John and others. All property owners of the western part of the city are urged to attend this meeting and become informed concerning the reason for signing the petitions and to give signatures to them.

Ninth Ward Meeting Postponed.

The meeting scheduled for Ninth ward property owners at Bloomingdale school Tuesday night was not well attended and the affair was postponed. It will be arranged to be held at a later date upon call of Peter A. Deitschel, councilman of the Ninth ward.

Solicitors Are Busy.

C. Byron Hayes, E. P. Thompson and Ben Johnson, who are circulating petitions for signature, are again busy in the big industrial establishments of the city and meeting with success. The petition left at the Lakeside drug store Monday was signed by 109 property owners of that district.

INSPECT CATCH BASINS.

The board of works and the city engineer spent several hours Wednesday inspecting conditions in numerous sewer catch basins in different sections of the city. Conditions are worst in the south side, and on Lafayette street they found a most serious state of affairs. A systematic job of cleaning the catch basins will have to be inaugurated if the sewers are to continue to perform their functions. There are about 2,500 sewer catch basins in Fort Wayne.

RAIN HAS STOPPED WORK.

Work has been stopped practically on all outdoor municipal improvement work. Street paving and sewer digging are at a standstill and will be until conditions of weather are improved.

Rurode's

ESTABLISHED 1860.

Now Come the June Undermuslins

Our June Sale of Undermuslins which starts today is the buying event of the season. The assortments are at their best, the goods are of the highest quality and the prices are practically incomparable.

Trousseau for Brides

Such is the refined character and excellence of the Muslinwear in this sale that the bride selecting her trousseau cannot find finer or more beautiful garments. Daintiness, beauty and styles that are charming, combined with our low prices make this opportunity worth while.

Petticoats

To the quaint styles of the olden days that are now the delight of every fashionable woman we are indebted for the return of the petticoat. Women have wearied of the freakish substitutes and welcome the soft filmy petticoats that are so well in keeping with the frocks of the present moment. The new petticoats are liberal in width and have the new flare effect. The materials are fine muslins and cambrics, some simply trimmed, others elaborately trimmed with fluffy laces and ribbons. The prices range from 50c up to \$5.00.

Night Dres'es

Slip-over, high neck and kimono styles in fine muslin, cambric, nainsook and crepe, nicely trimmed with laces, embroideries and ribbons. An almost endless assortment to choose from, starting as low as 50c, then 75c, \$1.00, \$1.25 and up to \$5.00.

Corset Covers

In many handsome styles, full front or tight fitting, with and without sleeves. All in soft nainsooks and cambrics, prettily trimmed with delicate laces, embroideries and ribbons. We start the prices at 25c and up easy steps to \$2.00.

Combinations.

That is corset cover and drawers, corset cover and petticoats, princess and envelope slips, all a little more liberal in cut than last season—have 10 be since the frocks are—but luxurious in their softness and beautiful trimming effects. Charming styles priced at 85c, \$1.00, \$1.50 and up to \$3.50.

Drawers

Fine muslins, cambrics and nainsooks in Marcella, Isabella and umbrella styles, all liberal in cut, made right, perfect fitting and daintily trimmed. Priced from 50c to \$2.00.

Silk Underwear.

The height of luxury in underwear, but not necessarily high priced. China silk and crepe de chine night dresses, skirts, corset covers, bloomers and combinations, beautifully made and handsomely trimmed, and considering their beauty, moderately priced.

QUIETLY SLIPS AWAY A MORNING OF MAY

Ida May Miller Just Faded While Her Spouse Slept on Unsuspecting.

That his wife quietly left her home without his knowledge, one May morning—to wit last month—and has since failed to return, is the reason set forth by the plaintiff in his complaint to the superior court why he wants a divorce. He says they were married September 7, 1914, and that she deserted him several times without cause, because he had provided her with a good home and treated her well. Then came the final fadeaway last month.

Another Sundered Miller Twain.

Ruth M. Miller brings suit in the superior court for divorce from Oral D. Miller, who is charged with abandonment of the plaintiff and their child aged three years. They were married in May, 1910, and separated May 22, last. She says he was loathsome with disease at the time of their marriage and that one child died. She complains of failure to have reasonable support from the defendant at any time and that since the birth of the living child it has been very poor and that he has not yet paid the expenses of her last accompaniment. She says he drinks to excess, associates with women of ill-repute and boasts of it in her presence, besides calling her bad names. She has procured an order restraining him from molesting her at her present residence with her parents north of Driving park addition or disposing of certain garden truck in which he has an interest.

Says He Was Violent.

Edna Lanning relates in a complaint to the superior court for divorce from Otto A. Lanning that he failed to support her and her child, abused and mistreated her, threw her on the floor and injured her and called her vile and obscene names, as well as falsely accused her of unfaithfulness when he was under the influence of drink. She further says he spent much of his time away from home and consorted with evil women.

Accuses His Wife.

Charging that his wife would not attend to her household duties, associated with other men and had them in her home while he was away, kept the company of bad women and cursed him and called him vile names, Walter A. McDonald has asked the superior court to grant him a divorce from June M. McDonald. They were married July 31, 1913, and separated last April.

DRIVES WIFE AWAY IN BED WITH DOG

As a proper climax to a week's drunken debauch, Emil Koerber, 1904 John street, Wednesday forenoon, took a chair and beat up his wife, drove her out of the house to seek refuge at the home of a daughter two squares away and was found all snuggled and comfy in bed with his dog when Officers Joe Degitz and George Eisenhut arrived at his domicile in response to a call from neighbors. Koerber was taken to headquarters and looked up by Mrs. Koerber was badly beaten up by her infuriated and drunk-crated spouse. Koerber has been frequently arrested.

FUGITIVE IS TAKEN BY OFFICER MURPHY

The police department's auto patrol made a hurry-up run to Broadway and Creighton avenue, Wednesday afternoon, to take possession of a fugitive just pinched by Officer Patrick Murphy. The prisoner was found to be a dog that escaped from his shipping cage at the Wabash station, where it had been taken for transportation from the city. The canine was loaded up and given an ignominious ride in the black Maria back to his cage at the Wabash depot. He made no resistance.

ALLEGED SHORTAGE SUIT.

Prosecutor Files Petition in Electric Light Department Case.

Logansport, Ind., June 1.—W. W. Fessett, prosecutor, has filed suit in the circuit court against William J. Cohee and the National Surety company, demanding \$3,225.57, the amount of the alleged shortage in the city electric light department, as found by examiners for the state board of accounts.

Cohee, who now lives at Lafayette, denies he handled the money and will fight the case, which was sent here by Attorney General Milburn. Cohee was clerk in the electric light department.

A fire alarm box bearing the number 282 has been installed at Webster and Pearl streets by City electrician, Robert J. Gaskill.

Dancing at the Anthony will be discontinued during the summer months.

While this sale lasts ten days and the stocks are tremendous, so great are the values that to avoid disappointment we would advise your attending the very earliest possible. Many garments you see today are sure not to be here Thursday, and so on each day. There will be no duplicates.

G.W. Gates & Co.

THE CLOAK HOUSE

Ten of New York's leading manufacturers have contributed to this sale. We took all their remaining cloths, had them made up into styles we desired at prices never before offered in this city. There will be plenty of salespeople. No exchanges, returns or approvals.

WOULD HAVE MEANT
FULL CHECK-MATING

Why Austria-Hungary Rejected Territorial Demands of Italy.

Washington, D. C., June 2.—"Austria-Hungary's reason for rejecting the demands of Italy is said to be her view that it would have resulted in an effective check-mating of both her commercial and her political interests on the Adriatic and the Mediterranean, almost as thoroughly as were her Aegean ambitions destroyed following the successful struggle of the Balkan states with Turkey and the establishment of a Greater Serbia," says a bulletin issued today by the National Geographic society, which discusses the Italian demands as reported from Rome. "These demands, the dual monarchy contended, were planned to give Italy strategic control, naval and commercial, of the Adriatic, and also their acceptance by Vienna would have struck a vital blow at the monarchy's future."

"As minimum concessions, Italy asked the cession of the province of Trent in the Austrian Tyrol; the cession of eastern Friuli east to Nabsesina; the formation of a state entirely independent of Austria out of southern Istria, Trieste and Istria; cession to Italy of the dominant islands off the lower Dalmatian coast, Curzola, Lissa, Lesina, Braza and Maleda; the abandonment of Austrian interests in Albania and Austrian acknowledgment of Italian sovereignty over the Albanian port and great landlocked bay, Avlona. These concessions would have changed the status of the Mediterranean from that of an Austro-Italian lake to that of an Italian lake."

"Such parts of the dual monarchy's coast line as Italy could have left in its undisputed possession is territory that Serbia hopes to get some day in the course of her natural expansion. To meet the minimum demands expressed by Rome, Austria must have surrendered her greatest seaport, Trieste, the New Trieste of southern Europe, together with her principal naval base, Pola, at the apex of Istria, upon whose development the dual monarchy has invested many millions of dollars, and must have abandoned all hope of the strategic value of the Dalmatian coast with the cession to Italy of the large islands that screen it. Deprived of her Adriatic sea coast, her only outlet to free water, Austria-Hungary felt that she would finally sink to the importance of a portless, land-bound Serbia."

"Besides Italy's rivalry with Austria for leadership upon the Mediterranean, 'irredentism' played a strong part in the determination of her demands. 'Irredentism' is the desire of various nations to bring within their boundaries contiguous areas inhabited by the same race speaking the same language and filled with the same ideas. Irredentism is an enthusiasm widely spread in Europe, greatly complicating the issues of the present war. Thus, the Germans claim that Baltic provinces are German, and must be reunited to their fatherland; Roumania, with still more reason, holds Transylvania and Bukovina as 'unredeemed lands,' and this prevents her from reaching an understanding with the German powers; Bosnia and Herzegovina are 'unredeemed lands' to Serbia, while Russia sees in Germany's Polish provinces Slavonic lands in Teutonic bondage."

"Italian irredentism affects not only Austria, but also France. The French paid themselves for their valuable aid to Italy's cause of unity on the field of Solferino, by enriching themselves with Savoy and Nice. Thus, Italian ir-

Edward Addicks Squandered Millions on Senatorial Races.

New York, June 2.—Friendless, poor and forsaken by the men he lifted from obscurity to wealth and influence, Edward Addicks, former gas magnate, who squandered millions in an effort to become United States senator from Delaware, went to a cell in Ludlow street jail, New York, a few days ago. The old man, who but a few years ago had a great fortune at his command, was sent to jail in default of a payment of \$15,472, due on a judgment in supplementary proceedings instituted by Hiram M. Burton, a creditor. Justice Greenbaum, of the supreme court, signed the order for the commitment after Ad-

dicks had stated he was unable to satisfy the claim.

Trying to Become a Senator.

The financial and political career of Addicks has all of the color, romance, adventure and vim of a modern novel. There is no more remarkable chapter in the annals of the politics of any state than Addicks' bold attempt, extending over fifteen years, to capture the United States senatorship from Delaware.

Ambition carried him high, and for a long time apparently held him a shining star in the firmament of politics and "high finance." He made men and they destroyed him; he made the weak strong and they used their power to tear down his temple of wealth and influence; he made poor men rich and they used their wealth to undermine his fortune; he gave them shelter in high places and they turned him out, stripped and alone. Divorced by the supposed friends his money lured in the days of his affluence, Addicks, in the evening of his life, has nothing left but bitter memories.

More than two-thirds of the gold now in use in the world was discovered during the last fifty years.

Odor from New Hat Sends Woman to Board of Health.

Indianapolis, June 2.—The city board of health has a knotty problem to solve—one of the most delicate that has been before it in recent years.

A woman called at the office of the board today. She said she had bought a new hat at a downtown store. She noticed, she said, there was a peculiar odor about the hat. She wore the hat out in the rain and when she got home the odor had increased to such an extent she had to put the hat out of doors for the night.

The employees of the board are of the opinion the odor came from the glue or bleaching preparation used on the hat. It has been unable to find, thus far, that there has been any violation of the health laws.

MAYOR SAYS HE'LL QUIT.

Ohio Official, 89, Twenty Years in Office, Has Had Enough.

Bellefontaine, O., June 2.—Joseph Dennis, age eighty-nine, the oldest mayor in the United States, is tired. Twenty years of service as mayor in the village

of Bellecenter, Logan county, is enough, he thinks, and he has decided he will not be a candidate again.

"I am ready to quit the field for some of the younger fellows," said Mr. Dennis.

Bellecenter, a town of 2,000 population, has had Joseph Dennis for its mayor off and on since 1870. The few times he has been beaten it has been by narrow margins. He helped to build the town hall in Bellecenter and dedicated the building when he was mayor twenty-five years ago.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

SEATING SPACE 17.78 INCHES.

New York Carriers Must Allot This Amount to Each Passenger.

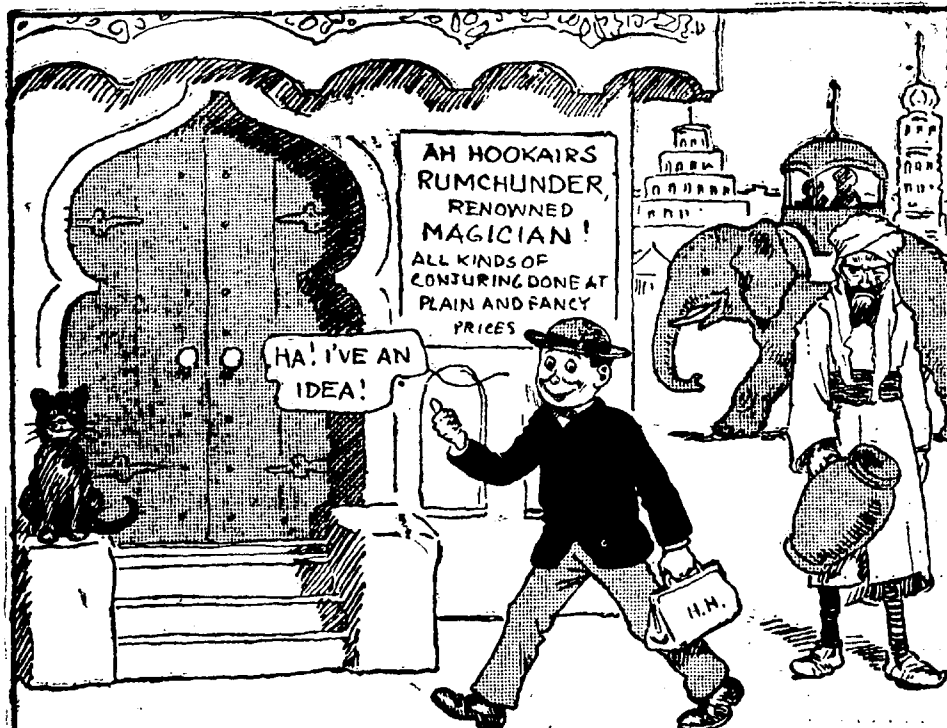

New York, June 2.—The public service commission, after an exhaustive investigation, has adopted a resolution setting forth that every passenger on New York's elevated, subway and surface cars who gets a seat is entitled to 17.78 inches of space. The transportation companies were notified that in future they must allot this much seating space to a passenger.

Before reaching this conclusion the commission conducted 800 experiments to determine how much space a passenger needs.

To Put On Flesh And Increase Weight

A Physician's Advice.
Most thin people eat from four to six pounds of good, solid, fat making food every day, and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all a matter of the nature of the food of the individual. It isn't nature's way at all.

Thin folks stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building elements known to chemistry. It is absolutely harmless, yet wonderfully effective, and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by Meyer Bros. Drug Co., Oiler Drug Co., D. & N. Pharmacy, and other good druggists everywhere on a positive guarantee of weight increase or money back.

Roger Babson Marvels at the Vast Natural Wealth of Brazil

Calls It "Land For
Beginning Again".
Government Will
Give 1,745 Acres
of Land to Home-
steaders.

(By Roger W. Babson, written in Sao Paulo, Brazil.)

Ever since I first touched the shores of Brazil I have been amazed at its vastness, richness and opportunities. All are so great that words fail to properly express my feelings.

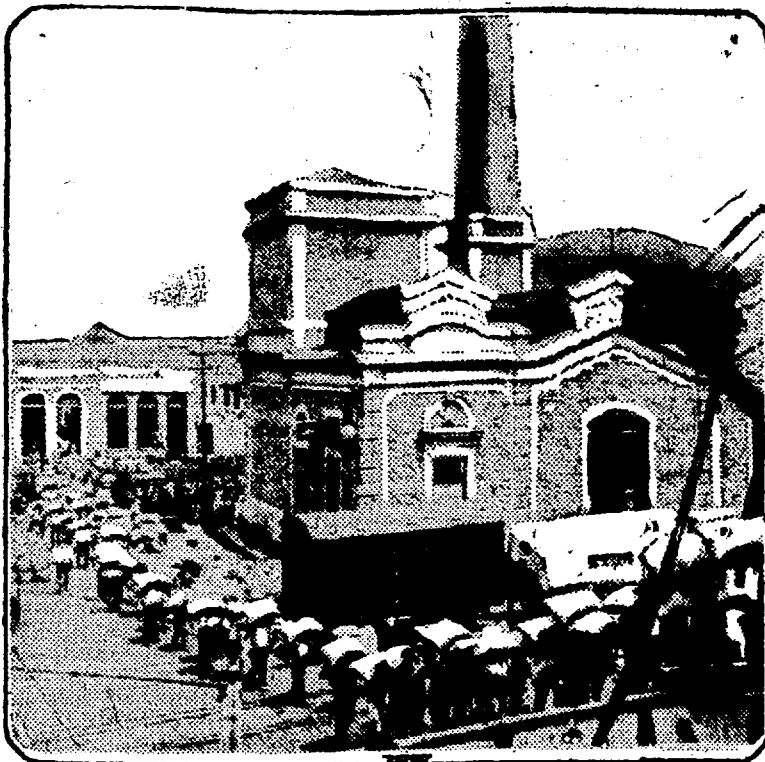

Recently, at sea, the preacher read a poem entitled, "The Land for Beginning Again." I was much struck by this poem. Certainly, southern Brazil is a "land for beginning again."

If you feel your life is a failure, and if everyone about you seems to be against you and you wish you could just start all over again, then go to southern Brazil. I do not mean by this that your life will be easy there and that you can get on without working. The southern part of Brazil is a pioneer country, similar to southern California fifty years ago.

There are now no roads, no schools and no amusements in this undeveloped part of South America. You must hew trees for your home, dig wells for your water and catch fish or shoot fowl until you have raised your first crop. Moreover, you must have a rifle always at hand to protect yourself and family against the outlaws who roam over all undeveloped land.

But you will be free and healthy. You can be the independent man that you want to be. You can truly begin again. Of all the world I know of no better place for beginning again than southern Brazil—the southern California of South America.

This section of South America has the finest climate in the world. It is warm enough in summer to raise good crops; while it is not cold enough in winter to require artificial heat. There is a rainy season such as is common in southern California, but there is an abundance of sunshine.

Where our coffee comes from—loading ships at docks of Santos, Brazil.

I use the word "spot" for this section covers but a small portion of South America. Nevertheless, this "spot" is about 600 miles long and 400 miles wide, located on a plateau between 2,000 feet and 3,000 feet above sea level.

This spot which has this beautiful climate is on the east coast of South America and hence bounded by the Atlantic ocean on the east. The little country of Uruguay on the south, Argentina and Paraguay on the west, and the territory lying about Rio de Janeiro on the north. There are six gateways into this country—viz, Santos, Paranaagua, Sao Francisco, Imbituba, Porto Alegre and Rio Grande. From Santos probably came the coffee which you drank this morning.

All of these seaport towns are hot. But if you will go immediately to the railway station, in two hours you can be up in the highlands which begin about sixty miles from the coast.

Once in the high country your troubles will be over. Here the climate is

LONG AGO HE PAVED WAY FOR GRANT'S ARMY

Today "Old Jim" Ekes Out
Meagre Living Selling
Daily Papers.

San Francisco, June 1.—Fifty years ago he was a brilliant army engineer, paving the way for the legions of Grant and Burnside into the heart of the confederacy.

Today he is a little old man selling papers on the street here, cking out of a precarious existence at the age of seventy-six.

That is the story of "Old Jim" Hamilton, San Francisco's oldest news "boy."

"Old Jim" Hamilton.

"I wasn't smart," he explains with his undaunted cheerfulness. "I could have gone high in the army engineering service after the war. I got as much as \$16 a day in my time—earning dollars where I make pennies now. I'm not smart yet."

"But I have this satisfaction: In the army, when lives depended on me, and perhaps the success of the campaigns, I did my duty though it meant the constant facing of death. Now I do my simple duty as a newsboy. And sometimes I think there's more comfort and happiness in fulfilling one's trust than in being smart."

The worn letters "Old Jim" carries next his heart tell of a young graduate engineer who joined the colors at Lincoln's call, of rapid rise to chief in charge of the fortifications at Knoxville, Tenn., where he performed what was regarded

SAYINGS OF COL-
LEGE GIRL LAWYER.

Law and justice too often get confused. The best way to make good is to do good.
All of us are too fallible to assume to take away another's life.
If murder is wrong for the individual it is just as wrong for society, the aggregate of individuals.

Berkeley, Cal., June 1.—Does the legal profession need women? By all means, thinks Margaret Hayne, the latest recruit to the small but select sisterhood of feminine barristers. Miss Hayne graduated from the University of California in 1908. When she passed the bar examination she lived up to the cherished tradition of her celebrated southern family. Her father, Brewster A. Hayne, was for twelve years city attorney of Berkeley. Her uncle was the late Judge Robert Hayne, of San Mateo county, Cal., and as far back as she can trace her ancestry they have been attorneys.

"Yes, I went into law because I felt that women are needed there," declared Miss Hayne. "I taught school for two years after I graduated, but that was only filling in.
"Justice seems often to be a purchasable thing. With rich men and women having the money to retain high-priced lawyers the poor are very often given the choice of pleading guilty or having some cheap shyster assigned to defend them. There ought to be a public defender, as there is in Los Angeles, but in lieu of this it is up to the reputable lawyers to take up the cases of the poor, as doctors do."

"Of course, I'm not going to be just a charity lawyer. I am going to open an office opposite that of my father's and show him that I can make a good living. I don't see why women cannot make as good lawyers as men."

"I don't expect many men clients at first. Men think it effeminate to be defended by a woman lawyer. But women need advocates before the bar. The legislature just turned down the woman's jury bill, and now it is possible for a woman defendant to be tried

Margaret Hayne.

without another woman in the court room with her. The prosecution may exclude all witnesses, the judge and the jury are men and there are too few women lawyers to represent the women.

"Do I believe in capital punishment? No. With the slightest chance for a man to make we should not run the risk of hanging an innocent man. It would be better to let all the guilty live than to hang one innocent man, as they are about to do in Atlanta. If 'legalized murder' is wrong, what can be said of killing in cold blood a man who may be innocent? The human factor of fallibility is too great to permit us to tamper with the most precious thing in life, which is life itself."

After the war came honors, money and social position. He tapped coal and iron mines in east and west. In Mexico, the Southern Pacific made him chief of operations in extending the Guadalupe system. In Alaska a railroad occupied his time for seven years.

"Those were great days," says "Old Jim." He gave the best there was in him to these big corporations. But as he grew old they discarded him for

younger blood. There is, however, no bitterness, no protest in "Old Jim's" reflections.

SALISBURY'S Pictures of Wild Animal Life in America with Special Lecture by Eminent Naturalist

"The cleanest, clearest and best pictures of birds and animals ever made. They are true to nature."

LUTHER BURBANK,
(World's Foremost Scientist.)

"The greatest animal, bird and fish picture I have ever seen."

CY DE VRY,
(Zoological Expert, Lincoln Park, Chicago.)

"Imagine the courage of an Indian who would climb a tree and pull a real live lion out by the tail. It sounds unbelievable, doesn't it? But you see it all in the wonderful Salisbury Wild Animal Pictures at the Studebaker theater. These pictures make the blood tingle."—Chicago Tribune.

There are wonderful pictures of bird life in North America. The Mallard Duck is shown from the egg to the swimming stage; as well as the Heron, Cormorant, Buzzard, Wild Goose, Wilson Snipe, Eagle and Coot. And the bird of mystery, the Pelican, is shown in its home in the great Pelican rookeries of America.

You see the life of the trout from the egg to the mature fish, and the methods used in spawning and hatching at the world's largest hatchery. Then you are shown the catching of immense trout on light tackle. Every move is thrown on the screen in beautiful photography.

For the lovers of good dogs there is a thousand feet of quail and pheasant shooting over the champion pointers of the west.

And many beautiful spots of nature for years tucked away from the eyes of man are shown in all their grandeur in these wonderful pictures. Magnificent waterfalls, silent snow clad peaks and beautiful forests and streams have been brought thousands of miles to you in photography.

Clergymen, business men and educators of Fort Wayne have joined hands in the work known as the Visitation. Through this plan all the homes of the largest cities have been visited in a single afternoon.

A printed invitation is left in each home, inviting the people to attend the church, synagogue and Sunday school of their choice, and a record is secured of their church connection or preference. These records are given immediately to the pastor, priest, rabbi or organization preferred, and they follow up their own cards along their own faith and denominational lines.

Plan Is Endorsed.

Local leaders have been very anxious to undertake it in Fort Wayne for some time and have greatly desired to find a time when they could have the assistance of the international superintendent of the work, J. S. Davis, of Chicago, and recently learned that he might be secured for a few weeks at this time. Mr. Davis has been in the city for a few days perfecting the plans and will remain until the work is completed. He met Tuesday morning at 9 o'clock with the Lutheran pastors, when they voted unanimously to co-operate in the work; at 10 o'clock with the members of the Ministerial association when they voted unanimously to go into the movement; and at 2 o'clock Tuesday afternoon with all the Catholic pastors at Bishop Alerdig's residence when they voted unanimously to give the plan their co-operation and leadership.

Great Value to the People.

Leaders in the educational, commercial, social and civic life of other cities where this work has been carried out write that it is of the greatest value to all people of all classes and faiths, and most beneficial to educational, commercial, social and civic welfare.

The hundreds of visitors are always from the most prominent men and women of a city. They go out to work together, meeting each other and the other thousands of people of the community, becoming better acquainted with one another and with all the conditions that go to make up the life of the city, and they are always better informed as to the needs and more willing to assist all of those in charge of all public interests in their work.

Then north to Pearl street and joined his companion.

The police headquarters was notified and Captain Kelly threw out the drug net for suspicious characters.

Number of Vags Rounded Up.

Within a few hours a number of strangers were arrested and taken to the station. James Whiteside, Otto Henricks, James Hilbert, George Stoner and James Meis were the names given by one bunch pinched along the Nickel Plate tracks in the west part of the city. Carl Funk and Charles Sturdevant were two others whom the officers arrested.

The first gang were arranged and the other two as loiterers and all were continued a week and put under \$100 bond each.

The saloon safe stands in front, where there is a shoe-shining stand and is almost in view from the street.

The saloon was purchased last August by George A. Kuetter, who came from the city of New York. A few weeks ago Kuetter's affairs got into the courts and James F. Goodfellow was appointed receiver for the saloon and took charge. Gus Schultheis was placed in charge as manager. Kuetter has moved back to Marion and left Fort Wayne Tuesday for that city.

French Report Claims Progress for Allies in West.

Paris, June 2.—(2:30 p. m.)—The French war office this afternoon gave out an official report on the progress of hostilities reading: "In the sector to the north of Arras the fighting continued last night. In the Labyrinth to the southeast of Neuville we occupied several trenches and made further prisoners. The total number of prisoners made at this point since Monday night is over 450. At Neuville itself we took possession of a group of houses where we maintained ourselves in spite of several counter attacks."

"On the other parts of this sector, particularly at Lorete, there was artillery fighting yesterday."

"Along the remainder of the front there is nothing to report with the exception of two bombardments of Rheims, and particularly of the cathedral in that city."

KERN PASSES THROUGH.

Local Friends Join Indiana Senator on Trip to South Bend.

Senator John W. Kern, en route from Washington to South Bend, passed through Fort Wayne Wednesday morning. He was joined here by E. G. Hoffmann, democratic district chairman, A. Magrath and a few other local friends.

SEBASTIAN VICTOR; WOMAN FOR COUNCIL

Los Angeles, June 2.—Charles E. Sebastian, chief of police, is today mayor-elect of Los Angeles, according to indications of the nearly completed count of votes of yesterday's election. His estimated plurality over Frederick J. Whitfield, president of the city council, was 5,000 votes.

Sebastian's election followed his acquittal after a sensational trial on a charge of contributing to the dependency of Edith Serkin, a minor. His adherents asserted that the charges against the chief were part of a plot to prevent his election.

Mrs. Estelle Lawton Lindsey was elected to the city council.

125 LOCAL ELKS TO ATTEND CONVENTION

One hundred and twenty-five members of Elks' lodge, No. 155, B. P. O. E., will leave at 5 o'clock Thursday morning for Michigan City to attend the Elks' convention of the state. The trip will be made on a special train over the Pennsylvania railroad.

The Elks' band will accompany the local delegation and assist in furnishing the music during the convention. The Fort Wayne Elks have no candidate for state office and will make no effort to secure the convention for next year.

TAKEN TO PLACE OF SAFETY.

Famous Gilded Horses Taken from Cathedral at Venice.

Rome, June 2.—The famous gilded horses which have adorned for a century the principal portals of the Cathedral of St. Marks at Venice have been removed from the city to a place of safety because of the fear that they might be damaged by hostile aviators or warships.

The four horses of St. Marks, or bronze, are among the most ancient bronzes. They adorned the triumphal arch of Nero and afterwards that of Trajan. In 1797 they were restored to their former position by Emperor Francis.

Dancing at the Anthony will be discontinued during the summer months.

CIVICS AND CIVIL SERVICE.

Portland, Ore., June 2.—The second day's session of the mid-biennial council of the general federation of women's clubs opened today with a meeting at which civics and civil service reform came in for the greater part of the discussion. Mrs. Royce Fletcher, of New York city, read a paper on the need of more vocational work in the public schools.

LYON MEETINGS TO CLOSE NEXT SUNDAY

Evangelistic Campaign at Terre Haute is Nearing an End.

Terre Haute, Ind., June 2.—Dr. Milford H. Lyon will continue the evangelistic services which he has been conducting here for the past few weeks until next Sunday. Great things are expected during the last few days. Up to Tuesday there had been a total of 1,711 persons who had gone forward, thereby signifying their intentions of leading Christian lives in the future.

Announcement was made at the meeting Monday evening that the collections necessary for the overhead expenses had been made and that during the last week, with the exception of next Sunday, no further collections would be made. The collections have amounted to more than \$8,000.

Cigarettes came in for their share of condemnation when Dr. Lyon said that young men who used them were slowly committing suicide, mental, moral and physical. He said the same proportion of arsenic might as well be used.

"What is needed in the present age," said the speaker, "is for men to make a stand for Christ and make the spiritual, moral and mental sole above the physical personality instead of subservient to it as is the case generally. Man is becoming a slave to things of the flesh and is defying the material things of life."

CITY'S FAITH IN SOUTH'S FUTURE

IS SHOWN BY WAY PAVEMENTS ARE EXTENDED TO SOUTH.

Such Great Extensions Are Not Made in the Other Parts of Fort Wayne.

City's Faith in South's Future.

That the city of Fort Wayne has firm faith in the future of South Wayne is shown by the manner in which the city has extended the pavements to the southward. In no other part of the city have such great extensions of the city pavements been made as have been made in this section.

The Calhoun street pavement has been extended far south by the city as has the pavement on Fairfield avenue. These elaborate preparations for a great increase in population south of the city are being followed up by the city's park board with its arrangements for extensive improvements on Rudisill boulevard. It is evident from this that the city officials are thoroughly convinced that the city is going to grow southward and that they want to be prepared for this growth a sufficient length of time in advance.

As is evident to anyone who is conversant with the city the trend of the population is all to the south. The school board realizes this fact and has prepared for it by planning for a south side high school which will be located just a few blocks north of Lafayette Place. That the advance in population on the south side will be rapid is shown by the manner in which it has increased within the past few years on the south side. Now with the tracks elevated their natural barrier to the growth of the south side is done away with and a greater and more rapid growth of this part of the city can be confidently expected from now on.

TELL WHY THEY BUY LAFAYETTE PLACE LOTS.

"I've talked to a lot of people who know a good deal about real estate and everyone of them has told me that a lot in Lafayette Place at the present prices, is a mighty good investment. That's why I've bought a lot there," declared an enthusiastic purchaser of Lafayette Place lots.

"So many of my friends have bought lots in Lafayette Place and have urged me to do the same before all the lots have been gobbled up, that I've gone ahead and done it. I'm sure I've made a good purchase, too." This was the statement of another man who has bought a Lafayette Place lot.

"I believe in the future of Fort Wayne," consequently I think it's a mighty good buy to purchase a lot lying directly in the path of the city's growth." This was the statement made by a school teacher who has bought a lot in Lafayette Place.

"As I will not be prepared to build a home for four or five years I'm glad to buy a lot in an addition where the improvements are not made immediately. If they were made immediately someone else would be getting the benefit of them while I would be paying for them." A young married man is the individual who made the foregoing statement.

NO SMOKE AND GRIME

At Lafayette Place—The Air is Always Clear at Addition.

There's no smoke or grime at Lafayette Place. The air is always clear and pure in this big addition. That's one of the beauties of a Lafayette Place lot, the soot and the ever-present grime of downtown lots is wholly done away with. Consequently the air is more invigorating and more healthful than it is in the city. That's why children will thrive if they are brought up at Lafayette Place.

ON HOLIDAYS

Many Fort Wayne People Visit Lafayette Place.

Sunday and Monday many Fort Wayne people took advantage of the holidays to visit Lafayette Place and see for themselves just how beautiful this splendid addition is. One of the motorists who passed by the addition came to a Lafayette Place agent yesterday and declared that he wished to buy a lot in the big addition.

"I'd been reading a lot about Lafayette Place," said the purchaser, "but I had no idea just how beautiful the spot is and just how exactly it is right in the track of the city's growth. It strikes me that I can't put my money into any better investment than this, so I want to purchase a lot in the wooded section of Lafayette Place immediately."

"It sure is a beauty spot," declared another motorist who passed by Lafayette Place on Monday while leaving the city on an automobile trip over Decoration day. "The manner in which all the lots have been marked out with low fences is especially good as it enables everyone to see just how the land lies."

"Lafayette Place certainly presented a mighty patriotic appearance on Decoration day with all the American flags flying from the lots and from the flag poles," said a lot buyer who was a visitor to the addition on Decoration day. "I don't believe there was any more patriotic appearing spot in the city on Decoration day than Lafayette Place."

Everyone who went by Lafayette Place Sunday and Monday seemed to take a deep interest in the big addition, said a lot buyer who spent both days on the ground. "Who could help being interested in such a big proposition as this?"

LAFAYETTE PLACE LOCAL ITEMS

J. B. Mills, the councilman, is making a record in the number of Lafayette Place lots that he has sold.

Lafayette Place has been platted in strict conformity with the requirements of the city ordinances. The members of the board of works and the city engineer and the members of the park board all gave their approval to the plat before it was established. This means that there will not have to be any changes made in the streets in Lafayette Place at any time in the future.

"Since we've had this extra week in which to make preparations for Farmers' day we've been successful in making arrangements which will more than make the affair memorable," said Doc. Gillie, who will be chief of staff for the Farmers' day doings at Lafayette Place next Saturday.

Two barrels of lemonade will be distributed free of charge to Lafayette Place visitors next Saturday.

Lafayette Place is one of the biggest additions ever put on in Fort Wayne and it has made a record for the speed of the sales made.

PRICE INCREASE POSTPONED UNTIL JUNE 15

It had been planned to increase the price of each of the unsold lots in Lafayette Place on June 1 to \$25 more than the original price. The date for this increase has now been set at June 15, the postponement being due to the fact that the rainy weather of last week kept many prospective purchasers away from the addition who otherwise would have selected their lots by this time. In order to give everybody an equal chance the Lafayette Place board of strategy has thus decided to maintain the original prices on unsold lots for another two weeks.

Tomorrow automobile parties will take the visitors to all parts of the county. The editors will leave for Hammond at 3 o'clock Thursday afternoon.

TOOK DELIGHT IN PAYING.

Indiana Woman Glad to Pay Fine for Striking Son-in-Law.

Columbus, Ind., June 1.—"I'd just as leave pay that fine as take a drink of water. Judge, I'm glad to pay the fine because I hit him." Thus did Mrs. Johanna Thomas make announcement to the court of E. H. Kinney, justice of the peace here. Charles Lacey, son-in-law of Mrs. Thomas, filed an affidavit charging assault and battery. He said his mother-in-law had struck him with a broom. Mrs. Thomas hastened to the court when she heard about the affidavit, pleaded guilty and paid the fine of \$1 and costs, amounting to \$11.

WISELY PUT.

"What is meant by 'comment is useless,' father?" asked Little Rollo, the boy cross-examiner.

"It means, son, that you can't think of anything else to say." Philadelphia Ledger.

THE MARKETS

CHICAGO GRAIN AND PROVISIONS

Chicago, June 2.—Fresh declines in the price of wheat resulted today in lower cable quotations and from comparatively favorable weather. After opening 3/4c to 1 1/4c down, wheat underwent a little further setback and then scored a moderate upturn.

The close was heavy at 2 1/4c to 3/4c under last night.

The opening, which ranged from the same as last night to 1/4c to 1/2c higher, was followed by gains all around.

The close was weak at 1 1/4c to 1 1/2c net decline.

Oats went down grade with wheat.

Provisions eased off in consequence of lower prices for hogs.

ELKS BAND WILL PLAY

One of the most enjoyable features of Farmers' day at Lafayette Place will be the all-day concerts by the Elks' band. This band has been engaged by the Lafayette Place company for all day on Saturday to add to the merriment of the joyful occasion.

For some undetermined reason Wall street was disposed to place a favorable interpretation on the conference to be held later in the day between President Wilson and the German ambassador. This was reflected in gains which later embraced the more representative shares. Railway issues registered advances of one to two points and some of the special industrials increased their early advances. Bonds were firm.

Trading became more perfunctory in the later session, prices showing fractional recessions from their best. The closing was strong.

THE WEATHER.

OFFICIAL FORECASTS.
For Fort Wayne and vicinity: Tonight and Thursday cloudy, with rain; probably clearing Thursday afternoon.
For Indiana and Ohio: Probably rain tonight and Thursday.
For Lower Michigan: Fair tonight and Thursday, except probably rain east portion.

WEATHER CONDITIONS.
The barometric pressure is high over the Pacific states and the St. Lawrence valley. It is low over the plateau regions of the Rocky mountains, and during the last twenty-four hours the gulf storm has moved northward, and is off the Virginia coast this morning. This distribution of pressure has resulted in showers in the mountain states of the west and rain from the east gulf and south Atlantic states northward to the southern border of the lake region, with heavy amounts in localities in Utah, Florida, South Carolina, Virginia and District of Columbia. The weather is cool for the season in the extreme northern and in the mountain states of the west, but in the central valleys moderate temperatures prevail.

DIVER LOUGHMAN IS HERO OF F-4 Tells How He Battled With Death Outside Sunken Submarine.

San Francisco, June 1.—W. H. Loughman, hero of the F-4 disaster, being removed from the transport Sherman upon

covery. Loughman told a graphic story of how he battled with death near the ocean's bottom outside Honolulu harbor where the submarine F-4 and her twenty-one entombed men lay.

"I descended about 10 o'clock on the morning of April 17 to the F-4, which was lying at a depth of about 250 feet," he said. "I walked around the submarine to ascertain that the cables were properly attached.

"I could detect nothing wrong with the diver, but some of the seams must have opened under the pressure of that depth. There was no evidence of an explosion.

"When I gave the signal to be hauled up I arose only a few feet when the line became fouled with one of the cables, and I was thrown forcibly against the other cable and badly bruised. The pressure there was terrific, and as the hours passed the agony became intense. I was in constant telephonic communication with the men up above and advised them what had happened and what to do.

"F. W. Crilly, another diver, finally freed my line from the cable, but I was raised only about ten feet at a time, as they feared to reduce the pressure too suddenly. When about seventy feet from the surface I became delirious, but managed to babble that I could stand it no longer and asked to be hauled the remaining distance at once.

"I was still conscious when they drew me to the deck of the dredger, but with the release of the pressure, I was seized with the 'bends,' a painful muscular spasm, and had to be placed in a compressed air tank to relieve my suffering."

Loughman is still unable to walk. He said that the greatest difficulty is being experienced in raising the F-4, owing to the depth. Loughman left San Francisco on the cruiser Maryland with other divers and special apparatus for raising the submarine.

FOR POLISHING AUTOMOBILES

THERE IS NOTHING EQUAL TO

JOHNSON'S PREPARED WAX

FOR YEARS Johnson's Prepared Wax has been recognized as the best preparation for polishing floors, woodwork and furniture, but it has just recently come into prominence as an automobile body polish.

JOHNSON'S PREPARED WAX preserves the varnish and forms a protection from the weather—it imparts a hard, dry, high gloss which holds the lustre indefinitely, does not collect dust and

"Sheds water like a duck's back."

After cars have been polished with JOHNSON'S PREPARED WAX it is easy to keep them good looking—dried mud rubs off like dust, leaving the sheen of the Wax unaffected.

JOHNSON'S PREPARED WAX is easy to use—simply apply a light coat and polish immediately with a soft woolen or cheese cloth rag, using long, sweeping strokes.

PRESIDENT ISSUES WARNING TO MEXICO

Factions Must Compose Differences or United States Will Take Hand to Restore Order

Washington, June 2.—In a statement to the American people today President Wilson served notice on the factional leaders of Mexico that unless within "a very short time" they united to set up a government which the world can recognize, the United States "will be constrained to decide what means should be employed by the United States in order to help Mexico save herself and serve her people."

Signaling a change from the "watchful waiting" policy, which has guided relations with Mexico for more than two years, the president's statement was regarded everywhere in official diplomatic quarters as notice of a new and vigorous policy to restore peace below the Rio Grande.

Everywhere it was interpreted as a warning that the patience of the United States is exhausted. What steps the president is prepared to take if his warning goes unheeded, is not disclosed in the statement. In high official quarters, nevertheless, no doubt existed that the president is prepared to proceed.

Text of the Statement.

The statement, which goes to Carranza, Villa, Zapata and Guma, the principal leaders, not as a diplomatic note from the United States, but as a declaration of President Wilson's attitude, expressed in a statement to the American people, is as follows:

"For more than two years revolutionary conditions have existed in Mexico. The purpose of the revolution was to rid Mexico of men who ignored the constitution of the republic and used their power in contempt of the rights of its people and with these purposes the people of the United States instinctively sympathized. But the leaders of the revolution in the very hour of their success have disagreed and turned their arms against one another.

"All professing the same objects, they are, nevertheless, unable or unwilling to co-operate. A central authority at Mexico City is no sooner set up than it is undermined and its authority denied by those who were expected to support it.

No Neater Solution.

"Mexico is apparently no nearer a solution of her tragical troubles than she was when the revolution was first kindled. And she has been swept by civil warfare as if by fire. Her crops are destroyed, her fields lie unseeded, her work cattle are confiscated for the use of the armed factions, her people flee to the mountains to escape being drawn into unavailing bloodshed and no man seems to see one to lead the way to peace and settled order. There is no proper protection either for her own citizens or for the citizens of other nations, resident and at work within her territory. Mexico is starved and without a government.

Cannot Be Indifferent.

"In these circumstances people and the government of the United States cannot stand indifferently by and do nothing to save their neighbor. They want nothing for themselves in Mexico. Least of all do they desire to settle her affairs for her, or claim any right to do so. But neither do they wish to see utter ruin come upon her and they deem it their duty as friend and neighbors to lend any aid they properly can to any instrumentality which promises to be effective in bringing about a settlement which will embody the real objects of the revolution—constitutional government and the rights of the people. Patriotic Mexicans are sick at heart and cry out for peace and for every self-sacrifice that may be necessary to procure it. Their people cry out for food and will presently hate as much as they fear every man in their country or out of it, who stands between them and their daily bread.

Time to Declare Policy.

"It is time, therefore, that the government of the United States should frankly state the policy which in these extraordinary circumstances it becomes its duty to adopt. It must presently decide what it has not hitherto done or felt at liberty to do—lead its moral support to some man or group of men, if such may be found, who can rally the suffering people of Mexico to their support in an effort to ignore, if they cannot unite, the warring factions of the country, return to the constitution of the United States."

DISCUSSES IT WITH WILSON

Count Bernstorff Has Talk With President on Diplomatic Crisis.

VISIT A FRIENDLY
AND CORDIAL ONE

White House Will Make No Statement on German Ambassador's Call.

ATTACK ON GULFIGHT MISTAKE, SAYS BERLIN.

Berlin, June 2.—The German government has transmitted a communication to James W. Gerard, the American ambassador at Berlin, explaining that the torpedoing of the American steamer Gulfight off the Solli Islands on May 1 was a mistake. Germany disavows any intention of attacking harmless neutral ships, and in cases where she is at fault, she offers to compensate.

Ambassador Gerard was informed two days ago by the German admiralty staff that the Gulfight had been torpedoed in error, the commander of the submarine not noticing the American flag until after he had given the order to fire. The communication from the German government referred to in the above dispatch, evidently is in line with the policy of Germany as outlined in the German answer to the American note on the Lusitania incident and as carried in other dispatches from Berlin.

Washington, June 2.—Count Bernstorff, the German ambassador, had an audience with President Wilson today at noon. The president received the ambassador in the historic blue room.

The ambassador motored to the white house through a downpour of rain. The president, wearing a cutaway suit, appeared in the blue room promptly at 12 o'clock. The ambassador was in a formal frock attire. Isaac Hoover, the chief usher at the white house, announced the ambassador.

The president and ambassador sat down in the davenport overlooking the Potomac and began a conversation. Inasmuch as it was of an informal character no announcement concerning it was expected to be made. It was expected the object of the call was to gain from the president an idea of the points in the last American note which the United States is determined to insist.

CHICAGO GIRL SUES PRINCE FOR DIVORCE

New York, June 2.—Papers in a divorce suit brought by the Princess Evelyn Engalitcheff, formerly Miss Evelyn Partridge, of Chicago, against Prince Nicholas Engalitcheff, were on file with the county clerk today. Although papers were served on the prince when he arrived here Monday from France, news of the suit did not become public until today.

The princess, who was the daughter of C. W. Partridge, a Chicago merchant, seeks restoration of her maiden name and the custody of her son, thirteen years old. The prince was connected with the Russian consulate at Chicago in 1893, when he met and married Miss Partridge.

WOULD YOU LIKE TO AID SUFFERING LAD?

The Bloomingdale Parent-Teacher Club Interested in Worthy Case.

Would you like to aid a suffering lad, now in the Lutheran hospital held fast in the piteous grip of lockjaw? The Bloomingdale Parent-Teacher club, of which Mrs. E. H. Moeller, Fourth and Calhoun streets, is president, and Mrs. W. O. Granger, 501 High street, is secretary, has interested itself in the matter. It has done much, but it is badly in need of financial assistance.

The case is that of Harold Davis, 14 years old, whose home is on High street. The family is in straitened circumstances. Two weeks ago, while riding to school in company with a smaller lad, the Davis boy, as the wagon stopped, attempted to lift his smaller companion from the vehicle, but himself fell in such a manner as to be painfully injured.

Later lockjaw developed, and the boy was taken to the hospital. A special nurse is absolutely necessary for the case, and there are no funds with which she can be provided. This is the appeal that has touched the hearts of the north side ladies, and they invite contributions of funds from those who feel disposed to assist in this worthy work. Contributions mailed to The Sentinel or left at the office of this newspaper will be promptly acknowledged and turned over to the Bloomingdale Parent-Teacher club for disbursement to aid the Davis lad.

Mrs. W. A. Bayer, 527 High street, has started the list with \$2.50. Who will be the next?

WEATHER SUMMARY FOR MONTH OF MAY

During the month of May there were 100 hours of actual sunshine in Fort Wayne, according to the summary just issued by Patrick McDonough, local forecaster. There were four clear days; six partly cloudy days and twenty-one cloudy days.

The highest temperature was on May 12, when the thermometer registered 81 degrees, while the lowest was on May 5, when the mercury went down to 35 degrees.

The total precipitation for the month was 4.00 inches, while the greatest precipitation in twenty-four hours was 1.40 on May 23 and 20. There were thunderstorms on May 3, 15, 21 and 24.

CONVICTED WOMAN GETS A LIFE TERM

Muskegon, Mich., June 2.—Mrs. Albert Steele, found guilty of murdering her 11-year-old stepdaughter, was today sentenced to life imprisonment in the Detroit house of correction. The child was strangled to death.

As a result of a statement made by Mrs. Steele shortly before sentence was passed upon her, her husband, the father of the dead girl, was taken into custody in connection with the crime.

PART OF BRAIN BLOWN AWAY; ABLE TO TALK.

South Bend, Ind., June 2.—Gustave Oman, aged 28, residing north of LaPorte, was struck on the head by a stump, blown from the ground by dynamite, last night, and suffered a fracture of the skull. Although part of his brain was blown away, he recovered consciousness and was able to talk with his family. Recovery is not expected.

OVER 300,000 TAKEN IN MAY

Berlin Reports Capture of a Tremendous Total of Russian Troops.

TEUTONIC GRIP ON PRZEMYSL TIGHTENS

Rumania Said to Be Mobilizing an Army of One Million Men.

Today's War News Given in Summary.

The Austro-German grip on Przemyśl is tightening. The official announcement from the Berlin war office today states that further entrenchments to the north of the city have been completed although the Russian military authorities assert that attacks on these outlying fortifications have been repulsed. The German war office also announced that during the month of May more than 300,000 Russians were taken prisoners.

Severe fighting occurred yesterday on the western end of the Franco-Belgian front, north of Arras. The French war office claims that the allies penetrated Neville and captured several houses, as well as trenches near the town. The Berlin announcement, however, asserts this attack was repulsed.

The British steamer Sadieh from Alexandria, Egypt, for Liverpool, was torpedoed yesterday in the North sea. Seven persons, including a woman, were drowned and forty-one survivors were landed at Chatham.

The addition to the ranks of the allies is indicated by a dispatch from Bucharest to Paris, stating that Bulgaria has obtained territorial grants from Rumania and is about to conclude similar negotiations with Russia. Under this plan, it is said Rumania will go to war against Austria and Bulgaria against Turkey.

Berlin, June 2.—The German army headquarters announced today that more than 300,000 Russians had been captured during the month of May. Announcement also was made that further Russian entrenchments near Przemyśl had been captured. The war office gave out the following statement:

"We shot down a British flying machine at Bixchoote. The occupants, a Belgian and a British officer, were taken prisoners."

"The sugar refinery, east of Souchez, into which the French penetrated yesterday afternoon, has been recaptured."

INDIANA ITALIANS CALLED TO COLORS

Clinton, Ind., June 2.—All Italians in Indiana between the ages of 20 and 30 years have been called to the colors and are urged to report at once to Dr. A. Salargio, vice-consul of the Italian government in Indiana, he announced at his home here today.

He said the Italians would have to report to him or the consul in Chicago or Cincinnati for physical examination before being accepted as soldiers and that the government would pay all the expenses of their return to the fatherland.

YEGGS BATTER SALOON SAFE

Bold Attempt in Business Center Interrupted by Night Watchman.

BURGLAR FIRES
TWICE AT OFFICER

Cracksmen Flee Without Loot After Removing Combination.

Another bold job by yeggs in the downtown business center was attempted early Wednesday morning when a burglar was interrupted while trying to batter his way into the safe at the George A. Knoster saloon, 124 West Main street, and Merchant Policeman Ed Brockmeyer was fired at twice as the robber, who then, with a confederate stationed in front as the lookout, escaped.

The safe had been attacked with a heavy sledge stolen from the Nickel Plate railway, and a boilermaker's punch. The combination knob had been battered from the safe when Watchman Brockmeyer interrupted operations, but the safe had not yet been opened.

Ran Into Waiting Yegg.

It was at 3:10 Wednesday morning that Merchant Policeman Brockmeyer made his periodical inspection of the rear door of the saloon and found it partly open. This door opens directly into the pool room of the establishment. Brockmeyer had proceeded, but a few feet when a man arose from behind a pool table nearer the front of the room and commanded Brockmeyer to halt, following this with some words the policeman did not understand. Almost immediately the man began to fire, discharging two shots from a revolver. Neither shot hit the officer and he quickly backed out of the room into the alley.

Men Escape to the West.

Brockmeyer says he saw no more of the man, but employees of the Lieben-guth restaurant just west, say they saw the man come out and run west in the alley, cross Harrison street and then dash west on Pearl street.

Entrance had been gained through a window on the west side of the saloon, and the man who shot at Brockmeyer probably made his exit that way. It is believed by the police that this window was unfastened some time Tuesday by a confederate of the robbers.

The lookout stationed in front of the saloon on Main street took alarm from the firing and fled to Harrison street.

HOOSIER EDITORS IN ANNUAL OUTING

Indianapolis, June 2.—More than a hundred Indiana democratic editors and their wives and friends left here today on an interurban car for South Bend on their annual outing. After a banquet and vaudeville entertainment at South Bend tonight and an automobile ride about the city tomorrow the editors will go to Hammond for another banquet tomorrow night. Friday morning they will have another automobile trip, visiting Whiting and East Chicago. A boat trip to St. Joseph, Mich., and an automobile trip through the fruit belt was the program for Saturday, the start for home to be made late in the afternoon. Lew M. Bannan, of Corydon, is president and G. M. Hazen, of Brookville, is secretary of the association.

TWO MORE NATIONS READY FOR PLUNGE

Paris, June 2.—4:20 a. m.—Bulgaria and Roumania have arrived at a complete understanding, according to a Bucharest dispatch to the Petit Parisien, Roumania having agreed to cede territory in Dobruja. The two countries will enter the war simultaneously, the dispatch says, Roumania against Austria and Bulgaria against Turkey. The army staffs of the two powers are said to be busy co-ordinating military plans.

Negotiations between Roumania and Russia over the lines of the Pruth and of Banat are said to be virtually complete. If Russia accepts Roumania's proposals the latter country is declared to be ready to begin hostilities without delay.

Dobruja is a part of Roumania, bounded on the east by the Black sea and on the north and west by the Danube. Its area is about 4,000 square miles. It was detached from Bulgaria in 1878.

The Pruth river forms the boundary line between the Russian territory of Bessarabia and Moldavia, part of Roumania.

Banat is a region in southern Hungary bordering on the east on Roumania and on the south on Serbia. It is one of the most fertile districts in Europe. The chief town is Temesvar.

STILL MORE CONFUSING.

Petrograd Reports Dispute Austro-German Claims in Galicia.

London, June 2.—The status of military operations in Galicia is made still more confused by the latest official report from Petrograd. To the north of Przemyśl, where important successes for the Austro-German forces are claimed at Berlin and Vienna, it is said the Russians repulsed their opponents with enormous losses. The Russian war office acknowledges that one fort was broken into, but declares the attackers were subsequently expelled.

Consistent successes all along the eastern front are claimed by the Austrians and Germans, who state specifically that three of the forts north of Przemyśl were captured.

The Belgian army is once more in the thick of battle. A statement from the Belgian war ministry indicates that the Germans are assaulting their position of the front. It is said, however, that the Germans were unable to advance and that they suffered from a heavy fire of guns massed by the Belgians.

ANOTHER IS TORPEDOED.

Seven Members of British Steamer Saldish Die in North Sea.

London, June 2.—(2:15 p. m.)—The British steamer Saldish, from Alexandria, Egypt, for Liverpool, was torpedoed yesterday in the North sea. Seven members of the crew, including a stewardess, were drowned. Forty-one survivors were landed today at Chatham.

The Saldish was owned by the Khedivial Mail Steamship company, of London. She was formerly the steamship Pretoria. She was built in Dunbarton, Scotland in 1878, was 350 feet long and of 1,841 tons net.

MUST NOT DISSIPATE.

Order of Berlin Military Authorities to Soldiers Drastic.

Berlin, June 2.—The military authorities have issued an order applicable to Berlin forbidding both officers of all rank and private soldiers from visiting any of the large number of "luxury restaurants and cafes" in Berlin, as well as all bars and wine rooms.

The order points out that the purpose of furlough granted officers and men—physical recovery from the rigors of life at the front and the recuperation of nerves and body—is seriously endangered by visits to these restaurants and wine rooms. A number of west end resorts catering especially to the military will be hard hit by this restriction.

\$65,000,000 CHECK LARGEST DRAWN HERE

New York, June 2.—A check for \$65,000,000, regarded by New York bankers as the largest ever drawn in this country, was on deposit to the credit of the Pennsylvania Railroad company in a local bank today.

It was drawn by Kuhn, Loeb & Co. yesterday in payment for general mortgage 4½ per cent bonds issued by the railroad company and sold on public subscription after being underwritten by a syndicate formed by the bankers.

It was deposited by officials of the Pennsylvania in the bank on which it was drawn.

CONCORDIA COLLEGE CLOSES ON JUNE 18

With the elimination of the Easter vacation as in former years, Concordia college will close two weeks earlier than usual. The 1914-15 term comes to an end Friday, June 18, and the annual commencement exercises will be held the preceding evening when the twenty-seven seniors will be presented with their diplomas. Rev. M. Hue, of Cleveland, Ohio, father of one of the graduates, will deliver the baccalaureate sermon. The salutatory and valedictory addresses will be given by E. Umbach, of St. Louis, and L. Spitz, of Curtis, Neb., respectively. F. Sievert, another graduate, will deliver a Latin oration of the European war.

The graduates are: J. Berthel, Fort Wayne; A. Daschner, Fisherville, Can.; H. Fischer, Chicago; R. Frank, Saginaw, Mich.; J. Heinicke, Evansville; M. Ilse, Collinswood, O.; H. Keimath, Richville, Mich.; H. Kleiner, Port Colborne, Can.; O. Linnemeier, Preble, Ind.; J. Luecke, Fort Wayne; L. Meinen, Indianapolis; H. Mueller, Fort Huron, Mich.; W. Rehn, Logansport; W. Rescher, Tobias, Neb.; P. Roethling, Buffalo, N. Y.; M. Seuer, Convo, O.; J. Schmidt, Plymouth, Neb.; R. Schreiber, South Euclid, O.; J. Schumacher, Louisville, Ky.; F. Sievert, Bay City, Mich.; L. Spitz, Curtis, Neb.; H. Stora, Saginaw, Mich.; W. Stora, Saginaw, Mich.; J. Sullivan, Chicago, Ill.; E. Foelher, Fort Wayne; T. Frederick, Chicago; W. Gaertner, Detroit; P. Gold, Otto, N. Y.

GOLDSTEIN TO SPEAK AT THE MAJESTIC

David Goldstein, of Boston, Mass., will lecture on the subject of "Christianity vs. Socialism" at the Majestic theater, Wednesday evening, at 8 o'clock. The speaker will present his subject from the viewpoint of the broad social, economic and religious principles.

Mr. Goldstein was at one time a member of the socialist party and a candidate of that party for mayor of Boston. He is now an anti-socialist orator of national reputation.

As all expenses of this lecture are defrayed by the Knights of Columbus there will be no admission charged. The public is cordially invited.

PONTO THE PURP.

GEORGE R. WICKWIRE OF ANGOLA, DIES HERE

George R. Wickwire, president of the Angola Bank and Trust company, died Tuesday afternoon at 4:30 o'clock at the Lutheran hospital, where he had been a patient for the past ten days. Death followed an extended illness and was due to nephritis. He had been ailing for many years.

Mr. Wickwire was born in Angola sixty-eight years ago and had resided there his entire life. Before entering the banking business he was a dentist. He was a member of Steuben county's most prominent families and his father, George Wickwire, sr., was engaged in the banking business for many years.

The deceased was a member of the Masonic and K. of P. lodges at Angola. Besides the widow he is survived by the following brothers and sisters: Thomas S. Wickwire, former senator from Steuben county; Dr. Gary Wickwire, in the government service; Charles Wickwire, of near Angola; Mrs. Henry Saunders, of Steuben county; Mrs. Thomas Miller, of Angola; Mrs. William Elston, of Angola, and Mrs. Daniel Lewis, of Waterloo.

The body was shipped to Angola for burial.

MILLIS WRITES FOR MORE INFORMATION

Colonel John Millis, head of the board of army engineers, has written to Perry A. Randall asking for additional information regarding the proposed Toledo, Fort Wayne and Chicago barge canal. Referring to the recent meeting in New York, he says: "The New York meeting was most interesting and illuminating. It has led to so much more in the lines of inquiry that a very early completion of our report and recommendations look like a more formidable task than it appeared at one time. The object of the New York conference was primarily to get the views of representatives of some of the principal commercial organizations in the east and of the New York Waterways association, especially as to the relations of our canal to the New York barge canal."

CHAMP WOULD SEND JINGOES TO EUROPE

Oklahoma City, Okla., June 2.—Speaker Champ Clark in an address before a local democratic organization said in connection with Germany's reply to the American note:

"President Wilson should not be hampered by anybody going about the country giving out interviews about what should or should not be done.

"If I could reach out and grab by the neck every jingo in the country and put them into the trenches in Europe I would be glad to do it."

FIGHT WILL BE MADE TO KEEP COMPANY D

Action of War Department
in Withdrawing Property
Causes Surprise!

Members of Company D, Third regiment, Indiana National Guard, will meet Wednesday evening at the armory on West Berry street to take action regarding the official orders received late Tuesday afternoon from the chief of the division of military affairs at Washington, D. C., transmitted through the adjutant general of Indiana to Capt. J. E. Miller in withdrawing all state and national property now in the possession of the local company.

Immediately upon receipt of the order Captain Miller conferred with Congressman Cyrus Cline, who sent a dispatch to the chief of the division of military affairs in the war department, urging him to vacate the order to disband Company D. A reply is expected late Wednesday afternoon, which will be made public at the meeting of the company called for Wednesday evening.

Various local organizations, including the Commercial club, and prominent citizens will be asked to make protest to the war department urging the vacating of the order, which, if carried out, will result in Fort Wayne virtually being without representation in the national guard of Indiana since the abolishment of Battery B by order of Governor Ralston some months ago.

The action of the federal government in withdrawing all state and national property now in the possession of the local company came like a thunderbolt out of a clear sky. It was wholly unexpected, especially in view of the compliments paid to the local officers by Lieut. Philip Remington, U. S. A., who inspected the company, its quarters, books, officers' quarters and the efficiency of the command from a military point of view on Monday evening, May 8.

Col. A. L. Kuhlman, connected with the headquarters of the Third regiment, J. N. G., at Auburn, has forwarded a letter to the adjutant general of Indiana at Indianapolis protesting against the action of the war department. In his letter he stated that the last federal inspection of Company D, Third regiment, was made very soon after Captain Miller, formerly a very capable battalion commander in the guard, agreed to assume the task of rejuvenating the company and before he had a fair opportunity to weed out unsuitable material and replace it with better. He says that he visited the company some weeks ago and was very agreeably surprised with the much improved conditions, the optimistic atmosphere, the quality of the new personnel, and he expects, if given the opportunity, that Company D will take rank at or very near the head of the regiment, so far as actual efficiency is concerned.

CALLS ROOSEVELT A POOR LIFE RISK

Detroit, June 2.—Theodore Roosevelt is not bothered with life insurance agents, in the opinion of Dr. W. M. Donald.

"Mr. Roosevelt is no good as an insurance risk; he is afflicted with the modern disease of the better classes—high blood pressure that comes from high pressure socially, economically or politically," said Dr. Donald before the twenty-ninth annual clinic of the Detroit College of Medicine and Surgery.

"Teddy's blood pressure is too high," added Dr. Donald. "It should be about 150, but runs over 200, and he isn't popular with insurance agents for that reason. I don't deny he is healthy."

Mr. and Mrs. Thomas E. West have sold their property at 1203 Scott avenue, and are making preparations to move to Chicago, where they will make their future home.

LIKE SAILING ON BEAUTIFUL LAKES

Gilson Gardner Describes
Trip Through the Pan-
ama Canal.

(By Gilson Gardner.)

On Board S. S. Finland, en route Panama to San Diego, May 16.—Going through the Panama canal is like sailing through two moderate sized beautiful artificial lakes. One is about eighteen miles long; the other about nine miles. The waters are placid, the shores are indented and covered with wonderfully variegated tropical growth. Sometimes they are distant and sometimes a few feet from the steamer. When close, a bird chorus, as of hundreds of little cranes, is heard. At first there are swampy looking flats, and later, quite respectable hills—all very picturesque and pleasing. Snags and the bare skeletons of dead trees, killed by the rising waters, mar the beauty in places; but these are rapidly rotting and dropping into the water.

Of course there are the locks, like stairways at each end of the lake—at first three big steps to get up into the first big lake, eighty-five feet above the Atlantic, then two steps down to get into the smaller lake; and then three steps down to the sea level canal. Orderliness is the keynote of the locks. All moves like clockwork. The big ship slips into the cement tank; the gates close behind without a jolt or a jar, the water wells up mysteriously from beneath, and the happy looking negroes carrying the hawser line look up and smile. Nobody seems to be doing anything. Everything happens by magic, of its own accord. The mother whose husband is a canal employe, comes down with the baby in her arms and watches the ship through, much as the country dweller goes to the station to see the evening accommodation arrive and depart. The baby waves at the passengers and the passengers think of babies at home and wave back.

The Culabra cut is still difficult of passage. The dredges and blasters were at work when we went through and there were five minutes when the Finland was to get past the point of a possible block by slides. Any delay must come at the Pacific end of the ditch. So at Panama (Balboa and Ancon) we anchored for a night and a day, and the passengers went ashore and bought Panama hats, pongee silk, Palm Beach suits and things to eat. Some stopped at the government hotel, the Tivoli, and are willing to give a testimonial to Uncle Sam as hotel-keeper. It was clean, cool, comfortable, well appointed with good food at reasonable rates.

The heat at the canal zone was actually less than before arriving and after leaving there. Soon after leaving New York blankets and wraps are discarded and for many days the weather is tropical. Off the gulf the ocean water was 85 Fahrenheit and the air much hotter. Before these trips are a complete success from the point of view of the pleasure-seeker (a majority of our passengers were such) several things will have to be done. There must be more stops and more time at the stopping places. A

CLICK OF MOVIE CAMERA PLAYS WEDDING MARCH AT HER MARRIAGE.

MRS. H. B. SHIPLEY.

Los Angeles, June 1.—"The Bride Shop" is a playlet in which brides are accompanied the wedding service in place of the soft strains of Lohegrin.

The wedding was the climax of a romance begun when the two young people joined the same theatrical company. Eagerness to preserve the scene of their marriage ceremony decided the two on the novel substitution of a movie camera for the usual altar.

stop at Jamaica will no doubt be found to be desirable and at least a day and night in the canal zone, giving time to see the interesting city of Panama and the ruins of old Panama. Opportunity to have laundry done should be included. The journey up the Pacific coast would well be broken by a stop somewhere, or at least it might be made near enough to land to permit the passengers to see shore. One of the earlier boats did take the shore route and passengers booked for the Finland were shown an enthusiastic letter from one of the passengers on that ship telling of the attractions of the coast. By some coincidence the same letter was read at the steamship offices in Boston, New York and Washington. But the Finland never got closer than fifty miles to this interesting shore and most of the time no land was visible.

Shortly before leaving Panama Saturday afternoon word came that the Lusitania had been torpedoed. Whether or not the report was true, or what was the loss of life was unknown until the following Friday morning when the wire-

less brought an answer to a message sent to the Port Arthur (Texas) station. For nearly a week while sailing up the Pacific coast of Central America and Mexico the wireless had no land stations with which to work. The wireless apparatus is less effective in the tropics. What is called "static" settles down in the hot, moist air and seems to muffle the other waves. A machine which under favoring conditions will send and receive 3,000 miles, can reach hardly more than fifty. The high volcanic mountains such as those along the Mexican and Central American coast also act as a barrier against stations on the other side of them. So the operators say.

When the ancients would have regarded as a "portent" was viewed by the passengers of the Finland Sunday evening, May 9. Suddenly the eastern heavens were lighted up with a glow as if a rocket, a hundred times brighter than any human rocket, had burst behind a thin tropical cloud. Then from behind the cloud a ribbon of fire seemed to be let down toward the earth and at the end a glowing ball, as of molten metal hung suspended for what seemed a full second and then fell to the sea.

In the southern Pacific waters the ship encounters many sea-going turtles, big brown fellows, swimming along fifty miles from shore with backs and heads out of water. Some are three and four feet in length. There are occasional schools of porpoises and dolphins, and a small fish which looks like the herring, but leaps from the water like the dolphin. Little flying fish, blue and resplendent humming birds, are aroused by the ship's prow and go skimming over the waves. One evening in southern waters, while the Finland was out of sight of land two chimney swallows came aboard. They were so identified by the secretary of the Audubon society who chanced to be among the passengers. He said they were migrating north and would probably take a ride on the boat until morning. He also identified a petrel from the Massachusetts coast.

THE KAISER—BEFORE THE WAR AND NOW

The latest picture of Emperor William of Germany showing how the strains of war and his recent illness has told on his face. At the left is the kaiser's favorite pose taken before the war. In the center is the most recent picture of the German ruler, caught while he was traveling between battlefronts. At the right is an enlargement of the face shown in the center. Note the hollow cheeks as compared to his healthy and strong appearance in the picture at left. The many worries of the war have transformed him into an old man. That the kaiser has not broken down completely from the immense strain of his position is all the more wonderful because he is not enjoying the best of health.

Genesis 8:1-12.

1 And God remembered Noah, and every living thing, and all the cattle that was with him in the ark; and God made a wind to pass over the earth, and the waters asswaged;

2 The fountains also of the deep, and the windows of heaven were stopped, and the rain from heaven was restrained;

3 And the waters returned from off the earth continually; and after the end of the hundred and fifty days the waters were abated.

4 And the ark rested in the seventh month, on the seventeenth day of the month, upon the mountains of Ararat.

5 And the waters decreased continually until the tenth month; in the tenth month, on the first day of the month, were the tops of the mountains seen.

6 And it came to pass at the end of forty days, that Noah opened the window of the ark which he had made;

7 And he sent forth a raven, which went forth to and fro, until the waters were dried up from off the earth.

8 Also he sent forth a dove from him, to see if the waters were abated from off the face of the ground;

9 But the dove found no rest for the sole of her foot, and she returned unto him into the ark, for the waters were on the face of the whole earth; then he put forth his hand, and took her, and pulled her in unto him into the ark.

10 And he stayed yet other seven days; and again he sent forth the dove out of the ark;

11 And the dove came in to him in the evening; and, lo, in her mouth was an olive leaf plucked off; so Noah knew that the waters were abated from off the earth.

12 And he stayed yet other seven days; and sent forth the dove; which returned not again unto him any more.

What is War, Anyway?

What kind of business is this war thing, anyway, when judged by the laws and morals that govern individuals? Just suppose—

That you're walking down the street and a fellow bumps into you and then says: "Can't you see where you're going? Get outta my way next time, or I'll hand you one." This makes you peeved, because it wasn't your fault at all. You feel that if you proudly ignored this threat—and the lowbrow who uttered it—that you would look like a poor, spineless coward. Maybe you ought to "consider the source," etc. But you notice that other passersby, who heard it, have paused just long enough to note the result and you recognize one or two of them as your neighbors. You "don't want any trouble." But what are you going to do? Swallow it and go on—or what?

This all goes through your mind like a flash. You feel rather nervous, but you also feel that in order to maintain your standing in the community as a regular fellow, who doesn't want trouble but who won't let anyone pick on him (where it can be heard by others at any rate) that it's up to you to say something. So, you turn and remark:

"Get outta the way yourself; who do you think you're talkin' to?"

This looks better. The passersby stop. The other fellow is now up against it, just like you were; he's got to do something now to maintain his own standing. Things begin to happen. First thing you know you're in a fight. You didn't want a fight. You didn't expect to fight. You hadn't had one in years. But here it is. Without warning. What's the answer? Do you maintain your standing by showing that you're not afraid to fight if someone picks on you? Not at all; not at all. A policeman arrives. He rings for the patrol. You and your opponent are pinched almost before the fight got started—to the intense joy of the crowd that likes a little excitement—whether it's a fight or a pinch. And from starting with the most justifiable motives in the world—those of merely maintaining your right to be let alone and not picked on—you suddenly are confronted by the fact that to be arrested as the result of a fight is a disgrace. And you get nowhere except into trouble, for it's "against the law" to fight. Our whole theory of civilization is based on that—otherwise, they say, we would have anarchy. So there you are.

But—when one country affronts another, and each refuses to back down because of pride or national honor, and the affair ends in a fight, it's glorious. It's patriotism. It's war. It is not "against the law." About the only real difference is that instead of one man fighting another man, several millions fight several other millions. Then it isn't disgraceful. It is heroic. And they pin medals on you for doing things they'd lynch you for if you were settling a private grievance.

We're not saying this isn't perfectly natural and correct, because, as most people in this world seem to be willing to fight to prove that nobody can pick on 'em, war must naturally be biologically accurate. But if war is correct you'd think, perhaps, that the custom of legally prohibiting two men from fighting it out is wrong. Both can't be correct. So, we merely ask as we did at the start, what kind of business is this war thing, anyway, that makes what we usually call an offense against the law, or even a crime, suddenly into a virtue? There is something, somewhere, in the unexplored realms of psychology that may explain it, but, personally, we have met the explanation.

It will be a matter of much regret if efforts to procure the rescinding of the preliminary order for the disbanding of Company D of the Third regiment, Fort Wayne's only remaining representation in the Indiana guard fall. Following so closely upon the disbanding of Battery B, it will in all probability stir into action an effort that will save the organization to Fort Wayne. It is not an easy matter to maintain interest and membership in the military organizations sufficient to keep them up to top standards of service, but the recent outlook for Company D has improved greatly. In the hands of Major John E. Miller, a trained militia officer, the company had begun to gain in membership and interest. It is much to be hoped the organization may be given a new lease of life and an opportunity to demonstrate its revived interest in the Indiana national guard work.

Confessed burglars to the number of more than a score are telling on the witness stand of alleged aid given the "crime trust" by Chicago policemen. But so much has been charged against the Chicago police in the past that it is going to take something unusually strong to give the country anything of a shock.

German Soldiers Use Locomotive For Scout Duty.

A RAILWAY PATROL GUARDING THE GERMAN LINE OF COMMUNICATION NEAR ARRAS, FRANCE.

A CALLING FOR HEROES.

(Cleveland Leader.)

It is a fortunate coincidence which brings the Brotherhood of Locomotive Engineers to Cleveland while the first congress of the world court movement is in session here. The engineers are an impressive demonstration, in their very presence, of the folly of the argument for war that it is necessary to keep alive courage and daring among men.

The locomotive engineers are an army of heroes of peace. They have proved in thousands of emergencies that they are second to no soldiers in devotion to duty, even though it means death, and in quick grappling with peril, whatever the outcome. No thoughtful man or woman can reflect upon the responsibilities and dangers of the engineers who hurl trains through storms and darkness, over bridges shaken by rivers at flood height, around mountain curves where the track may be blocked by a slide of rock or by a great tree torn up by the roots, far above the railway line, without realizing that of such stuff are made the heroes who win glory in battle for their native land.

Danger is a common place with the engineers. They are never out of reach of possible sudden death when they are running their engines. They have to keep cool in the face of the utmost peril. They must not lose command of themselves for an instant. Their judgment is far more independent and their sense of responsibility vastly greater than that of the average soldier in any campaign or battle.

Like city firemen, policemen, miners, sailors, fishermen, structural iron workers, bridge builders and many others who serve the needs of civilization in time of peace, the locomotive engineers are always piling up a great mass of evidence that the world does not need war to prove or school the courage of the men of the twentieth century. They are entitled to high rank among the heroes of peace and they are honored accordingly by those who understand the work they do and the perils they face smilingly, as part of the everyday experience of life.

SOAP AND MORALS.

(Pittsburg Dispatch.)

City Comptroller Prendergast of New York opposes increasing free public baths, contending, strangely enough for a former Progressive leader, that he is not one bit impressed by the argument that baths prevent lawlessness and raise the standard of morals. "I doubt," he says, "if morals are as high today generally as they were 24 years ago before the community had any of those uplifting facilities." Replying to a question about cleanliness being next to Godliness, he said all that was necessary was soap and water and the inclination, particularly the last, which the city, he thought, could not hope to furnish.

Yet the civilizing influence of soap is traditional. The bathtub has been exalted into a national ideal in England and a national reality in the United States. The backward peoples have no baths. Physical cleanliness, not infallibly, perhaps, but the tendency such as it may be is that way. As to the inclination, may not the city supply even that by offering the temptation of bathing?

Aside from the questions of morals, how about health? Surely the comptroller will admit that cleanliness improves health and that is certainly a function that the municipal government ought to be interested in. But the most amazing thing about his utterance is the implication that this former battler at Armageddon should now deny there has been any moral improvement in 20 years. Why, that embraces the whole period during which the uplift and social justice have become household words. Has it all, then, been in vain?

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

P. J. McDonald, clerk of the municipal waterworks department, reports 2260 water permits in effect.

A second castle of the order of Knights of the Golden Eagle will be instituted in this city soon.

Prof. Fred J. Reincke's orchestra will furnish music for the Decatur high school commencement June 6.

J. F. Colt, of Lima, Ohio, has secured options on nearly 500 acres of land in Maumee township, this county, and will explore the territory for oil and gas.

The suburb of North Wayne is being established and is composed in large part of Pfeiffer's addition. It is predicted that much new building will be done there this summer.

J. W. White has consummated the transfer of the White Wheel works, founded by Hon. J. B. White, to the

American Wheel company for \$150,000.

J. W. White will continue as manager. A large photograph of Manager O. L. Perry, of the Western Union, and his wife, seated on their fine tandem bicycle, attracts much attention to the window of Photographer Felix Schanz, where it is displayed.

Today a number of contractors and one or two of the wood-working mills resumed work with forces of union men and it is believed that the strike of carpenters that has been in effect since the early part of last month is practically at an end.

Mon. Franklin P. Randall, a citizen of multiplied honors in Fort Wayne, several times mayor and one of the most widely known of surviving pioneers of this city, is receiving congratulations upon the seventieth anniversary of his birth, which he attained today.

Deputy Clerk John Morris, of the United States court, has received notice from Noble C. Butler, clerk of the Indiana district at Indianapolis, that the ensuing term of the federal court will be held in Fort Wayne beginning June 10. Judge William A. Wood will occupy the bench of both the district and circuit courts here.

Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. Mecheannochqua tribe, No. 106, Improved Order of Red Men, will elect officers at the regular meeting Wednesday evening. The election will be followed by a social session. The order will hold its annual Memorial services on Sunday, June 27, at the West Jefferson street Church of Christ.

MEASLES FATAL TO BABIES OF COUNTRY

While Scarlet Fever Claims Fewer Child Victims Than Usual.

Washington, D. C., June 2.—The latest report on mortality in the "registration area" of the United States, relating to the calendar year 1913, issued by the bureau of the census, department of commerce, contains some interesting and significant figures with reference to various children's diseases.

Among epidemic diseases the most prolific cause of child mortality is diphtheria. In 1913 this malady resulted in 11,920 deaths throughout the registration area—the population of which in that year was about 65 per cent. of the total for the country—of this number 10,513, or 88 per cent., were deaths of children under ten. Infants appear to be much less susceptible to diphtheria before the first year of life is complete than during the next few years. The numbers of deaths due to this cause in 1913 were, for children under one, 913; between one and two, 1,857; between two and three, 1,781; between three and four, 1,498, and between four and five, 1,293.

The death rate (for all ages) from diphtheria in 1913 was 16.3 per one hundred thousand population for the entire registration area. This represents a very great decrease as compared with the corresponding death rate in 1900—43.3 per one hundred thousand—when the census bureau made its first annual collection of mortality statistics. The rates in cities of ten thousand and over were about 50 per cent higher than in

Disinherited is Last Chapter in the Life of Princess Chimay

Beautiful American Girl Whose Love Affairs Shocked the World Gets But Paltry \$1,000 of \$1,000,000 Estate Left by Mother.

New York, June 2.—Disinherited—but no longer an exile—this is the latest chapter in the romance-strewn life story of the former Princess de Chimay, who was the beautiful Clara Ward, of Detroit.

Once the toast of all Europe, the "madcap princess" has learned through the filing of the will of her late mother, Mrs. Catherine L. Morrow, of London, that she has been cut off with a paltry \$1,000 of an estate valued at more than \$1,000,000.

But her mother's death has freed the once famous "American beauty" from exile.

During the latter part of her mother's life—for the last fifteen years in fact—she had been forbidden to set foot in America.

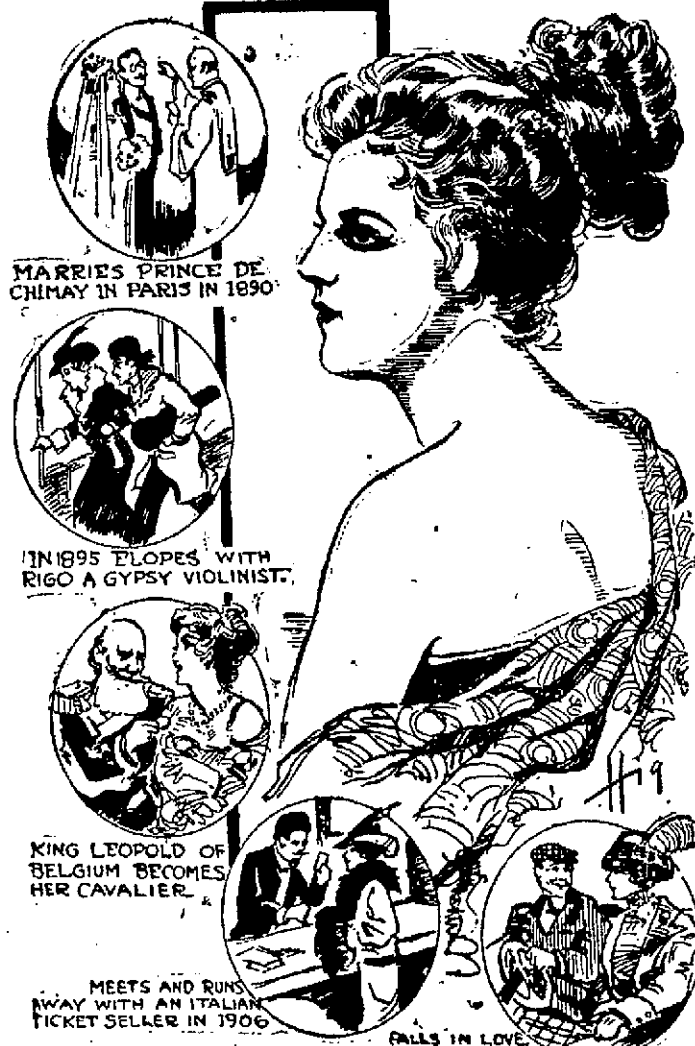

Now taking advantage of her mother's death she has slipped into the country and is living in seclusion in New York.

"Poor woman," sighs Janey Rigo, the gypsy violinist, for whom the young beauty deserted her first husband, the Prince de Chimay, prince of one of the noblest houses of Belgium.

"But, ah—while it lasted life with her was paradise," adds Rigo, who is fiddling on his beloved violin in a Chicago cafe. And the life that Clara Ward led for so many years in the gayest capitals of Europe was in the fullest sense one of love, light and laughter.

Clara Ward, daughter of the late Commodore Ward, of Detroit, was only sixteen when she went to Paris and became one of the wonders of that city of beautiful women. With the dazzling white skin, pink cheeks and glorious yellow hair of the perfect blonde, she combined great, lustrous, expressive brown eyes—and an income of \$40,000 a year.

She was besieged with suitors, but a Belgian prince, Joseph of Chimay and Caraman, won her. After their marriage in 1890 she was received at the Belgium court with marked honor and for a time was a great favorite.

Once famous American beauty disinherited! Clara Ward, who was the Princess de Chimay and sketches showing her various love episodes which scandalized the world.

the open admiration of King Leopold, which angered her husband.

Whatever the reason she scandalized the world in 1895 when she ran away with the gypsy violinist, Janey Rigo. She loved him passionately and a year later, when the Prince de Chimay had divorced her she married Rigo. She took him to Cairo and there built a palace in which they passed years of fervent happiness. In all she spent some \$8,000,000 on him, so Rigo says.

But one day her passion for Rigo cooled as quickly as it had kindled. At a railway station in Italy she saw a ticket seller for a tourist agency, fell madly in love with him, and the next day she slipped away from Rigo and married to her new love, Peppino Ricciardi.

From the time he won her as his wife Ricciardi, lifted from his humble position, lived the life of a millionaire.

Their happiness lasted four years and then the fickle princess fell a victim to the fatal fascinations of a man named Casaleto, her husband's chauffeur.

Discovering this Ricciardi got a degree of separation. This decree did not permit either to remarry.

The former Princess Chimay is now fifty-one years old. She is the mother of eight children.

The only enduring love of her life came from her marriage to the Prince de Chimay—the little hair girl, who was raised almost as a recluse in the ancient and somber castle of Chimay, near the French border, in Belgium.

CHECKS vs NOTES

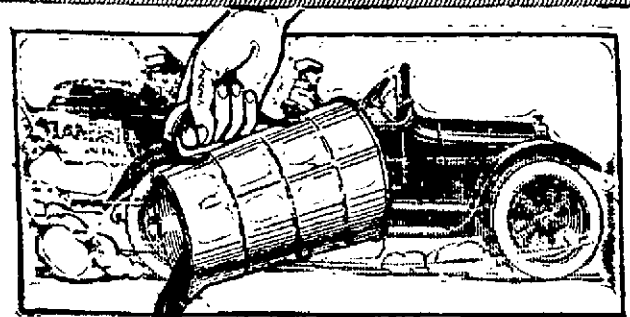

If you needed some money today which would you sign, a check or a note?

Your note would be worth a mighty sight more if you could sign a check and make it good, than it would be if you had never demonstrated your ability to save money.

There is no day of reckoning for the man who signs a check against money in bank. But signing a note, that's different. A note has a way of falling due—it's a mortgage on the future.

Start a savings account, get 4 per cent. interest, and when you need money sign a check and not a note.

Where Experts Count

The motor oil that goes into your tank or crank case should have a pedigree back of it.

For it means efficiency, smoothness of operation, protection and economy; or, it means wear, carbon trouble and expense, according to its quality.

Who makes your motor oil?

"Standard Oil" experts stand back of Polarine. Their experience with every kind of lubricating problem and with every make and type of standard motor car is worth purchasing, since it costs "per gallon of oil" the same as you are asked to pay for common oil, and saves that cost in repairs many times over.

CHICAGOANS RUSH TO CROWN POINT TO WED

June Brides Take Honey-moon Bus at the Indiana Gretna Green.

Chicago, June 2.—In Chicago June 1 was a holiday for no one but the land-lord. In Crown Point it was everybody's holiday—the opening of a new rush season in the line which is Crown Point's specialty.

Twenty-one couples from Chicago eloping and just going provisionally away to get married for the fun of the car ride dropped more or less obtrusively into Crown Point, saw the marriage license clerk, saw the justice of the peace, saw the menu at the leading restaurant, and went on their way, men and wives.

The first couple reached Crown Point on a motorcycle. They were Ernest W. Mead, a Chicago motor repair man, and Miss Irene Delaney. Both had been to the Indianapolis races.

The honeymoon bus. Then came the Crown Point special from Chicago, bearing five couples or more. Though all the world may love a lover, nowhere is he more welcome than in the peaceful country seat, and old "Doc" Clark was at the station with a handshake and his creaking bus. Up the shaded streets he drove them to the court house square. There, with a word of advice of how to visit the county clerk and the justice of the peace across the street, he left them to return for another load.

Within the court house so many couples had lined up for marriage licenses that the county clerk himself hastened to the assistance of his marriage clerk, H. L. Wheaton. As fast as the previous papers were obtained the eager ones scurried across the square to where the benevolent justice, Harry B. Nicholson, sat in his swivel chair. Hastily they repeated after him the words of law, he pronounced them man and wife, and they kissed to make way for the next couple. After dinner at one of Crown Point's "home cooking" restaurants they embarked on the "honeymoon special" for Chicago.

WOMAN CANDIDATE FOR LL. D. DEGREE

New York, June 2.—For the first time in the history of Columbia university, a woman was a candidate for the degree of doctor of laws conferred today at the annual commencement exercises. Louise Lee Schuyler, founder of the State Charities' Aid association and originator of the first American training school for nurses, was chosen for that honor. She is a great granddaughter of Gen. Philip Schuyler and a great granddaughter of Alexander Hamilton.

Other candidates selected for honorary degrees at Columbia include: Sir John Forbes-Robertson, actor; Robert S. Griffin, rear admiral, and Charles R. Miller, editor in chief of the New York Times; Hugh L. Scott, major general and chief of staff, U. S. A., and Myron T. Herrick, former ambassador to France.

AN EXPRESSION OF THANKS.

To the Editor of The Sentinel: Please state in your paper that we extend to our friends this expression of our appreciation and profound gratitude for their helpfulness and their manifestations of sympathy on the occasion of the death and burial of our little son, Kenneth. So numerous were those who by their acts of direct assistance, floral tributes, words of sympathy and other expressions of friendship and condolence have greatly aided us to bear up under a stroke that came suddenly and heavily, we find it impossible to make known to each of them personally the gratitude that fills our hearts. We trust that all will find it easy to believe that our lives cannot outlast our profound sense of appreciation and that these few lines will express to each and all what we gladly would say if we could.

WILLARD GET \$1,000 DAILY FOR SERVICES

101 Ranch Wild West Shows Pays World's Champion Big Salary.

If there is a red blooded American in this section, or a pink blooded one either, for the matter of that, who did not feel his pulse quicken when Big Jess Willard won the world's championship at Havana a few weeks ago, let him step forth and be proclaimed a real curio. This same big, good natured American fighter, the man who is a fighter without being a scrapper, a hard hitter without being a bruiser, a man of family, and better yet, "a family man," is coming to this very city on June 8. He is coming with 101 Ranch, real Wild West, and as he was originally a cowboy, made his first wage in that way, what more fitting than that he should return to his first love. The real exception is the fact that he originally got ten dollars a month in wage, now he works a great deal less and gets ten times as much wage in one day for his services, as he then received for a month's labor.

In other words Willard, the champion, is today the highest paid wage earner the world has any record about. It is to be hoped the entire coming younger generation of American boys will not try to become prize fighters when they learn of the chance to earn an honest penny with their fists.

ASSESSMENT NOTICE.

DEPARTMENT OF PUBLIC PARKS. OFFICE OF THE BOARD OF PARK COMMISSIONERS OF THE CITY OF FORT WAYNE, INDIANA.

Notice is hereby given by the Board of Park Commissioners of the City of Fort Wayne, to the property owners who own real estate lying within the following boundaries of said city, to-wit:

Commencing at the intersection of Pontiac Street and the alley West of Bowser Avenue, thence Southerly following the alley West of Bowser Avenue to McKinnis Avenue, thence East along McKinnis Avenue to Walton Avenue, thence North on Walton Avenue to Decatur Avenue, thence East on Decatur Avenue to the East line of South Walton Avenue Acre Addition, said East line being the center line of Section 18, Township 30 North, Range 13 East, thence North on said center line of Section 18 to Pontiac Street, thence West on Pontiac Street to the place of beginning—and to all others it may concern:

That the Board of Park Commissioners, pursuant to the adoption of Boulevard Improvement Resolution Number Ten (10), and the plans therefor, which are on file and may be seen in the office of the Department of Public Parks of said city, on the 22nd day of May, 1915, approved the primary assessment rolls, showing the preliminary assessments of benefits and damages for opening Rudisill Avenue from the West line of the Boulevard from the West line of the alley West of Bowser Avenue to Anthony Boulevard, and widening Anthony Boulevard from Rudisill Boulevard produced East to Pontiac Street; also for improving East to Pontiac Street; also for improving East to Pontiac Street from the West line of the alley West of Bowser Avenue to Anthony Boulevard, and Anthony Boulevard from Rudisill Boulevard produced East to Pontiac Street, by grading the roadway and park strips, sodding, sowing grass seed and planting trees in the park-strips, and constructing the necessary drains.

The boundaries of said real estate appropriated for said widening being described as follows, to-wit: All those tracts and parcels of land and lots lying West of the present West line of Anthony Boulevard and East of a line 50 feet West of and parallel to the center line of Pontiac Street to a point 75.45 feet South of the North East corner of Lot 10, Hartman's Acre Addition; and all that property lying East of the present East line of Anthony Boulevard and West of a line 50 feet East of and parallel to the center line of Anthony Boulevard, from the South line of Pontiac Boulevard

to the North line of Townley Avenue, except those portions already dedicated for street and boulevard purposes.

Also all tracts and parcels of land and lots lying within the following described boundaries, to-wit:

Commencing at a point 18.51 feet North of the South West corner of Lot 271, Drexel Park 2nd Section, thence East on a straight line to a point on the West line of Anthony Boulevard, as above described, said point being 23.51 feet North of the South East corner of Lot 9, Hartman's Acre Addition, thence South along the said West line of Anthony Boulevard 100.07 feet to a point 75.45 feet South of the North East corner of Lot No. 10 of said Hartman's Acre Addition, thence West on a straight line to a point 9.35 feet South of the North West corner of Lot 274, Drexel Park 2nd Section, thence North 100.06 feet to the place of beginning.

NOW, THEREFORE, said property holders are hereby notified that the Board of Park Commissioners has fixed Tuesday, the 29th day of June, 1915, at 4:00 o'clock P. M. as a date when said Board will meet at its office in said city, to hear any or such property holders interested therein or affected thereby, and remonstrances will be received or heard against the amount of benefits assessed and damages awarded, and will determine the question as to whether such lots or tracts of land have been or will be benefited or damaged in the amounts named on said rolls. Said assessment rolls, showing said prima facie assessment or benefits and awards of damages, with the names of owners and descriptions of property, are on file and may be seen at the office of the Board of Park Commissioners of said city.

MEMBERS OF BRIDAL PARTY AT FOX-SORG WEDDING.

Miss Bertha Sorg, daughter of Mr. and Mrs. John M. Sorg, of Hoagland, and Mr. Leo M. Fox, son of Mr. and Mrs. S. Fox, who live on the Sandpoint road, were married in St. Joseph's church, Hesse Cassel, by Rev. Max Benzinger at 9 o'clock on Tuesday morning, June 1. Miss Bernadette Sorg, a sister to the bride, and Mr. Aloysius Fox, a brother to the groom, were bridesmaid and groomsmen, and two pretty and attractive flower girls were Carlotta Sorg and Olivia Sorg, a cousin and a sister of the bride. The bride made a beautiful appearance in her wedding costume of ivory white satin with overdrap of lace, that trimmed both skirt and waist. The bride wore a tulle veil, shirred in rap effect and held with orange blossoms, and she carried her prayerbook with a bookmark of white ribbon and swansonia blossoms in shower effect. The bridesmaid was dressed in a light blue silk covered with chiffon and she held a bouquet of roses, while the two flower maids carried arm bouquets of flowers tied with ribbon to match the ribbon

in their hair in color. The wedding breakfast was served to the bridal party at the home of the bride's parents where about three hundred guests gathered during the day and evening and partook of the generous hospitality extended to them. In the evening there was dancing, for which music was furnished by Messrs. Albert Palmer, Ralph Lagaman and Mr. Friedline, of Monroeville. The groom is employed at the Fort Wayne Electric works. At present the bride and groom will be at home with the bride's parents.

L. O. Hull, the remainder of the week and will then return to their home in Germantown, Pa.

Miss Mary Morris and Frank Kuyoth have returned from Toledo, O., after spending a week with Mr. and Mrs. Carl Tamlyn and baby.

Mrs. Helena Wolff, the widely known aged army nurse, celebrated her eightieth birthday anniversary on Saturday in a quiet way. Mrs. Wolff attended Memorial day exercises at Lindenwood and services on Sunday at Trinity Episcopal church, of which she is a communicant, and met a few of her friends besides. The aged woman still works toward the support of herself and she is so active that it is remarkable. She is a native of Hungary and was born on May 29, 1835.

Miss Irene Curtis was pleasantly surprised on Saturday evening when a company of her friends called for a good time in honor of her natal anniversary of twenty years. Progressive luncheon was the amusement. Misses Gunzenhauser and Wooner and Mr. Krupod took the prizes. After the game a luncheon was enjoyed. Taking part in the good time were Misses Elizabeth and Eleanor Wooner, Helen Olinger, Helen Baker, Frieda and Rose Gunzenhauser, Anna Doerner, Gladys Bilger, Irene Alma and Helen Curtis, Mrs. Clark Babbs, Earl Black, Joe Smith, Henry Menze, Frank Tiernan, Clarence Haslop, Fred Krupod, Walter Blumenberg and Owen Curtis.

Mr. and Mrs. Harold Baxter are expected home Thursday from their trip to San Francisco. They will be guests of Mrs. Baxter's parents, Mr. and Mrs.

Hamilton School P.-T. Club.

The closing meeting of the Hamilton school parent-teacher club will be held Thursday afternoon at 2:30 o'clock. Miss Carrie Snively is to have charge of the program, which will include flag and wand drills on the playground, weather permitting. J. A. Reising, of the High school faculty, will give a talk on "Conservation of Human Energy." The election of officers will be held.

Clay School P.-T. Club.

The parent-teacher club of the Clay school will meet on Friday afternoon, June 4. The program will be given entirely by the pupils and will begin at 2:30 o'clock. The election of officers will be held. All members of the club are asked to be present.

NAIL IS REMOVED.

Word has been received here that Kenneth Boucher, the twelve-year-old boy who was taken to Pittsburg some days ago to have a nail removed from his lung, which he swallowed ten years ago, has successfully passed through the operation and is recovering as rapidly as could be expected. He will be brought home in a short time.

Calvin H. Brown, ex-county auditor, has accepted a position with the Union Central Life Insurance company. He will have charge of the real estate loan department.

AT THE NEW PALACE

"THE LURE OF THE MASK"

Harold MacGrath's Story at New Palace—Salisbury Wild Life Pictures.

The best thing Harold MacGrath ever did is the universal verdict on that gifted young writer's novel, "The Lure of the Mask," and its pictorialization at the New Palace is in every way worthy of the story. Elsie Jane Wilson, Irving Cummings and Harold Lockwood are a company of splendid players. It will be projected for the last time this evening.

Salisbury Pictures

The famous collection of films depicting wild animal life in this country, secured by Herbert Salisbury, the noted explorer, naturalist and hunter, will be the week-end attraction at the New Palace. These pictures are not the ordinary zoo-posed films of strange and weird creatures, but are faithful depictions of our own native wild animals, secured in their natural habitats. The marshes, the fields and the woods were tramped for years to get these views, which include everything gamey from the speckled trout to the wild cats and mountain lions. Pointer dogs are shown working on quail and pheasant, while another film is devoted to fly casting for trout, showing the proper method of handling light tackle.

AT THE COLONIAL

MRS. LESLIE CARTER COMING.

Albert Chevalier at Colonial for Last Time in "The Middleman."

"The Middleman" which is the current production issued by the celebrated Metro Pictures corporation stands prominent as one of the worthiest motion picture dramas ever staged. Henry Arthur Jones, the noted playwright whose popularity in America is second only to that attained by Sir James Barrie is responsible for "The Middleman," one of the most trenchantly appealing dramas ever penned. Albert Chevalier is a revelation in the title role and contribute one of the greatest character delineations ever witnessed upon the screen.

Tomorrow, Friday and Saturday will mark three red letter days in Colonial history, Mrs. Leslie Carter, the wonderful emotional actress, appearing in a magnificent six act screen revival of her memorable stage success, "The Heart of Maryland," which David Belasco wrote and produced for his fiery star some ten years ago.

AT THE MINUET.

A SMASHING SUCCESS.

"The Carpet From Bagdad" Playing at Minuet Better Than "Graustark."

In brilliancy of acting, wealth of scenic and artistic detail and dramatic qualities, "The Carpet From Bagdad" far surpasses the first release of the famous V.-L.-S.-E. corporation, a dramatization of "Graustark." A story of mystery and adventure opening in New York and including Cairo, Egypt, and the ancient city of Bagdad, and the desert of Sahara; a tale of Indian mysticism, of temples and mosques; of plots and counterplots; an intense, thrilling narrative of how a precious prayer rug was stolen from the innermost recesses of a sacred mosque and how it imperiled the lives of two men and a beautiful woman, Kathryn Williams and a cast of superlative abilities present the enthralling story in truly wonderful manner. "The Carpet From Bagdad" remains at the Minuet today and tomorrow, a picture that should demand the attention of all those looking for the best in the cinematographic field.

Dancing at the Anthony will be discontinued during the summer months.

TRIM LITTLE CRAFT IS THE "MONOPLANE," NOW SOARING ACROSS THE FASHION SKIES.

There are sailor hats for maids who never sail, and motor bonnets for maids who never motor, so why not a monoplane hat for the girl who looks well in a tri-cornered head piece even if she never flies.

This stunning "airship" is made of white corded silk and fine milan straw. The silk forms the top or "planes" and the straw makes the band that fits tightly around the head. A clipped ostrich feather is twisted into a realistic little propeller.

Miss Virginia Rappe, an aviation enthusiast, designed the new hat to be worn at the mid-summer aviation events, but it will look just as well at a summer picnic or at a matinee on a girl who never saw an airship.

Free Kites for Boys and Girls

CUBS LOOSEN UP FOR ONE INNING

And Incidentally Drops a Funny One to Grand Rapids.

Grand Rapids, Mich., June 2.—Grand Rapids won again yesterday and the Fort Wayne railroaders didn't seem to have a chance. However, the Cubs still are tied for third place with Terre Haute. It was a mighty good show except for the third inning, and in that frame the visitors loosened up and allowed six Grand Rapids runs to cross the plate.

An error by Brant, Edgington's walk, a couple of singles, and a homer by McGraw with the bases full tells the story of this terrible frame. Six runs in all came over, and after that Donley tightened up and nothing more happened. Paynter pitched remarkable ball for the locals, and Fort Wayne didn't have a chance to connect with anything that looked like a tally. The score:

OTHER CENTRAL GAMES.

Evansville, Ind., June 2.—Evansville defeated Terre Haute yesterday in the shortest game seen this season on the local park, play being completed in one hour and twenty-five minutes. Cantley again hit in a run, the only one that was scored in the entire game. Score: R.H.E. Evansville 0 1 0 0 0 0 0—1 5 1. Terre Haute 0 0 0 0 0 0 0—0 6 2. Batteries—Cantley and Hauser; Nehf and McCarthy.

Maria, Pa., June 2.—Erie defeated Youngstown here yesterday, getting nine hits when hits counted. The game was interesting from the beginning, although six errors caused the play to be a little rough and ragged. Score: R.H.E. Erie 3 1 1 0 1 1 0—7 9 2. Youngstown 0 0 1 0 0 0 0—3 7 4. Batteries—Haggerty and Tye; Gray, Duffy and Wagner.

Dayton—Wheeling game yesterday postponed; rain.

NOAH'S KNOCK.

It was Noah who was voicing the complaint. "My wife made me get up and shut the windows every night it rained," he said.—New Haven Register.

SWIMMING POOL WILL REVIVE DEAD SPORT

In Days Gone by Fort Wayne Had Some Real Boy Swimmers.

With the opening of the swimming pool now under construction in Lawton park, in which every boy within a ten mile radius may swim as long and as hard and as fast as he wants, as the guest of the municipality, will revive in Fort Wayne a sport that has been dead since the days of the old canal.

There was a time when Fort Wayne boys could swim. That was in the days of the canal, when the old aqueduct charmed the youngsters to its cool waters on summer afternoons, and when the kiddies swam in the "basin" in the canal near Harrison street.

But that was years ago, and even the faintest tads of aqueduct days are gray faded men today. Then, with the passing of the canal, nothing but the rivers remained, and in time they became so green and gooey that it took a hardened athlete to attempt to swim in them. The old swimmers kept on, but there were no new ones to take their places. There was nothing to invite them.

When the dam still held in the St. Joe below Robison park there was real swimming at that resort, but with the breaking of the old stone affair the sport died there too.

Then someone suggested Lakeside park. Sure there was swimming there for a number of years. But that was at so much a swim, and a gate man was on duty all the time. But even Lakeside wasn't a crystal pool.

Today the Fort Wayne boys, who can swim are in the minority. Those who go to the lakes have an opportunity to learn, but the vast majority, the stay at homes, don't know the first principle.

But with the completion of the new basin in Spy Run there will be a "swimming hole" that will accommodate thousands of boys at a time. Here Fort Wayne young may learn the wonders of the deep and the result will be some crackling swimmers by the end of the summer. The pool is large enough and the water will be fairly clear, at least it will be a great improvement over the river, and will place Fort Wayne on the swimmers' map again.

THE FEDERAL LEAGUE.

Chicago, June 2.—Kansas City made it three out of five over Chicago, winning the final game, 3 to 1, through Cullip's effective pitching and timely hits off Hendrix. Score: R.H.E. Kansas City 1 0 1 0 1 0 0—3 4 5. Chicago 0 0 1 0 0 0 0—1 4 4. Batteries—Cullip and Brown; Hendrix and Wilson.

Brooklyn, June 2.—Making hits at opportune moments, Newark defeated Brooklyn 7 to 2. Score: R.H.E. Newark 0 0 1 0 0 5 0—1 7 11. Brooklyn 0 0 0 1 0 0 0—1 2 6 3. Batteries—Mosely and Bariden and Wilson; Upham and Pratt.

Buffalo, June 2.—The Buffalo team batted out an 8 to 1 victory over Baltimore. Score: R.H.E. Baltimore 0 0 0 0 0 1 0—1 7 1. Buffalo 0 0 2 0 0 0 0—8 9 1. Batteries—Smith, Bailey and Russell; Blair and Allen.

346 Athletes From 19 Schools In America's Greatest Meet.

Two of the Stars in Big Track and Field Meet—Ward, of Chicago, in the Hurdles, and Mucks, of Wisconsin, in the Weights

(By Hugh Fullerton). America's greatest athletic meet of the year will be the college conference meet at the University of Illinois, Urbana, Saturday. Three hundred and forty-six athletes, representing nineteen of the great schools of the central west from the Alleghenies to the Rockies will compete and the chances are that half a dozen conference records and perhaps two college records will fall.

The meet will be the greatest in the history of the western conference, and the disappointment over the failure of the Pacific coast athletes to compete is lightened by the fact that many of the stars of next Saturday's meet will encounter the coast champions later at the San Francisco exposition.

Chicago, by virtue of its recent victory over the well balanced Illinois team in their dual meet, is a slight favorite, with Illinois, Wisconsin and Michigan Aggies and Notre Dame strong contestants. Colorado has point winners and Kansas and Missouri, are sending strong, well balanced teams.

SCRIBES DECLARE A STATE OF WAR

Diplomatic Relations Between Umps and the Writers Broken.

Sport writers at Grand Rapids and Dayton sit up nights figuring out new figures of speech in which to describe the Central staff of umpires. Both these towns seem to be pretty thoroughly disgusted with the indicator men this year, and are hopeful that there will be some new ones.

The Grand Rapids News in discussing Umps Green and his recent encounter with Manager Essig, arises to remark: "There were several other errors on his part and they but bore out a statement in these columns some time ago that the Central league staff of umpires with the exception of Bierhalter is poor, or worse than that."

"President Heilbroner today indefinitely suspended Manager Essig. The suspension undoubtedly will not be of more than three days."

"The suspension appears peculiar in that when Curley Blount had his recent run-in with Umpire Pletz Heilbroner was in the stand. Curley drew a couple of daps and no fine."

"While assaulting of umpires is not condoned, it really is time Grand Rapids team leaders and players awoke and asserted their rights. Things have been let slide for several years and but a few 'peepers' heard."

And Then at Dayton.

The Dayton Daily News is constrained to whisper:

"There is one thing certain, Umpire Daly, who is taking Pletz's place while the latter is on a leave of absence owing to illness, runs the ball game which he is officiating. In the first inning of play 'Pop' Schriver was coaching at third, and unless one was real close to him he couldn't tell whether he or Jimmy Jones was playing third. Manager Compton trotted out to Daly with the request that he make Schriver stay within the bounds but the arbiter turned a deaf ear to Jack's words. As the Vet manager became duly insistent upon his demands, Daly chased him to the bench with a few harsh words ringing in the ears of our leader. It does seem that when Jack was in the absolutely right, Daly should have at least given him a reasonable consideration."

NATIONAL LEAGUE SCORES.

Brooklyn, June 2.—Zack Wheat was the hero of a 5 to 4 eleven inning victory by the Brooklyn over Philadelphia. After the visitors had forged ahead by a ninth inning rally, Wheat came up with two out and two strikes called, and tied the score with a homer to deep left. He came up again in the eleventh with the bases full and one out, and scored O'Mara with the winning run. Score: R.H.E. Philadelphia 0 0 0 0 1 0 1 2 0 0—4 8 2. Brooklyn 0 2 0 1 0 0 0 1 0 1—5 7 8.

Batteries—Alexander, Demaree and Kilgus and Burns; Dell and McCarthy.

AMERICAN LEAGUE SCORES.

St. Louis, June 2.—Betzels' single in the second inning of Tuesday's game spelled defeat for Cincinnati by the score of 4 to 2, as the blow sent Long and Dolan across the pan and Betzel later scored on a wild pitch. Score: R.H.E. Cincinnati 0 0 0 2 0 0 0 0—2 7 1. St. Louis 0 4 0 0 0 0 0 0—4 10 0.

Batteries—Lear, Toney and Wingo; Meadows and Snyder.

Pittsburgh, June 2.—Chicago shut out Pittsburgh 2 to 0 through the effective pitching of Zabel, who allowed only two hits. Score: R.H.E. Chicago 1 0 0 0 0 1 0 0—2 6 0. Pittsburgh 0 0 0 0 0 0 0 0—0 2 1.

Batteries—Zabel and Bresnahan; Adams, McQuillan and Gibson and Schanz.

Boston, June 2.—Boston's ability to hit Mathewson freely, while Ragan was holding New York batters to two hits, resulted in an easy victory for the Braves 7 to 0. Score: R.H.E. New York 0 0 0 0 0 0 0 0—0 2 3. Boston 1 0 0 0 0 0 4 2—7 9 0.

Batteries—Mathewson, Schupp and McLean and Smith; Ragan and Whaling.

JOKE TAKEN SERIOUSLY.

Nickel Show Is Closed in Anticipation of an Explosion.

Greensburg, Ind., June 2.—When an anonymous letter was received by Dennis Dannacher, proprietor of the Annex hotel here, saying that the place would be blown up, it was taken seriously by o'clock a number of persons.

A five-cent theater in the building was closed to avoid a panic in case there should be an explosion. About 2:30 in the afternoon, three small torpedoes were placed on the interurban track in front of the hotel, and when they were exploded by a passing car, a large crowd of persons came running to the hotel, thinking that the threat had been carried out.

MOCK GROOM GIVES WAY.

Then a Real Wedding Is Staged at Nuptial Rehearsal.

Danville, Ill., June 2.—Actors in a mock wedding that is to be staged in a few days at Hoopeson, north of here, for the benefit of a secret order, were surprised when the rehearsal was turned into a real wedding a few days ago. Miss Ruby D. Lucas, the young woman who is to be the bride in the mock wedding, had just marched into the room with the "bridegroom," another young woman, dressed in men's clothes, when Phil T. Reese gently pushed the "bridegroom" aside and took her place. When the rehearsal was over the spectators realized they had attended a real wedding.

ERIE HAS A SINGER OF SOULFUL DITTIES

Scotty Alcock Possesses a Honey-Dripping Voice.

Erie has several distinctions. In spite of being at the very bottom of the Central league ladder, the Sailormen have one or two features that are unusual at least. In addition to being made up of ex-managers, the team has with it a nightingale who answers to the name of Alcock—Scotty Alcock. In the gay social whirl he is "Mr. Forbes Alcock," and he is the sweetest singer in baseball. He has been offered fabulous sums to desert the cause of the trailing lakemen and join everything that makes noise, from vaudeville to grand opera, but he is of a charitable disposition and holds tight to the Erie job. Last year Forbes was with the Federals, and this year went to the White Sox for a tryout.

NEGROES ARE HELD TO CIRCUIT COURT

Walt Hamilton for Burglary and Others for Receiving.

Walter Hamilton, a paroled negro convict, pleaded guilty in the city court Wednesday morning to a charge of burglary and was held to the circuit court under \$1,000 bond, and Mark Walters, Mattie Edwards and Ida May Burros, all colored, were bound over on charges of receiving stolen property. Walters' bond was fixed at \$250, Mattie Edwards' at \$100 and Ida Burros at \$50. Hamilton pleaded guilty to breaking into and robbing the store of Conrad Buesching, 1002 Hanna street, Sunday night, May 23, and stealing three pairs of shoes. Walters and the two women each had a pair of the shoes. Hamilton is probably also guilty of several other robberies committed that same night, two of them in the immediate vicinity of the Buesching store, as well as some grocery store burglaries committed several days previously. He was arrested by Detective Sergeants Walter Immel and Martin A. Rundell, who uncovered the series of robberies.

Fleeing from an Officer. After trying vainly to get a bus check cashed at the Limited saloon on West Main street, near the interurban terminal, Tuesday evening, Clyde Rodebaugh was trailed to the Bruno saloon, Main and Broadway, by Officer Fred Smith. Rodebaugh appeared at the time to be very drunk, but when Officer Smith was searching the telephone book for the number of Rodebaugh's father, Rodebaugh

dashed out of the door and tried to elude pursuit in the adjacent lumber yards. Officer Smith gave chase and after firing one or two shots from his revolver into the ground brought Rodebaugh to a standstill. He was arraigned on a loitering charge Wednesday and his case was continued. The man appeared to be on the verge of delirium tremens. It is believed his check is worthless. Rodebaugh has been in trouble before.

Other City Court Cases. Charles Stroh, a barber, who says his home is in Decatur, and who told Officer Fred Smith he was loading around the interurban passenger terminal to meet a "lady friend" who was coming in, was locked up on a drunk charge. Judge Kerr fined him \$1 and costs and he went over. George Paddler was the name by which a young man chose to be known when arraigned on a loitering charge. He had been making trouble in Lakeside in company with other boys. Officer Frank Wilcox arrested him and Judge Kerr continued his case until Friday, releasing the youth on his own recognizance.

C. J. Abbs, arrested on a loitering charge, was continued a week under \$100 bond and a more serious charge may be filed.

James Hurry explained that he stole a bicycle because he could not find work and needed money. He was fined \$10 and costs, and got forty days in jail added.

James Donovan was continued until Friday on a loitering charge and his bond was fixed at \$100. He is under investigation. John B. O'Connor was beating a path in several downtown alleys Tuesday night and Officer Kammer pinched him. O'Connor said he was an agent for a well known publishing house, but told so poor a story about himself that he was continued until Monday on drunk charge and his bail was fixed at \$100.

Henry Kruse, who hops up in the city court almost as often as anybody, was turned loose after several days in jail awaiting trial on a drunk charge. He

was warned his next appearance would get him a long rustication at the state penal farm.

WOLF & DESSAUER

The First of June, and the Store's Abloom With Summer Apparel

Palm Beach Suits

Palm Beach texture is the very thing for Summer wear. The weave is crisp, porous and durable, and tailors remarkably well.

New Suits shown this week for the first time include Smart Palm Beach models, and tailored linen Suits and Coats. Women will like them for general Summer wear, for traveling and all vacation needs.

Palm Beach and Linen Suits, \$6.75 to \$23.75
Palm Beach and Linen Coats, \$5.95 to \$8.95

Crisply New White Wash Skirts

—They're pretty; they're practical and they're going to be more fashionable than ever this summer, these Smart Wash Skirts.

You'll see them here in all their charm—new models of pique, gabardine, linen, linene, Palm Beach and ratine.

The models are plain—good lines, and with the advantage of being easily laundered. All regular and extra sizes are generally represented. Priced at \$1.38 to \$7.80.

A Fluttering Flock of Summer Dresses

A lovely assemblage of them! No previous season has brought such beauty in Summer frocks.

There are nets, exquisitely designed; frilly chiffons, beautifully fine Voiles, the sheerest of organdies and dainty lawns, to say nothing of smart, cool-looking linens.

Some have new ruffled skirts, others have plain little bolero jackets. There are long sleeves and short sleeves, and low necks predominate.

There are scores of styles and the prices range from \$4.95 to \$33.75.

Summer Furniture

For the House, the Porch and the Garden

Great, roomy, comfortable chairs of rattan, willow and wicker—rockers and arm chairs; settees and couches; tea tables and reading tables, book cases just large enough to hold light Summer books and magazines; tea carts and footstools—nothing is missing to add to the comfort of life out of doors.

It is all displayed in the Basement, along with the hammocks and refrigerators—a department you'll want to visit before fixing up the house for Summer.

Corsets Women Like for Summer Wear

P. N. Ventilating Corsets are the coolest corsets imaginable for hot weather wear. They are made of firm cotton netting, in medium and low bust models, with slightly curved front and roomy top. The medium length skirt is fitted with two pairs of hose supporters. All sizes from 19 to 33; only \$1.00

Summer Brassieres

Most every woman will need one or two of the De Be Voise net brassieres, with shield arrangement. Some are made without sleeves; others have half sleeves; but both have good size shields.

Priced at 50c, \$1.00 and \$1.50.

SHOP AND RAIL ROAD NEWS

ON LAST STAGE OF ANNUAL EXAMINATION

Nickel Plate Officials Completing Work Started Several Weeks Ago.

The examination of Nickel Plate men for sight, hearing and color blindness, which has been in progress for some time, will be completed tonight. Special Agents S. K. Blair and D. H. Caldwell are now on the last stage of the work. They left here yesterday morning and examined the telegraph operators between this city and Argos, remaining over night at that point. They returned the trip at 7 o'clock this morning and will end it at Chicago this evening. Everybody connected with the movement of trains in any capacity is subjected to the most rigid examination for sight, hearing and color blindness and if found wanting in either is taken out of the department either by dismissal from the service or transfer to other departments. This includes conductors, brakemen, flagmen, baggage men, engineers, firemen, yard employees, station agents and telegraph operators.

WABASH ENGINEMEN ASSIGNMENTS.

As a result of the inauguration of a new train service on the Wabash, a number of engineers and firemen formerly residents of Peru, are now either residing in Fort Wayne or Toledo.

Engineer E. J. Mulcahy takes a short passenger run between Fort Wayne and Montpelier. His layover will be at Fort Wayne. Engineer W. J. Kelso takes 94 and 95 between Montpelier and Toledo. He will lay over every night at Montpelier. Engineer George Maloney, takes a local run between Lafayette and Tilton and will lay over at Tilton. Fireman Joe Hammill has a local run between Fort Wayne and Toledo and lays over at Fort Wayne.

The short passenger runs Nos. 13, 21, 57, 58, 12 and 12 between Fort Wayne and Toledo were somewhat disarranged as to lay over and as a result, these runs were thrown into what railroad men call a "pool," and four engineers and four firemen assigned to run them, on the first in first out plan, with Toledo the lay over point. Engineer George Dossie and Fireman M. R. Fryminger, Engineer Chas. Christy and Fireman John Bristol, Engineer Chas. Townsend and Fireman Frank Washburn and Engineer Bob Dirlin and Fireman H. J. Seery are to constitute the pool in the order named. Dirlin vacating a run between Peru and Decatur puts Chas. Ernest on 3 and 4; Walter Bickel on 9 and 2; Chas. Boughn on 2 and 1, the latter run between Peru and Montpelier; this run was handled for a number of years by the late Julius Seibold.

RE-ELECTED THE OLD BOARD.

At Philadelphia yesterday the stockholders of the Pennsylvania held their annual election and re-elected all of the old members of the board of directors as follows: Samuel Rea, Henry Tatnall, John H. Greene, Wm. H. Barnes, George Wood, C. Stuart Patterson, Ellingham B. Morris, W. W. Atterbury and Thomas De Witte Guyler, of Philadelphia; J. J. Turner, Edward B. Taylor, D. T. McCabe and G. L. Peck, of Pittsburgh. The directors will choose their officers at a meeting to be held in Philadelphia, the date of which was not announced.

Emmett Harkender, who has been working at the Fort Wayne Foundry and Machine works the last few months, yesterday resumed his old position as a patternmaker at the Bass Foundry and Machine works.

A. B. Houck, patternmaker at the Bass Foundry and Machine works, resumed duty yesterday after a few days' outing at Clear Lake in company with Mrs. Houck. Mr. Houck landed eight fine bass while there.

C. H. & D. CHANGES.

M. V. Hynes, who made occasional visits to Fort Wayne in the capacity of superintendent of the Weston and Delphos division, which included the "Findlay," has been transferred to Indianapolis to succeed B. D. White, resigned. A. A. Jams, trainmaster of the Weston and Delphos division, who has also made frequent visits to Fort Wayne, succeeded Mr. Hynes. Mr. Jams has been succeeded as trainmaster by R. W. Brown, road foreman of engines of the Toledo division. These changes became effective June 1.

WANT BETTER SERVICE TO LAKES.

Fort Wayne business men and others who own cottages at the lakes reached by the New York Central have directed a petition through the medium of Secretary C. L. Biedervolf, of the Commercial club, for an early Saturday afternoon train out of Fort Wayne. As the schedule is now arranged it is impossible to leave the city over the Lake Shore after dinner until 4:45 o'clock, which is considered too late. The proposition is to have the 11:30 a. m. train leave the city at 1:30 p. m.

BEEF FOR THE BELLIGERENTS.

Two freight trains running on passenger schedule passed through Fort Wayne over the Pennsylvania last night, carrying cattle for export. There were forty cars in the first and thirty-eight in the second train and employees from the Armour Packing company accompanied the stock to see that it is fed and watered.

CONDUCTOR DENT VERY SICK.

Bert Baughman, chief engineer of Nickel Plate division No. 537, R. L. E., has called a special meeting of the division for next Monday night, June 7, at 7:30 o'clock at the R. L. E. hall, Cherry and West Main. The object is to arrange for R. L. E. memorial day, which will be observed Sunday, June 12.

CONDUCTOR DENT VERY SICK.

EXTENDS NEWS AGENCY.

The Union News-agency, which has headquarters in this city in the Baker street station of the Pennsylvania, has extended its service over the G. R. & I. beginning yesterday. Agents of the Union News company will now sell papers on all the G. R. & I. trains for the first time in twelve years.

MR. HUNTING HOME TOMORROW

The Fort Wayne Electric works received a message this morning from General Manager F. S. Hunting, stating that he left Denver last night and would arrive here at noon tomorrow. Mr. Hunting has been in the west about five weeks. He is accompanied by Mrs. Hunting and it is presumed she will also come home tomorrow.

YARD ENGINE DERAILED.

The Pennsylvania company wreck crew was called out at 10:30 o'clock Tuesday evening to replace a yard engine that had derailed the rails in the local yards near the round house. Traffic was not interrupted and there was no great damage.

TAKES JOB ON NICKEL PLATE.

W. J. Monteith, formerly a dispatcher on the Grand Rapids and Indiana road, who was released when the force was reduced, has taken employment on the Nickel Plate and is at present serving as a relief operator. He is now temporarily at work at Argos, Ind.

HAS MOVED TO FOSTORIA.

H. B. Stoddard, Nickel Plate switchman, has been transferred to Fostoria, to work in the company's yards. He will move his family there later in the week. They have been residing at 1020 West Main street.

GOING TO ERIE ON BUSINESS.

W. Howard Miller, of the Fort Wayne Electric works, left at noon today for Erie, Pa. The heads of the testing laboratory departments of the General Electric works, has a meeting at Erie and Mr. Miller will represent the Fort Wayne Electric works at it.

Nickel Plate Engineer Gus Long is the papa of a pretty baby boy who arrived at the Long home Sunday.

The happy father is taking a day off to get acquainted with the little fellow.

Supl. W. M. Wardrop and his staff officers, who made a truck inspection trip over the Creighton end of the Western division, are today making a similar trip over the western end of the line.

Nickel Plate Brakeman K. Smith, who was called to Lima several days ago on account of the sickness of a member of his family, reported for work on the road this morning. The patient is recovering.

Walter G. Massey, who was summoned to Watertown, N. Y., ten days ago by news of the death of his mother, returned last night and this morning resumed his duties at the Fort Wayne Electric works.

Lee Larimore, Nickel Plate engineer on one of the preferred runs, is quite sick in his home in Stony Island, Eng.

Island yesterday to bring Mr. Larimore's train down to Fort Wayne.

Engineer Charles F. Merriett, of the Nickel Plate, is off duty on account of his mother being very ill. During Mr. Merriett's absence from duty Engineer J. A. Swartz will handle the throttle on trains 2 and 5 on the Fort Wayne division.

Miss Marie Graner, employed in the small motor winding room of the Fort Wayne Electric works, suffered an attack of appendicitis yesterday and after receiving attention from Dr. Fred Schulz, the company's surgeon, she was sent to her home in an ambulance. She is expected to recover without a surgical operation.

COMMITTEE.

Plows up silver coin.

Farmer Unearths Total of 318 Half-Dollars in Field.

Worthington, Ind., May 31.—Dreyfuss Bonham was plowing on his farm last week near Swift City, when his plow share caught on an old iron coin containing many silver half dollars. Mr. Bonham made a search of the spot and dug up \$150 all in half-dollar pieces. The old coin, the mistle chain and the discolored condition of the money and the date on the coin, some running back to 1854, indicate that the money had been buried many years.

Washington, June 2.—Rear Admiral Moore, at Honolulu, reported today that the sunken submarine, F-4, probably would break under the present methods of lifting, but he will be able to lift the parts. Bad swells with only short intervals of smooth weather are delaying the work. The boat now lies on its starboard side nearly upside down.

Duluth, Minn., June 2.—Two forest fires are reported to be raging in timber northeast of Two Harbors, twenty-eight miles from here. The flames, after burning for two days in the small timber, got beyond control and help has been asked.

FIFTH WARD TO HOLD A MEETING TONIGHT

Flood Prevention Will Be Urged at Wayne Knitting Mills Club.

Flood prevention measures will be urged and the necessity for signing petitions to create a drainage district will be explained at a meeting of Fifth ward property owners that is to be held this evening in the clubhouse at the Wayne Knitting mills. An effort has been made to have a good attendance at the meeting, which will be addressed by Mayor Hovey, City Attorney Colerick, County Attorney Hoffman, Fifth Ward Councilman Robert John and others. All property owners of the western part of the city are urged to attend this meeting and become informed concerning the reason for signing the petitions and to give signatures to them.

Ninth Ward Meeting Postponed.

The meeting scheduled for Ninth ward property owners at Bloomington school Tuesday night was not well attended and the affair was postponed. It will be arranged to be held at a later date upon call of Peter A. Detschel, councilman of the Ninth ward.

Solicitors Are Busy.

C. Byron Hayes, E. P. Thompson and Ben Johnson, who are circulating petitions for signature, are again busy in the big industrial establishments of the city and meeting with success. The petition left at the Lakeside drug store Monday was signed by 109 property owners of that district.

INSPECT CATCH BASINS.

The board of works and the city engineer spent several hours Wednesday inspecting conditions in numerous sewer catch basins in different sections of the city. Conditions are worst in the south side, and on Lafayette street they found a most serious state of affairs. A systematic job of cleaning the catch basins will have to be inaugurated if the sewers are to continue to perform their functions. There are about 2,000 sewer catch basins in Fort Wayne.

RAIN HAS STOPPED WORK.

Work has been stopped practically on all outdoor municipal improvement work. Street paving and sewer digging are at a standstill and will be until conditions of weather are improved.

MAY ERECT FLAGSTAFF.

The board of works has granted to Mary Penrose Wayne chapter, Daughters of the American Revolution, permission to erect a flagstaff on Maudsloe avenue near the Lincoln highway entrance. The chapter will bear the expense. Mrs. J. B. Crankshaw, Mrs. Fred J. Hayden, Mrs. William Dittendorfer and Mrs. Clark W. Fairbank were a committee that waited on the board.

THE BIRTH RECORD.

To Mr. and Mrs. Allen M. Peterson, 1115 Burgess street—a boy.

THE DEATHS.

DUNCAN.

Mrs. Rachel Louvada Duncan, aged 27 years, wife of George Duncan, of 225 West Superior street, died at 2:30 o'clock at the family residence following an extended illness. Besides the husband she is survived by the mother, Mrs. Sarah C. Ferguson, of Huntington, W. Va.

SPITZ.

Michael Spitz, aged 65 years, a resident of this city for nearly sixty years, died Tuesday afternoon at the family home two and one half miles from the city on the Leo road, following an illness of three months due to complications.

Mr. Spitz was born in Wittenberg, Germany, but came to America when he was but four years of age. Besides his wife he is survived by a daughter, Mrs. William Heine. Two grandchildren also survive.

Funeral services Thursday afternoon at 3 o'clock at the residence on the Leo road, Rev. Armin Meyer officiating. Interment at St. John's Lutheran cemetery.

FOREST FIRES RAGING.

Region Near Two Harbors, Minn., Is Appealing for Help.

Duluth, Minn., June 2.—Two forest fires are reported to be raging in timber northeast of Two Harbors, twenty-eight miles from here. The flames, after burning for two days in the small timber, got beyond control and help has been asked.

SUBMARINE MAY BREAK.

Washington, June 2.—Rear Admiral Moore, at Honolulu, reported today that the sunken submarine, F-4, probably would break under the present methods of lifting, but he will be able to lift the parts. Bad swells with only short intervals of smooth weather are delaying the work. The boat now lies on its starboard side nearly upside down.

Now Come the June Undermuslins

Our June Sale of Undermuslins which starts today is the buying event of the season. The assortments are at their best, the goods are of the highest quality and the prices are practically incomparable.

Trousseaux for Brides

Such is the refined character and excellence of the Muslinwear in this sale that the bride selecting her trousseau cannot find finer or more beautiful garments. Daintiness, beauty and styles that are charming, combined with our low prices make this opportunity worth while.

Petticoats

To the quaint styles of the olden days that are now the delight of every fashionable woman we are indebted for the return of the petticoat. Women have wearied of the freakish substitutes and welcome the soft filmy petticoats that are so well in keeping with the frocks of the present moment. The new petticoats are liberal in width and have the new flare effect. The materials are fine muslins and cambrics, some simply trimmed, others elaborately trimmed with fluffy laces and ribbons. The prices range from 50c up to \$5.00.

Night Dres'es

Slip-over, high neck and kimono styles in fine muslin, cambrie, nainsook and crepe, nicely trimmed with laces, embroideries and ribbons. An almost endless assortment to choose from, starting as low as 50c, then 75c, \$1.00, \$1.25 and up to \$5.00.

Combinations.

That is corset cover and drawers, corset cover and petticoats, princess and envelope slips, all a little more liberal in cut than last season—have to be since the frocks are—but luxurious in their softness and beautiful trimming effects. Charming styles priced at 85c, \$1.00, \$1.50 and up to \$3.50.

Silk Underwear.

The height of luxury in underwear, but not necessarily high priced. China silk and crepe de chine night dresses, skirts, corset covers, bloomers and combinations, beautifully made and handsomely trimmed, and considering their beauty, moderately priced.

Corset Covers

In many handsome styles, full front or tight fitting, with and without sleeves. All in soft nainsooks and cambrics, prettily trimmed with delicate laces, embroideries and ribbons. We start the prices at 25c and up easy steps to \$2.00.

Drawers

Fine muslins, cambrics and nainsooks in Marcella, Isabella and umbrella styles, all liberal in cut, made right, perfect fitting and daintily trimmed. Priced from 50c to \$2.00.

QUETLY SLIPS AWAY A MORNING OF MAY

Ida May Miller Just Faded While Her Spouse Slept on Unsuspecting.

That his wife quietly left her home without his knowledge, one May morning—to wit last month—and has since failed to return, is the reason set forth by Frank P. Miller in his complaint to the superior court why he wants a divorce. He says they were married September 7, 1914, and that she deserted him several times without cause, because he had provided her with a good home and treated her well. Then came the final fadeaway last month.

Another Sundered Miller Twin.

Ruth M. Miller brings suit in the superior court for divorce from Oral D. Miller, who is charged with abandonment of the plaintiff and their child aged three years. They were married in May, 1910, and separated May 22, last. She says he was loathsome with disease at the time of their marriage and that one child died. She complains of failure to have reasonable support from the defendant at any time and that since the birth of the living child it has been very poor and that he has not yet paid the

WOULD HAVE MEANT FULL CHECK-MATING

Why Austria-Hungary Rejected Territorial Demands of Italy.

Washington, D. C., June 2.—"Austria-Hungary's reason for rejecting the demands of Italy is said to be her view that it would have resulted in an effective check-mating of both her commercial and her political interests on the Adriatic and the Mediterranean, almost as thoroughly as were her Aegean ambitions destroyed following the successful struggle of the Balkan states with Turkey and the establishment of a Greater Serbia," says a bulletin issued today by the National Geographic society, which discusses the Italian demands as reported from Rome. "These demands, the dual monarchy contended, were planned to give Italy strategic control, naval and commercial, of the Adriatic, and also that their acceptance by Vienna would have struck a vital blow at the monarchy's future."

"As minimum concessions, Italy asked the cession of the province of Trent in the Austrian Tyrol; the cession of eastern Friuli east to Nabsesina; the formation of a state entirely independent of Austria out of the territories, Trieste and Istria; cession to Italy of the dominant islands off the lower Dalmatian coast, Curzola, Lissa, Lesina, Brazza and Maleda; the abandonment of Austrian interests in Albania and Austrian acknowledgment of Italian sovereignty over the Albanian port and great lake, Avlona. These concessions would have changed the status of the Mediterranean from that of an Austro-Italian lake to that of an Italian lake."

"Such parts of the dual monarchy's coast line as Italy would have left in its undisputed possession is a territory that Serbia hopes to get some day in the course of her natural expansion. To meet the minimum demands expressed by Rome, Austria must have surrendered her greatest seaport, Trieste, the New York of southern Europe, together with her principal naval base, Pola, at the apex of Istria, upon whose development the dual monarchy has invested many millions of dollars, and must have abandoned all hope of the strategic value of the Dalmatian coast with the cession to Italy of the large islands that screen it. Deprived of her Adriatic sea coast, her only outlet to free water, Austria-Hungary felt that she would finally sink to the importance of a portless, land-bound Serbia."

"Besides Italy's rivalry with Austria for leadership upon the Mediterranean, 'irredentism' played a strong part in the determination of her demands. 'Irredentism' is the desire of various nations to bring within their boundaries contiguous areas inhabited by the same race speaking the same language and filled with the same ideas. Irredentism is an enthusiasm widely spread in Europe, an enthusiasm that has succeeded in greatly complicating the issues of the present war. Thus, the Germans claim that the Baltic provinces are German, and must be reunited to their fatherland; Roumania, with still more reason, holds Transylvania and Bukovina as 'unredeemed Rumania,' and this prevents her from reaching an understanding with the German powers; Bosnia and Herzegovina are 'unredeemed lands' to Serbia, while Russia sees in Germany's Polish provinces Slavonic lands in Teutonic bondage."

"Italian irredentism affects not only Austria, but also France. The French paid themselves for their valuable aid to Italy's cause of unity on the field of Solferino, by enriching themselves with Savoy and Nice. Thus, Italian ir-

ONE TIME RICH IS NOW WITHOUT FUNDS

Edward Addicks Squandered Millions on Senatorial Races.

New York, June 2.—Friendless, poor and forsaken by the men he lifted from obscurity to wealth and influence, Edward Addicks, former gas magnate, who squandered millions in an effort to become United States senator from Delaware, went to a cell in Ludlow street jail, New York, a few days ago.

The old man, who but a few years ago had a great fortune at his command, was sent to jail in default of a payment of \$15,472, due on a judgment in supplementary proceedings instituted by Hiram M. Burton, a creditor. Justice Greenbaum, of the supreme court, signed the order for the commitment after Ad-

dicks had stated he was unable to satisfy the claim.

Trying to Become a Senator.

The financial and political career of Addicks has all of the color, romance, adventure and vim of a modern novel. There is no more remarkable chapter in the annals of the politics of any state than Addicks' bold attempt, extending over fifteen years, to capture the United States senatorship from Delaware.

Ambition carried him high, and for a long time apparently held him a shining star in the firmament of politics and "high finance." He made men and they destroyed him; he made the weak strong and they used their power to tear down his temple of wealth and influence; he made poor men rich and they used their wealth to undermine his fortune; he gave them shelter in high places and they turned him out, stripped and alone.

Divorced by the supposed friends his money lured in the days of his affluence, Addicks, in the evening of his life, has nothing left but bitter memories.

More than two-thirds of the gold now in use in the world was discovered during the last fifty years.

COULDN'T STAND STENCH.

Order from New Hat Sends Woman to Board of Health.

Indianapolis, June 2.—The city board of health has a knotty problem to solve—one of the most delicate that has been before it in recent years.

A woman called at the office of the board today. She said she had bought a new hat at a downtown store. She noticed, she said, there was a peculiar odor about the hat. She wore the hat out in the rain and when she got home the odor had increased to such an extent she had to put the hat out of doors for the night.

The employees of the board are of the opinion the odor came from the glue or bleaching preparation used on the hat. It has been unable to find, thus far, that there has been any violation of the health laws.

redentism looks to lands and country-men lost to France as well as to Austria. The Trent province of Tyrol was demanded of Austria by the Italians solely on the bases of unredeemed Italian land; this land had been Italy's and it was peopled by Italians who have clung to their mother-tongue. Likewise, the coast-lands around the Gulf of Trieste and around the Istrian peninsula are largely inhabited by Italian-speaking people, though some of this territory has been in Austrian possession for centuries. Below Fiume, the Austrian coast-land is peopled almost exclusively by Slavonic races. Up to Fiume, irredentism, or the movement to deliver fellow-countrymen from the rule of strange peoples, was the main spring of Italian action. Beyond Fiume, political and commercial rivalries dictated the Italian course."

MAYOR SAYS HE'LL QUIT.

Ohio Official, 89, Twenty Years in Office, Has Had Enough.

Bellefontaine, O., June 2.—Joseph Dennis, age eighty-nine, the oldest mayor in the United States, is tired. Twenty years of service as mayor in the village

of Bellecenter, Logan county, is enough, he thinks, and he has decided he will not be a candidate again.

"I am ready to quit the field for some of the younger fellows," said Mr. Dennis.

Bellecenter, a town of 2,000 population, has had Joseph Dennis for its mayor off and on since 1870. The few times he has been beaten it has been by narrow margins. He helped to build the town hall in Bellecenter and dedicated the building when he was mayor twenty-five years ago.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

SEATING SPACE 17.78 INCHES.

New York Carriers Must Allot This Amount to Each Passenger.

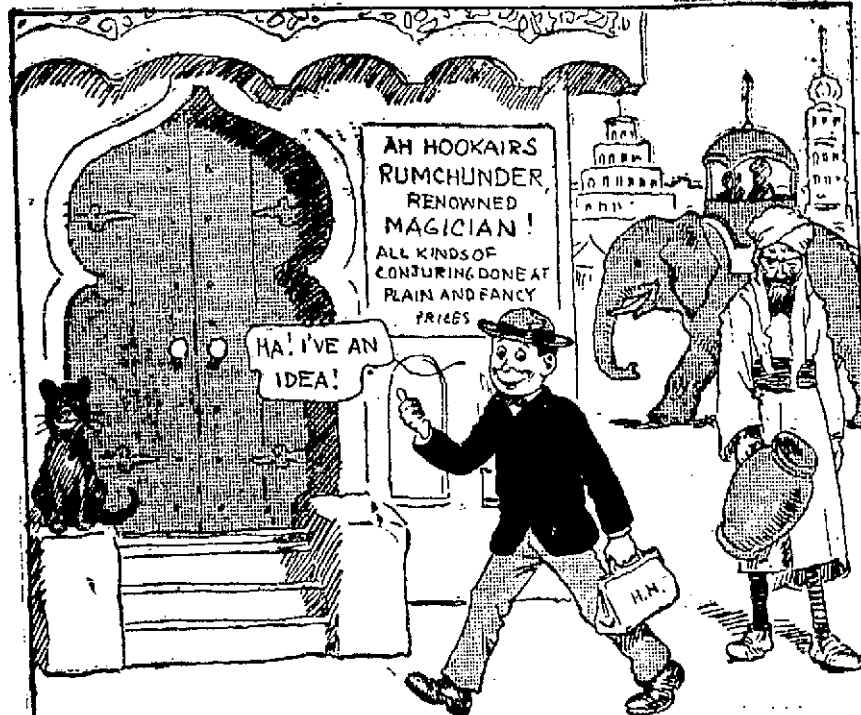

New York, June 2.—The public service commission, after an exhaustive investigation, has adopted a resolution setting forth that every passenger on New York's elevated, subway and surface cars who gets a seat is entitled to 17.78 inches of space. The transportation companies were notified that in future they must allot this much seating space to a passenger.

Before reaching this conclusion the commission conducted 800 experiments to determine how much space a passenger needs.

To Put On Flesh And Increase Weight

A Physician's Advice.
Most thin people eat from four to six pounds of good, solid, fat making food every day, and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all bosh to say that this is the nature of the individual. It isn't nature's way at all.

Thin folks stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that they can be absorbed and deposited in all about the body—something, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building elements known to chemistry. It is absolutely harmless, yet wonderfully effective, and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by Meyer Bros. Drug Co., Oiler Drug Co., D. & N. Pharmacy, and other good druggists everywhere on a positive guarantee of weight increase or money back.

Roger Babson Marvels at the Vast Natural Wealth of Brazil

**Calls It "Land For
Beginning Again"
Government Will
Give 1,745 Acres
of Land to Home-
steaders.**

(By Roger W. Babson, written in Sao Paulo, Brazil.)

Ever since I first touched the shores of Brazil I have been amazed at its vastness, richness and opportunities. All are so great that words fail to properly express my feelings.

Recently, at sea, the preacher read a poem entitled, "The Land for Beginning Again." I was much struck by this poem. Certainly, southern Brazil is a "land for beginning again."

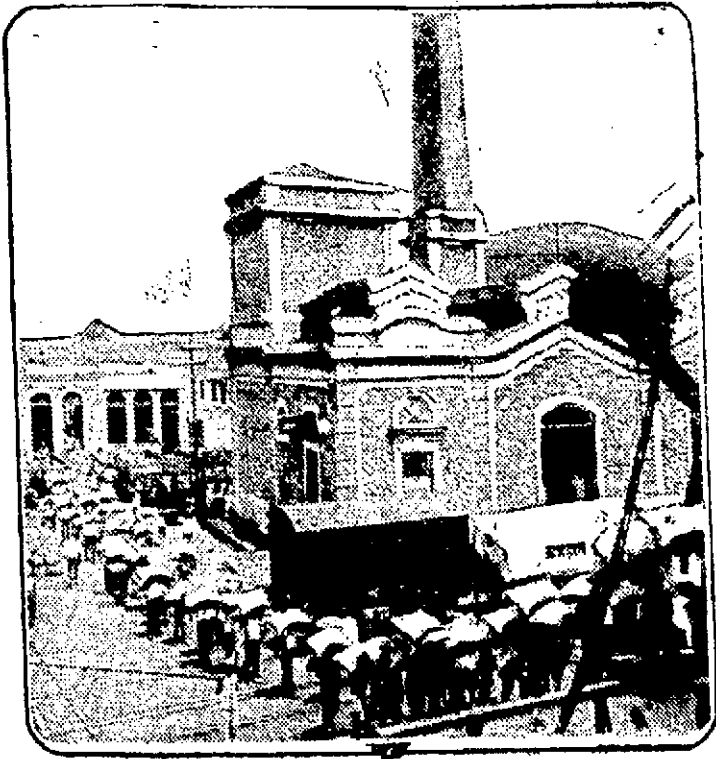

If you feel your life is a failure, and if everyone about you seems to be against you and you wish you could just start all over again, then go to southern Brazil. I do not mean by this that your life will be easy there and that you can get on without working. The southern part of Brazil is a pioneer country, similar to southern California fifty years ago.

There are now no roads, no schools and no monuments in this undeveloped part of South America. You must have trees for your home, dig wells for your water and catch fish or shoot fowl until you have raised your first crop. Moreover, you must have a rifle always at hand to protect yourself and family against the onslaws who roam over all undeveloped land.

But you will be free and healthy. You can be the independent man that you want to be. You can truly begin again.

Of all the world I know of no better place for beginning again than southern Brazil—the southern California of South America.

This section of South America has the finest climate in the world. It is warm enough in summer to raise good crops; while it is not cold enough in winter to require artificial heat. There is a rainy season such as is common in southern California, but there is an abundance of sunshine.

Where our coffee comes from—loading ships at docks of Santos, Brazil.

I use the word "spot" for this section covers but a small portion of South America. Nevertheless, this "spot" is about 600 miles long and 400 miles wide, located on a plateau between 2,000 feet and 3,000 feet above sea level.

This spot which has this beautiful climate is on the east coast of South America and hence bounded by the Atlantic ocean on the east. The little country of Uruguay on the south, Argentine and Paraguay on the west, and the territory lying about Rio de Janeiro on the north. There are six gateways into this country—viz. Santos, Paranaagua, Sao Francisco, Imbituba, Porto Alegre and Rio Grande. From Santos probably came the coffee which you drank this morning.

All of these seaport towns are hot. But if you will go immediately to the railway station, in two hours you can be up in the highlands which begin about sixty miles from the coast.

Once in the high country your troubles will be over. Here the climate is

unsurpassed. At last you have reached the "land for beginning again."

The government of Brazil allows immigrants 225 acres for cultivation and 1,250 for pasture. This costs about two dollars per acre along the railway or about what our early settlers in Ohio paid fifty years ago.

The land is very much of the same character with considerable woods, many streams of water and deep rich soil. There is no doubt in my mind but that this land now obtainable in southern Brazil, at less than five dollars per acre will sell for twenty times this amount in less than fifty years hence.

If one will go further from civilization—over toward Paraguay—just as good land can be purchased for thirty cents per acre.

Not only is the land rich and the woods valuable, but the country abounds in rivers, waterfalls and other natural resources. Even in the present time this section boasts the most manufacturing of any part of South America.

WILL SHOW FATHER SHE CAN MAKE GOOD

**Girl Lawyer Plans to Open
Office for Practice Op-
posite His.**

**SAYINGS OF COL-
LEGE GIRL LAWYER.**

Law and justice too often got confused.

The best way to make good is to do good.

All of us are too fallible to assume to take away another's life.

If murder is wrong for the individual it is just as wrong for society, the aggregate of individuals.

Berkeley, Cal., June 1.—Does the legal profession need women? By all means, thinks Margaret Hayne, the latest recruit to the small but select sisterhood of feminine barristers. Miss Hayne graduated from the University of California in 1908. When she passed the bar examination she lived up to the cherished tradition of her celebrated southern family. Her father, Brewster A. Hayne, was for twelve years city attorney of Berkeley. Her uncle was the late Judge Robert Hayne, of San Mateo county, Cal., and as far back as she can trace her ancestry they have been attorneys.

"Yes, I went into law because I felt that women are needed there," declared Miss Hayne. "I taught school for two years after I graduated, but that was only filling in."

"Justice seems often to be a purchasable thing. With rich men and women having the money to retain high-priced lawyers the poor are very often given the choice of pleading guilty or having some cheap shyster assigned to defend them. There ought to be a public defender, as there is in Los Angeles, but in lieu of this it is up to the reputable lawyers to take up the cases of the poor, as doctors do."

"Of course, I'm not going to be just a charity lawyer. I am going to open an office opposite that of my father's and show him that I can make a good living. I don't see why women cannot make as good lawyers as men."

"I don't expect many men clients at first. Men think it effeminate to be defended by a woman lawyer. But women are in need of advocates before the bar. The legislature just turned down the woman's jury bill, and now it is possible for a woman defendant to be tried

Margaret Hayne.

without another woman in the court room with her. The prosecution may exclude all witnesses, the judge and the jury are men and there are too few women lawyers to represent the women. "Do I believe in capital punishment? No. With the slightest chance for a mistake we should not run the risk of hanging an innocent man. It would be better to let all the guilty live than to hang one innocent man, as they are about to do in Atlanta. If 'legalized murder' is wrong, what can be said of killing in cold blood a man who may be innocent? The human factor of fallibility is too great to permit us to tamper with the most precious thing in life, which is life itself."

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for or before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. LONG AGO HE PAVED WAY FOR GRANT'S ARMY

**Today "Old Jim" Ekes Out
Meagre Living Selling
Daily Papers.**

San Francisco, June 1.—Fifty years ago he was a brilliant army engineer, paving the way for the legions of Grant and Burnside into the heart of the confederacy.

Today he is a little old man selling papers on the street here, eking out of a precarious existence at the age of seventy-six.

That is the story of "Old Jim" Hamilton, San Francisco's oldest news "boy."

"Old Jim" Hamilton.

"I wasn't smart," he explains with his undaunted cheerfulness. "I could have gone high in the army engineering service after the war. I got as much as \$16 a day in my time—earning dollars where I make pennies now. I'm not smart yet."

"But I have this satisfaction: In the army, when lives depended on me, and perhaps the success of the campaign, I did my duty though it meant the constant facing of death. Now I do my simple duty as a newsboy. And sometimes I think there's more comfort and happiness in fulfilling one's trust than in being smart."

The worn letters "Old Jim" carries next his heart tell of a young graduate engineer who joined the colors at Lincoln's call, of rapid rise to chief in charge of the fortifications at Knoxville, Tenn., where he performed what was regarded

as the Herculean feat of keeping Burnside's lines of communication and supply open.

After the war came honors, money and social position. He lapped coal and iron mines in east and west. In Mexico, the Southern Pacific made him chief of operations in extending the Guadalupe system. In Alaska a railroad occupied his time for seven years.

"Those were great days," says "Old Jim." He gave the best there was in him to these big corporations. But as he grew old they discarded him for

younger blood. There is, however, no bitterness, no protest in "Old Jim's" reflections.

"As long as a man keeps his head up, somebody will throw him a plank before he sinks," says the old man. "Faster, sir? Paper?"

SALISBURY'S Pictures of Wild Animal Life in America with Special Lecture by Eminent Naturalist

"The cleanest, clearest and best pictures of birds and animals ever made. They are true to nature."

LUTHER BURBANK, (World's Foremost Scientist.)

"The greatest animal, bird and fish picture I have ever seen."

CY DE VRY, (Zoological Expert, Lincoln Park, Chicago.)

"Imagine the courage of an Indian who would climb a tree and pull a real live lion out by the tail. It sounds unbelievable, doesn't it? But you see it all in the wonderful Salisbury Wild Animal Pictures at the Studebaker theater. These pictures make the blood tingle."—Chicago Tribune.

There are wonderful pictures of bird life in North America. The Mallard Duck is shown from the egg to the swimming stage; as well as the Heron, Cormorant, Buzzard, Wild Goose, Wilson Snipe, Eagle and Coot. And the bird of mystery, the Pelican, is shown in its home in the great Pelican rookeries of America.

You see the life of the trout from the egg to the mature fish, and the methods used in spawning and hatching at the world's largest hatchery. Then you are shown the catching of immense trout on light tackle. Every move is thrown on the screen in beautiful photography.

For the lovers of good dogs there is a thousand feet of quail and pheasant shooting over the champion pointers of the west.

And many beauty spots of nature for years tucked away from the eyes of man are shown in all their grandeur in these wonderful pictures. Magnificent waterfalls, silent snow clad peaks and beautiful forests and streams have been brought thousands of miles to you in photography.

There was pessimism in some quarters over the ambassador's visit because it was pointed out that the American point of view had been explained in detail by Ambassador Gerard in Berlin to high German officials. The ambassador was to talk with the president in the blue room where foreign diplomats are formally received.

Clergymen, business men and educators of Fort Wayne have joined hands in the work, known as Home Visitation. Through this plan all the homes of the largest cities have been visited in a single afternoon.

A printed invitation is left in each home, inviting the people to attend the church, synagogue and Sunday school of their choice, and a record is secured of their church connection or preference. These records are given immediately to the pastor, priest, rabbi or organization preferred, and they follow up their own cards along their own faith and denominational lines.

Plan Is Endorsed.

Local leaders have been very anxious to undertake it in Fort Wayne for some time and have greatly desired to find a time when they could have the assistance of the international superintendent of the work, J. Shreve Durham, of Chicago, and recently learned that he might be secured for a few weeks at this time.

Mr. Durham has been in the city for a few days perfecting the plans and will remain until the work is completed. He met Tuesday morning at 9 o'clock with the Lutheran pastors, when they voted unanimously to co-operate in the work; at 10 o'clock with the members of the Ministerial association when they voted unanimously to go into the movement, and at 2 o'clock Tuesday afternoon with all the Catholic pastors at Bishop Alerding's residence when they voted unanimously to give the plan their co-operation and leadership.

Great Value to the People.

Leaders in the educational, commercial, social and civic life of other cities where this work has been observed write that it is of the greatest value to all people of all classes and faiths, and most beneficial to educational, commercial, social and civic welfare.

The hundreds of visitors are always from the most prominent men and women of a city. They go out to work together, meeting each other and the other thousands of people of the community, becoming better acquainted with one another and with all the conditions that go to make up the life of the city, and they are always better informed as to the needs and more willing to assist all of those in charge of all public interests in their work.

then north to Pearl street and joined his companion.

The police headquarters was notified and Captain Kelly threw out the drag net for suspicious characters.

Number of Yeggs Rounded Up.

Within a few hours a number of strangers were arrested and taken to the station. James Whiteside, Otto Henricks, James Hilbert, George Stoner and James Meis were the names given by one bunch pinched along the Nickel Plate tracks in the west part of the city. Carl Funk and Charles Sturdevant were two others whom the officers arrested. All were continued a week and put under \$100 bond each.

The saloon safe stands in front, where there is a shoe-shining stand and is almost in view from the street.

The saloon was purchased last August by George A. Kuetler, who came here from Marion, Ind. A few weeks ago Kuetler's affairs got into the courts and James E. Goodfellow was appointed receiver for the saloon and took charge. Gus Schnitbels was placed in charge as manager. Kuetler has moved back to Marion and left Fort Wayne Tuesday for that city.

PRESIDENT ISSUES WARNING TO MEXICO

(Continued from Page 1.)

the republic so long in abeyance and set up a government at Mexico City which the great powers of the world can recognize and deal with—a government with whom the program of the revolution will be a business and not merely a platform.

Gives Fair Warning.

"I, therefore, publicly and very solemnly call upon the leaders of factions in Mexico to act together, and to act promptly for the relief and redemption of their prostrate country. I feel it to be my duty to tell them that if they cannot accommodate their differences and unite for this great purpose within a very short time, this government will be constrained to decide what means should be employed by the United States in order to help Mexico save herself and serve her people."

The statement, prepared after yesterday's cabinet meeting was intended for issuance early today but was delayed by some minor changes made in conference by the president and Secretary Bryan.

It was to have been made public at 10 o'clock but was delayed until shortly after noon. While it was being given out at the white house it was being flashed on its way to Consul Silliman at Vera Cruz, the Brazilian minister at Mexico City and Consul Carothers, who will deliver it to the leaders of factions with whom they deal.

White house officials refused to amplify the president's statement, saying that any further steps in his new policy would be announced as they were decided upon.

LYON MEETINGS TO CLOSE NEXT SUNDAY

Evangelistic Campaign at Terre Haute is Nearing an End.

Terre Haute, Ind., June 2.—Dr. Milford H. Lyon will continue the evangelistic services which he has been conducting here for the past few weeks until next Sunday. Great things are expected during the last few days. Up to Tuesday there had been a total of 1,711 persons who had gone forward, thereby signifying their intentions of leading Christian lives in the future.

"Southern theater of war: Further Russian entrenchments situated around Dunkowiczki (near Przemyel) were taken by storm yesterday. After the victory at Stru the allied troops advanced yesterday in the direction of Medvedev.

"In the month of May 662 officers and 288,889 men were taken prisoners in the southeastern theater of the war, while 251 cannon and 576 machine guns were captured. Of these numbers the capturing of 400 officers, including two generals, 163,254 men, 100 cannon, including 28 heavy ones and 403 machine guns, is to the credit of the troops under Gen. Mackensen. Including prisoners taken in the eastern theater of the war as well as those announced yesterday, the total number of Russians who have fallen into the hands of the German allied troops during the month of May amount to about 1,000 officers and more than 300,000 men."

ROUMANIA MAY STRIKE

With Bulgaria Likely to Enter War on Side of Allies.

London, June 2.—Roumania is now occupying the "seat of uneasy neutrality," lately held by Italy. The diplomats of the near east evidently are working hard to bring about an understanding between Bulgaria and Roumania. Rumors are rife that Roumania is mobilizing an army of 1,000,000 men which is said to be in splendid condition for active service. The German press is showing some indications of anxiety over this situation and the Frankfurt Zeitung has called for cessations to prevent Roumanian intervention. Vienna has been informed that Germany, pouring out blood and treasure in the struggle, must be listened to and that Austria-Hungary must be prepared to make certain sacrifices to meet the Roumanian demand.

It is significant in the opinion of British observers that opposition leaders in the Hungarian parliament have demanded and been granted a conference with Emperor Francis Joseph for the statement of opinions which cannot be uttered in parliament itself.

The Russians are reported as being heavily reinforced along the river San, but the official accounts on operations at this point continue to be contradictory; the only fact emerging clearly is that no decisive result yet has been gained by either side. In the western arena of hostilities nothing of importance has been recorded.

FIGHTING THROUGH NIGHT.

French Report Claims Progress for Allies in West.

Paris, June 2.—(2:30 p. m.)—The French war office this afternoon gave out an official report on the progress of hostilities reading: "In the sector to the north of Arras the fighting continued last night. In the 'Labyrinth' to the southeast of Neuville we occupied several trenches and made further prisoners. The total number of prisoners made at this point since Monday night is over 450. At Neuville itself we took possession of a group of houses where we maintained ourselves in spite of several counter attacks.

"On the other parts of this sector, particularly at Lorette, there was artillery fighting yesterday.

"Along the remainder of the front there is nothing to report with the exception of two bombardments of Rheims, and particularly of the cathedral in that city."

GIRL FACES DEATH IN VOLCANO'S PITS

Miss Elizabeth Myers Has Thrilling Experience in Hawaii.

San Francisco, May 28.—Elizabeth Myers, who arrived here recently from Honolulu, found exciting adventures in a thirty-hour vigil amid the volcanic gases and barren rocks of the Kilauea volcano.

Elizabeth Myers.

Her experiences rival some of the most adventurous fiction. Thirty hours without food and water, wandering in the rugged gulches and heated pits of the volcano, would have been enough to terrify most girls, but Miss Myers told of it with a touch of pride.

This girl has been on an extended pleasure trip to the Hawaiian islands. With a party of friends she essayed an automobile trip to Kilauea's crater.

"It was a sick stocking sort of affair," explained Miss Myers, "so I thought I would search around for the interesting and different things on the mountain."

With a native guide the young American girl "gave the slip" to the party and started touring the crater. In the midst of a sudden outpouring of fumes from one of the volcanic vents she and the guide were separated.

"The fumes seemed to bedevil my mind and before I knew it I was absolutely lost," Miss Myers said.

The jagged volcanic formation and the hot pits offered little shelter and after a night and day of searching one of the three rescue parties found the young woman in an exhausted condition.

OFFICERS NAMED BY CEMETERY DIRECTORS

The board of directors of Concordia cemetery met Tuesday evening at St. Paul's Lutheran school hall in regular annual session and elected officers for the coming year. Seventeen members of the board were present and the following officers were named: President, Charles Rodenbeck; secretary, W. F. Sander; treasurer, Henry Dicke; trustees, one from each congregation in the city: St. Paul's, Henry Doenges; Emmanuel, Henry Peck; Zion, J. Reichart; Trinity, H. Hattendorf; Emmaus, Fred Reese; Concordia, F. H. Fuehling, and Redeemer, William Yergues.

Besides the election of officers the financial report for the past year was read, which showed that the cemetery association was in good condition. The newly elected trustees were instructed to beautify the cemetery the coming year and also to set the number stones on the unsold lots.

The meeting Wednesday could very properly be called "doctor's day," for the entire program was made up of doctors. Dr. William O. McBride acted as toastmaster and short talks were given by Dr. Leslie S. Tucker and Dr. B. Van Severingen.

ROTARIANS IN LAST WEEK DAY MEETING

The last week-day meeting and noon-day lunch of the Rotary club until next fall was held Wednesday at the Commercial club. The regular monthly meeting and dinner will be held Monday evening, June 7, at the Hotel Anthony, when there will be a sumptuous "feed" and two speakers from out of the city. This will close the season until fall.

The meeting Wednesday could very properly be called "doctor's day," for the entire program was made up of doctors. Dr. William O. McBride acted as toastmaster and short talks were given by Dr. Leslie S. Tucker and Dr. B. Van Severingen.

HELPFUL HINT.

Friend—You are wasting your time painting pictures, old chap.

Artist—But I sell my pictures.

Friend—That proves what I said. It shows that you could sell anything; so why not take up something with money in it?

Dancing at the Anthony will be discontinued during the summer months.

CITY'S FAITH IN SOUTH'S FUTURE

IS SHOWN BY WAY PAVEMENTS ARE EXTENDED TO SOUTH.

Such Great Extensions Are Not Made in the Other Parts of Fort Wayne.

City's Faith in South's Future.

That the city of Fort Wayne has firm faith in the future of South Wayne is shown by the manner in which the city has extended the pavements to the southward. In no other part of the city have such great extensions of the city pavements been made as have been made in this section.

The Calhoun street pavement has been extended far south by the city as has the pavement on Fairfield avenue. These elaborate preparations for a great increase in population south of the city are being followed up by the city's park board with its arrangements for extensive improvements on Rudisill boulevard. It is evident from this that the city officials are thoroughly convinced that the city is going to grow southward and that they want to be prepared for this growth a sufficient length of time in advance.

As is evident to anyone who is conversant with the city the trend of the population is all to the south. The school board realizes this fact and has prepared for it by planning for a south side high school which will be located just a few blocks north of Lafayette Place. That the advance in population on the south side will be rapid is shown by the manner in which it has increased within the past few years on the south side. Now with the tracks elevated their natural barrier to the growth of the south side is done away with and a greater and more rapid growth of this part of the city can be confidently expected from now on.

TELL WHY THEY BUY LAFAYETTE PLACE LOTS.

"I've talked to a lot of people who know a good deal about real estate and everyone of them has told me that a lot in Lafayette Place at the present prices, is a mighty good investment. That's why I've bought a lot there," declared an enthusiastic purchaser of Lafayette Place lots.

"So many of my friends have bought lots in Lafayette Place and have urged me to do the same before all the lots have been gobbled up, that I've gone ahead and done it. I'm sure I've made a good purchase, too." This was the statement of another man who has bought a Lafayette Place lot.

"I've looked the proposition over thoroughly," says another purchaser, "and there's nothing that looks any better to me than this proposition does."

"The monthly payments are so small that they will not make any difference to me. I don't know where I could put such a small sum of money and get any bigger returns from it than I will get out of it in Lafayette Place," is the declaration made by a young man who has just bought a lot in Lafayette Place for investment.

"I believe in the future of Fort Wayne, consequently I think it's a mighty good buy to purchase a lot lying directly in the path of the city's growth." This was the statement made by a school teacher who has bought a lot in Lafayette Place.

"As I will not be prepared to build a home for four or five years I'm glad to buy a lot in an addition where the improvements are not made immediately. If they were made immediately someone else would be getting the benefit of them while I would be paying for them." A young married man is the individual who made the foregoing statement.

NO SMOKE AND GRIME

At Lafayette Place—The Air is Always Clear at Addition.

There's no smoke or grime at Lafayette Place. The air is always clear and pure in this big addition. That's one of the beauties of a Lafayette Place lot, the soot and the over-present grime of downtown lots is wholly done away with. Consequently the air is more invigorating and more healthful than it is in the city. That's why children will thrive if they are brought up at Lafayette Place.

ON HOLIDAYS

Many Fort Wayne People Visit Lafayette Place.

Sunday and Monday many Fort Wayne people took advantage of the holidays to visit Lafayette Place and see for themselves just how beautiful this splendid addition is. One of the motorists who passed by the addition came to a Lafayette Place agent yesterday and declared that he wished to buy a lot in the big addition.

"I'd been reading a lot about Lafayette Place," said the purchaser, "but I had no idea just how beautiful the spot is and just how exactly it is right in the track of the city's growth. It strikes me that I can't put my money into any better investment than this, so I want to purchase a lot in the wooded section of Lafayette Place immediately."

"It sure is a beauty spot," declared another motorist who passed by Lafayette Place on Monday while leaving the city on an automobile trip over Decoration day. "The manner in which all the lots have been marked out with low fences is especially good as it enables everyone to see just how the land lies."

"Lafayette Place certainly presented a mighty patriotic appearance on Decoration day with all the American flags flying from the lots and from the flag pole," said a lot buyer who was a visitor to the addition on Decoration day. "I don't believe there was any more patriotic appearing spot in the city on Decoration day than Lafayette Place."

"Everyone who went by Lafayette Place Sunday and Monday seemed to take a deep interest in the big addition," said a lot buyer who spent both days on the ground. "Who could help being interested in such a big proposition as this?"

ELKS BAND WILL PLAY

One of the most enjoyable features of Farmers' day at Lafayette Place will be the all-day concert by the Elks' band. This band has been engaged by the Lafayette Place company for all day on Saturday and to the merriment of the joyful occasion.

LAFAYETTE PLACE LOCAL ITEMS

J. B. Mills, the councilman, is making a record in the number of Lafayette Place lots that he has sold.

Lafayette Place has been platted in strict conformity with the requirements of the city ordinances. The members of the board of works and the city engineer and the members of the park board all gave their approval to the plat before it was established. This means that there will not have to be any changes made in the streets in Lafayette Place at any time in the future.

"Since we've had this extra week in which to make preparations for Farmers' day we've been successful in making arrangements which will more than make the affair memorable," said Doc Gilie, who will be chief of staff for the Farmers' day doings at Lafayette Place next Saturday.

Two barrels of lemonade will be distributed free of charge to Lafayette Place visitors next Saturday.

Lafayette Place is one of the biggest additions ever put on in Fort Wayne and it has made a record for the speed of the sales made.

PRICE INCREASE POSTPONED UNTIL JUNE 15

It had been planned to increase the price of each of the unsold lots in Lafayette Place on June 1 to \$25 more than the original price. The date for this increase has now been set at June 15, the postponement being due to the fact that the rainy weather of last week kept many prospective purchasers away from the addition who otherwise would have selected their lots by this time. In order to give everybody an equal chance the Lafayette Place board of strategy has thus decided to maintain the original prices on unsold lots for another two weeks.

TOOK DELIGHT IN PAYING.

Columbus, Ind., June 1.—"I'd just as leave pay that fine as take a drink of water. Judge, I'm glad to pay the fine because I hit him." Thus did Mrs. Johanna Thomas make announcement in the court of E. H. Kinney, justice of the peace here. Charles Lacey, son-in-law of Mrs. Thomas, filed an affidavit charging assault and battery. He said his mother-in-law had struck him with a broom. Mrs. Thomas listened to the court when she heard about the affidavit, pleaded guilty and paid the fine of \$1 and costs, amounting to \$11.

WISELY PUT.

"What is meant by comment is useless," father?" asked Little Rollo, the boy cross-examiner. "It means, son, that you can't think of anything else to say."—Philadelphia Ledger

THE WEATHER.

OFFICIAL FORECASTS.
For Fort Wayne and vicinity: Tonight and Thursday cloudy, with rain; probably clearing Thursday afternoon.
For Indiana and Ohio: Probably rain tonight and Thursday.
For Lower Michigan: Fair tonight and Thursday; expect probably rain east portion.

WEATHER CONDITIONS.

The barometric pressure is high over the Pacific states and the St. Lawrence valley. It is low over the plateau regions of the Rocky mountains, and during the last twenty-four hours the gulf storm has moved northeastward, and is off the Virginia coast this morning. This distribution of pressure has resulted in showers in the mountain states of the west and rain from the east gulf and south Atlantic states northward to the southern border of the lake region, with heavy amounts in localities in Utah, Florida, South Carolina, Virginia and District of Columbia. The weather is cool for the season in the extreme northeast and in the mountain states of the west, but in the central valleys moderate temperatures prevail.

THE MARKETS

CHICAGO GRAIN AND PROVISIONS

Chicago, June 2.—Fresh declines in the price of wheat resulted today in lower cable quotations and from comparatively favorable weather. After opening 1/4c to 1 1/2c down, wheat underwent a little further setback and then scored a moderate upturn.
The close was heavy at 2 1/2c to 3 1/2c under last night.
The opening, which ranged from the same as last night to 1/4c higher, was followed by gains all around.
The close was weak at 1 1/2c to 1 3/4c net decline.
Oats went down grade with wheat.
Provisions eased off in consequence of lower prices for hogs.

BOOSTER CLUB.

DIVER LOUGHMAN IS HERO OF F-4

Tells How He Battled With Death Outside Sunken Submarine.

San Francisco, June 1.—W. H. Loughman, hero of the F-4 disaster, being removed from the transport Sherman upon

his arrival in San Francisco from Honolulu. He was taken to the marine hospital on Mare Island to complete his recovery.

GERANIUMS and PANSIES

Just received a large supply of Geraniums and Pansies, all in bloom; also extra fancy Coleus Plants. Come early while they last.

We also have a few Shrubs of different varieties as Spiraea or Bridal Wreaths, Albicorns, Deutzias, Syringas, Hydrangeas, etc. Plant them now.

Also some extra fancy fruit and shade trees, all fresh from the Nurseries. Roses in all colors, also Clematis, Boston Ivy, etc. Phone 2430 or 63. We deliver. S. BASH & CO.

Loughman told a graphic story of how he battled with death near the ocean's bottom outside Honolulu harbor where the submarine F-4 and her twenty-one entombed men lay.

"I descended about 10 o'clock on the morning of April 17 to the F-4, which was lying at a depth of about 250 feet," he said. "I walked around the submarine to ascertain that the cables were properly attached.

"I could detect nothing wrong with the diver, but some of the seams must have opened under the pressure of that depth. There was no evidence of an explosion.

"When I gave the signal to be hauled up I arose only a few feet when the line became fouled with one of the cables, and I was thrown forcibly against the other cable and badly bruised. The pressure there was terrific, and as the hours passed the agony became intense. I was in constant telephonic communication with the men up above and advised them what had happened and what to do.

"F. W. Crilly, another diver, finally freed my line from the cable, but I was raised only about ten feet at a time, as they feared to reduce the pressure too suddenly. When about seventy feet from the surface I became delirious, but managed to babble that I could stand it no longer and asked to be hauled the remaining distance at once.

"I was still conscious when they drew me to the deck of the dredger, but with the release of the pressure, I was seized with the 'bends,' a painful muscular spasm, and had to be placed in a compressed air tank to relieve my suffering."

Loughman is still unable to walk. He said that the greatest difficulty is being experienced in raising the F-4, owing to the depth. Loughman left San Francisco on the cruiser Maryland with other divers and special apparatus for raising the submarine.

ASSISTS IN RESCUE WORK.

George A. Willard, son of J. A. Willard, 825 Columbia avenue, Fort Wayne, a gunner on the battleship South Carolina, has written a letter to his father telling of the rescuing of two hundred passengers and crew of the Ryndam, when that vessel was rendered helpless in a collision with the Cueno off the Atlantic coast some days ago.

The Standard Bearers society of the First M. E. church holds its regular monthly meeting, Thursday evening at the church. A new Home mission study class will be formed.

FOR POLISHING AUTOMOBILES

THERE IS NOTHING EQUAL TO

JOHNSON'S PREPARED WAX

FOR YEARS Johnson's Prepared Wax has been recognized as the best preparation for polishing floors, woodwork and furniture, but it has just recently come into prominence as an automobile body polish.

JOHNSON'S PREPARED WAX preserves the varnish and forms a protection from the weather—it imparts a hard, dry, high gloss which holds the lustre indefinitely, does not collect dust and

"Sheds water like a duck's back."

After cars have been polished with JOHNSON'S PREPARED WAX it is easy to keep them good looking—dried mud rubs off like dust, leaving the sheen of the Wax unaffected.

JOHNSON'S PREPARED WAX is easy to use—simply apply a light coat and polish immediately with a soft woolen or cheese cloth rag, using long, sweeping strokes.

Garden Hose

The Famous
B.F. Goodrich Hose
Guaranteed by Goodrich, Certified by Seavey's

Garden and Lawn Hose is a very deceptive article to buy. It most all looks alike from the outside. The wear, worth and durability is in the inside materials where you cannot see it. You almost are obliged to buy on reputation of the hose and reliability of the store that sells it. The B. F. Goodrich Rubber Goods is the recognized standard of quality. Seavey's reputation for Guaranteed Hardware is known. Therefore the most wise purchase of hose you can make is to get it here, where you know every claim for it is absolutely backed up by actual service and "money's worth" quality.
